I. Background

The Alabama Medicaid Agency is seeking technical expertise in developing an application package for the Money Follows the Person Rebalancing Grant Demonstration (MFP). The application package includes a Draft Operational Protocol (OP) at its core, with additional key elements required. MFP is an important opportunity for states to address and receive additional Federal support for the activities related to individuals who transition out of institutions, into the community.

The Money Follows the Person Rebalancing Grant Demonstration provides critical tools to address gaps in the availability of community services for individuals with disabilities. The opportunity to serve more individuals in home and community-based settings through MFP can help states implement the integration mandate of the Americans with Disabilities Act (ADA) as required by the Olmstead decision.

Money Follows the Person Rebalancing Grant Demonstration

The MFP Rebalancing Demonstration Program was authorized by Congress in section 6071 of the Deficit Reduction Act of 2005 (DRA) and was designed to assist states to balance their long-term care systems and help Medicaid enrollees transition from institutions to the community. The MFP Demonstration Program reflects a growing consensus that long-term supports must be transformed from being institutionally based and provider-driven to “person-centered” consumer directed and community-based. Congress initially authorized up to \$1.75 billion in federal funds through fiscal year (FY) 2011 to:

1. Increase the use of Home and Community Based Services (HCBS) and reduce the use of institutionally-based services;
2. Eliminate barriers and mechanisms in state law, State Medicaid Plans, or state budgets that prevent or restrict the flexible use of Medicaid funds to enable Medicaid-eligible individuals to receive long-term care in the settings of their choice;
3. Strengthen the ability of Medicaid programs to assure continued provision of HCBS to those individuals who choose to transition from institutions; and,
4. Ensure that procedures are in place to provide quality assurance and continuous quality improvement of HCBS.

Currently, forty three states and the District of Columbia are implementing MFP Demonstration Programs. Section 2403 of the Affordable Care Act (ACA) provides an opportunity for those states that are presently participating in the program to continue building and strengthening their MFP Demonstration Programs and for additional states to participate.

Section 2403 of ACA amended the (DRA) by:

1. Extending the demonstration authority under Section 6071 of the DRA through September 30, 2016, and for each fiscal year (FY) of the extension, FY 2012-2016, authorizes \$450 million in additional DRA appropriations totaling \$2.25 billion. Grant awards made in any appropriation year are available for expenditures in the fiscal year in which the award was received and for four additional fiscal years. After the initial grant award, states may request and receive supplemental grant awards for each fiscal year through FY 2016. As such, MFP grant awards made in FY 2016 would be available to the states for expenditures through FY2020.

The Agency is seeking subject matter technical assistance in its planning efforts to tap the extensive experience and expertise accumulated in this area by various states and organizations and apply that experience to a MFP program in Alabama. Additional consulting services may be needed to accommodate ongoing data and budgetary reporting requirements for the MFP program.

II. Scope of Work

The Money Follows the Person Rebalancing Grant Demonstration (Federal Funding Opportunity Number CMS-1LI-13-001) provides guidance from CMS to states regarding the planning and development of Draft Operational Protocol (OP) for the readiness of meeting the requirements of the Money Follows the Person program.

A. Developing Draft OP objectives includes the following:

1. Increase the use of home and community-based, rather than institutional, long-term care services;
2. Eliminate barriers or mechanisms, whether in the state law, the State Medicaid Plan, the State budget, or otherwise, that prevent or restrict the flexible use of Medicaid funds to enable Medicaid-eligible individuals to receive support for appropriate and necessary long-term services in the settings of their choice;
3. Develop existing stakeholder partnerships to determine key roles for the design, implementation and operation of the program;
4. Increase the ability of the State Medicaid program to assure continued provision of home and community-based long-term care services to eligible individuals who choose to transition from an institution to a community setting;
5. Ensure that procedures are in place to provide quality assurance for eligible individuals receiving Medicaid home and community-based long-term care services and to provide for continuous quality improvement in such services;
6. The following elements must be included in the Draft OP:
 - Organization and Administration
 - Benchmarks
 - Participant recruitment and enrollment
 - Informed consent and guardianship
 - Outreach/marketing/education
 - Stakeholder involvement
 - Benefits and services
 - Consumer supports
 - Self-direction
 - Quality
 - Housing
 - Continuity of care post-transition
 - Budget (MS Excel)

B. Planning Period: The planning period will begin in May 2012 and will last for 12 months.

C. Deliverables: The Agency expects the following deliverables as a result of the planning activities:

1. Draft Operational Protocol (OP) which will be the core section of the State's application package for the Money Follows the Person Rebalancing Grant Demonstration program.
2. Application package that both addresses the key demonstration objectives outlined in the Funding Opportunity CMS-1LI-13-001, and provides detailed description of the proposed demonstration project.

III. Pricing

Vendor's response should specify a firm and fixed price for completion of each deliverable of this RFP. The firm and fixed price should be entered on Appendix B Pricing Form. Vendor's response should also specify an hourly rate for the ongoing data and budgetary reporting task activities for each staff classification proposed. The hourly rate is all inclusive of expenses related to each person's responsibilities. Travel and other expenses will not be reimbursed separately.

If the proposal does not contain a firm and fixed price for each deliverable and hourly rates quoted by staff classification for the ongoing data and budgetary reporting task activities, the proposal will not be considered to meet submission requirements. Invoicing will be allowed on a monthly basis.

V. General

This document outlines the qualifications which must be met in order for an entity to serve as Contractor. It is imperative that potential Contractors describe, **in detail**, how they intend to approach the Scope of Work specified in Section II of the RFP. The ability to perform these services must be carefully documented, even if the Contractor has been or is currently under contract with a Medicaid Program. Proposals will be evaluated based on the written information that is presented in the response. This requirement underscores the importance and the necessity of providing in-depth information in the proposal with all supporting documentation necessary.

The Vendor must demonstrate in the proposal experience working with Long Term Care Rebalancing and associated tasks. Preference will be given to respondents with thorough working knowledge of the Money Follows the Person Rebalancing Demonstration Program and CMS guidelines for quality measurement and reporting requirements.

Entities that are currently excluded under federal and/or state laws from participation in Medicare/Medicaid or any State's health care programs are prohibited from submitting bids.

VI. Corporate Background and References

Entities submitting proposals must meet the following qualifications and requirements:

1. Senior Consultants and/or Principals assigned to this contract must meet the following qualifications:
 - a. At least 5 years experience working with Medicaid or other publicly funded projects.
 - b. At least 3 years direct experience working with federal oversight agencies such as CMS in the area of operational protocol development;
 - c. Direct experience working with the Money Follows the Person program;
2. Entities submitting proposals must provide:

3. Have all necessary business licenses, registrations and professional certifications at the time of the contracting to be able to do business in Alabama. Alabama law provides that a foreign corporation (an out-of-state company/firm) may not transact business in the state of Alabama until it obtains a Certificate of Authority from the Secretary of State, Section 10-2B-15.01, et seq., Code of Alabama 1975. To obtain forms for a Certificate of Authority, contact the Secretary of State, Corporations Division, (334) 242-5324, www.sos.state.al.us. The Certificate of Authority or a letter/form showing application has been made for a Certificate of Authority must be submitted with the bid.
4. Comply with Code of Alabama (1975), § 31-13-9 which provides that as a condition for the award of any contract, grant, or incentive by the state, any political subdivision thereof, or any state-funded entity to a business entity or employer that employs one or more employees, the business entity or employer will not knowingly employ, hire for employment, or continue to employ an unauthorized alien. Business Entity must also attach an affidavit form and documentation establishing that Business Entity is enrolled in the E-Verify Program. Business Entity must further agree that, should it employ or contract with any subcontractor(s) in connection with the performance of the services pursuant to this contract, that the Business Entity will secure from such subcontractor(s) verification of compliance with Code of Alabama (1975) § 31-13-9 in an affidavit and further obtain documentation that subcontractor is enrolled in the E-Verify program prior to performing any work on the project. Business

The State reserves the right to use any information or additional references deemed necessary to establish the ability of the Vendor to perform the conditions of the contract.

VII. Submission Requirements

A. Authority

This RFP is issued under the authority of Section 41-16-72 of the Alabama Code and 45 CFR 74.40 through 74.48. The RFP process is a procurement option allowing the award to be based on stated evaluation criteria. The RFP states the relative importance of all evaluation criteria. No other evaluation criteria, other than as outlined in the RFP, will be used.

In accordance with 45 CFR 74.43, the State encourages free and open competition among Vendors. Whenever possible, the State will design specifications, proposal requests, and conditions to accomplish this objective, consistent with the necessity to satisfy the State's need to procure technically sound, cost-effective services and supplies.

B. Single Point of Contact

From the date this RFP is issued until a Vendor is selected and the selection is announced by the Project Director, all communication must be directed to the Project Director in charge of this solicitation. **Vendors or their representatives must not communicate with any State staff or officials regarding this procurement with the exception of the Project Director.** Any unauthorized contact may disqualify the Vendor from further consideration. Contact information for the single point of contact is as follows:

<i>Project Director:</i>	Ginger Wettingfeld
	Deputy Director, Long Term Care Division
<i>Address:</i>	Alabama Medicaid Agency
	Lurleen B. Wallace Bldg.

C. RFP Documentation

All documents and updates to the RFP including, but not limited to, the actual RFP, questions and answers, addenda, etc, will be posted to the Agency's website at www.medicaid.alabama.gov.

D. Questions Regarding the RFP

Vendors with questions requiring clarification or interpretation of any section within this RFP must submit questions and receive formal, written replies from the State. Each question must be submitted to the Project Director via email. Questions and answers will be posted on the website as available.

E. Acceptance of Standard Terms and Conditions

Vendor must submit a statement stating that the Vendor has an understanding of and will comply with the terms and conditions as set out in this RFP. Additions or exceptions to the standard terms and conditions are not allowed.

F. Adherence to Specifications and Requirements

Vendor must submit a statement stating that the Vendor has an understanding of and will comply with the specifications and requirements described in this RFP.

G. Order of Precedence

In the event of inconsistencies or contradictions between language contained in the RFP and a Vendor's response, the language contained in the RFP will prevail. Should the State issue addenda to the original RFP, then said addenda, being more recently issued, would prevail against both the original RFP and the Vendor's proposal in the event of an inconsistency, ambiguity, or conflict.

H. Vendor's Signature

The proposal must be accompanied by the RFP Cover Sheet signed in ink by an individual authorized to legally bind the Vendor. The Vendor's signature on a proposal in response to this RFP guarantees that the offer has been established without collusion and without effort to preclude the State from obtaining the best possible supply or service. Proof of authority of the person signing the RFP response must be furnished upon request.

I. Offer in Effect for 90 Days

A proposal may not be modified, withdrawn or canceled by the Vendor for a 90-day period following the deadline for proposal submission as defined in the Schedule of Events, or receipt of best and final offer, if required, and Vendor so agrees in submitting the proposal.

J. State Not Responsible for Preparation Costs

The costs for developing and delivering responses to this RFP and any subsequent presentations of the proposal as requested by the State are entirely the responsibility of the Vendor. The State is not liable for any expense incurred by the Vendor in the preparation and presentation of their proposal or any other costs incurred by the Vendor prior to execution of a contract.

K. State's Rights Reserved

While the State has every intention to award a contract as a result of this RFP, issuance of the RFP in no way constitutes a commitment by the State to award and execute a contract. Upon a determination such actions would be in its best interest, the State, in its sole discretion, reserves the right to:

- Cancel or terminate this RFP;

- Reject any or all of the proposals submitted in response to this RFP;
- Change its decision with respect to the selection and to select another proposal;
- Waive any minor irregularity in an otherwise valid proposal which would not jeopardize the overall program and to award a contract on the basis of such a waiver (minor irregularities are those which will not have a significant adverse effect on overall project cost or performance);
- Negotiate with any Vendor whose proposal is within the competitive range with respect to technical plan and cost;
- Adopt to its use all, or any part, of a Vendor's proposal and to use any idea or all ideas presented in a proposal;
- Amend the RFP (amendments to the RFP will be made by written addendum issued by the State and will be posted on the RFP website);
- Not award any contract.

L. Price

Vendors must respond to this RFP by utilizing Appendix B Pricing Form to indicate the firm and fixed price to complete the scope of work specified in the contract.

M. Submission of Proposals

Proposals must be sealed and labeled on the outside of the package to clearly indicate that they are in response to 2012-MFP Planning-01. Proposals must be sent to the attention of the Project Director and received at the Agency as specified in the Schedule of Events. It is the responsibility of the Vendor to ensure receipt of the Proposal by the deadline specified in the Schedule of Events.

N. Copies Required

Vendors must submit one original Proposal with original signatures in ink, three (3) additional hard copies in binder form, plus one electronic (Word format) copy of the Proposal on CD, jump drive, or disc clearly labeled with the Vendor name. Vender must identify the original hard copy clearly on the outside of the proposal.

O. Late Proposals

Regardless of cause, late proposals will not be accepted and will automatically be disqualified from further consideration. It shall be the Vendor's sole risk to assure delivery at the Agency by the designated deadline. Late proposals will not be opened and may be returned to the Vendor at the expense of the Vendor or destroyed if requested.

VIII. Evaluation and Selection Process

A. Initial Classification of Proposals as Responsive or Non-responsive

All proposals will initially be classified as either "responsive" or "non-responsive." Proposals may be found non-responsive at any time during the evaluation process or contract negotiation if any of the required information is not provided; or the proposal is not within the plans and

specifications described and required in the RFP. If a proposal is found to be non-responsive, it will not be considered further.

Proposals failing to demonstrate that the Vendor meets the mandatory requirements listed in Appendix A will be deemed non-responsive and not considered further in the evaluation process (and thereby rejected).

B. Determination of Responsibility

The Project Director will determine whether a Vendor has met the standards of responsibility. In determining responsibility, the Project Director may consider factors such as, but not limited to, the vendor's specialized expertise, ability to perform the work, experience and past performance. Such a determination may be made at any time during the evaluation process and through contract negotiation if information surfaces that would result in a determination of non-responsibility. If a Vendor is found non-responsible, a written determination will be made a part of the procurement file and mailed to the affected Vendor.

C. Opportunity for Additional Information

The State reserves the right to contact any Vendor submitting a proposal for the purpose of clarifying issues in that Vendor's proposal. Vendors should clearly designate in their proposal a point-of-contact for questions or issues that arise in the State's review of a Vendor's proposal.

D. Scoring

The Evaluation Committee will score the proposals using the scoring system shown in the table below. The highest score that can be awarded to any proposal is 100 points.

Evaluation Factor	Highest Possible Score
Vendor Profile and Experience	40
Scope of Work	40
Price	20
Total	100

H. Contract a Public Record

Upon signing of this contract by all parties, the terms of the contract become available to the public pursuant to Alabama law. Contractor agrees to allow public access to all documents, papers, letters, or other materials subject to the current Alabama law on disclosure. It is

Medicaid may, at its option, declare default and notify Contractor in writing that performance under the contract is terminated and proceed to seek appropriate relief from Contractor.

J. Termination for Default

Medicaid may, by written notice, terminate performance under the contract, in whole or in part, for failure of Contractor to perform any of the contract provisions. In the event Contractor defaults in the performance of any of Contractor's material duties and obligations, written notice shall be given to Contractor specifying default. Contractor shall have 10 calendar days, or such additional time as agreed to in writing by Medicaid, after the mailing of such notice to cure any default. In the event Contractor does not cure a default within 10 calendar days, or such additional time allowed by Medicaid, Medicaid may, at its option, notify Contractor in writing that performance under the contract is terminated and proceed to seek appropriate relief from Contractor.

K. Termination for Unavailability of Funds

Performance by the State of Alabama of any of its obligations under the contract is subject to and contingent upon the availability of state and federal monies lawfully applicable for such purposes. If Medicaid, in its sole discretion, deems at any time during the term of the contract that monies lawfully applicable to this agreement shall not be available for the remainder of the term, Medicaid shall promptly notify Contractor to that effect, whereupon the obligations of the parties hereto shall end as of the date of the receipt of such notice and the contract shall at such time be cancelled without penalty to Medicaid, State or Federal Government.

L. Termination for Convenience

Medicaid may terminate performance of work under the Contract in whole or in part whenever, for any reason, Medicaid, in its sole discretion determines that such termination is in the best interest of the State. In the event that Medicaid elects to terminate the contract pursuant to this provision, it shall so notify the Contractor by certified or registered mail, return receipt requested. The termination shall be effective as of the date specified in the notice. In such event, Contractor will be entitled only to payment for all work satisfactorily completed and for reasonable, documented costs incurred in good faith for work in progress. The Contractor will not be entitled to payment for uncompleted work, or for anticipated profit, unabsorbed overhead, or any other costs.

M. Force Majeure

Contractor shall be excused from performance hereunder for any period Contractor is prevented from performing any services pursuant hereto in whole or in part as a result of an act of God, war, civil disturbance, epidemic, or court order; such nonperformance shall not be a ground for termination for default.

N. Nondiscriminatory Compliance

**Instructions for Certification Regarding Debarment, Suspension,
Ineligibility and Voluntary Exclusion**

(Derived from Appendix B to 45 CFR Part 76--Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions)

1. By signing and submitting this contract, the prospective lower tier participant is providing the certification set out therein.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this contract was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Alabama Medicaid Agency (the Agency) may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the Agency if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, and voluntarily excluded, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this contract is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this contract that, should the contract be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this contract that it will include this certification clause without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other

remedies available to the Federal Government, the Agency may pursue available remedies, including suspension and/or debarment.
