

Medicare Savings Programs in Alabama - March 2016

Alabama has three different programs for low income individuals or couples who qualify for Medicare. The services you get depend on how much income you have. These programs pay Medicare premiums, and in some cases, Medicare deductibles and coinsurance.

To be eligible for the Medicare Savings Programs, you must:

- * Be eligible for Medicare Part A (Hospital Insurance),
- * Be living in Alabama,
- * Be a U.S. citizen, or
- * Be in satisfactory immigration status (You must provide proof of immigrant status),
- * Have a monthly income below a certain limit.

Medicare Savings Programs:

1. The Qualified Medicare Beneficiary (QMB) Program.

Under the QMB Program, Medicaid:

- * Pays the Medicare Part B premium, which is \$121.80 per month,
- * Covers the Medicare deductible, which is \$1,288 for the hospital and \$166 for doctor and medical visits, when you use a provider who accepts Medicaid,
- * Pays the Medicare Part A premium when certain conditions are met. (If you do not have free Part A, you must apply for Conditional Part A at the local Social Security Office between the months of January and March **or** the month before, after, or of your 65th birthday. Once the Social Security Office establishes your Part A entitlement, they will notify Medicaid to start paying your Part A premium. If you should receive a bill that states “you must pay the amount due or your Medicare will terminate”, you will need to call (334) 242-5257 or (334) 242-5268, and
- * Makes agreements with providers who accept Medicaid so you won't have to pay the Medicare coinsurance, which is the 20 percent that you normally pay after Medicare pays its part.

QMB coverage starts the month after you have been approved by Medicaid. You will receive a Medicaid card for the QMB Program. Give this card to your doctor or hospital when you go in for a visit. Make sure your doctor or hospital takes Medicaid.
