**Medicaid Changes:**

All Medicaid services **beginning with dates of service January 1, 2011**, and thereafter, must be billed according to the following policy. Medicaid's new requirements mirror Medicare's as closely as possible.

Revenue Codes	Condition Codes	Procedure Code	Description
821	71	90999	Hemodialysis, limited to 156 units per year.
831, 841, 851		90945	Dialysis procedure other than hemodialysis.
831, 841, 851	73, 74	90993	Dialysis training, patient, including helper. Limited to 12 per lifetime.
634, <10,000 635, >or = 10,000		Q4081*	Injection epogen
636		J0882*	Darbopoetin alfa, injection
636		Injectable Codes	See Alabama Medicaid Injectable Drug Listing in appendix H for covered injectable drugs.

**\*EPO and Aranasp Monitoring Policy:**

Medicaid is requiring providers include the GS modifier, the ED modifier, or the EE modifiers in mirroring Medicare's policy, refer to Chapter 8 of the Medicare Claims Processing Manual for further definition. These modifiers will be considered 'informational only' when billed to Medicaid and no reductions in payment will be made for straight Medicaid claims. Medicaid expects the provider to adhere to the strict definitions defined below:

GS	Dosage of EPO or Darbopoetin Alfa has been reduced and maintained in response to hematocrit or hemoglobin level.
ED	The hematocrit level has exceeded 39.0% (or hemoglobin level has exceeded 13.0g/dL) 3 or more consecutive billing cycles immediately prior to and including the current billing cycle
EE	The hematocrit level has exceeded 39.0% (or hemoglobin level has exceeded 13.0g/dL) less than 3 consecutive billing cycles immediately prior to and including the current billing cycle.

Providers may contact Jerri Jackson, RN, BSN, at 334-242-5630 or e-mail at [jerri.jackson@medicaid.alabama.gov](mailto:jerri.jackson@medicaid.alabama.gov) if you have any questions.

## Attention: Psychologists

### RE: Upcoming Changes to Chapter 34 of the Provider Manual

During the past year, a workgroup consisting of Alabama Medicaid Agency staff and representatives from the Alabama Psychological Association has collaborated to identify changes that enable the agency to maintain a basic package of services while preserving the health care safety net for our most vulnerable citizens.

As a result of this ongoing effort, the following changes will be implemented **effective April 1, 2011**:

- **A 52 unit annual maximum limit (including any claims with a date of service beginning January 1, 2011) will be imposed for any combination of the following codes:**
  - Individual therapy codes 90804, 90806, 90810, 90812, 90816, 90818, 90823 and 90826.
  - Group therapy codes 90846, 90847, 90849 and 90853.
- **Individual and group codes listed above are subject to a limit of one (1) unit per week (effective date of service April 1, 2011 and thereafter).** However, providers may bill one individual and one group code within the same week **or** on the same date of service. Both units will count towards the the 52 unit annual maximum limit.
- To request an override to the **maximum weekly limit**, submit documentation of medical necessity **and** the exceptional circumstance (e.g. how the recipient is an imminent danger to self or others and/or is at risk for hospitalization or decompensation) along with the original CMS-1500 claim form (with the red drop out ink), related progress note(s) and cover letter to the following address:

**Mental Health Program Director

#### When billing for testing, please note the following:

- The date of service billed must be the date the test was given.
- Providers may bill for testing, scoring, interpretation and report writing in 30-minute increments. However, it is only necessary to document the time spent in face-to-face service delivery.
- Billing should reflect the **total** time for face-to-face administration, scoring, interpretation and report writing.
- The test(s) given on the date of service billed must be documented in the treatment note for post payment review purposes.

Providers with questions should contact Karen Smith via phone at 334-353-4945 or by e-mail at: [karen.watkins-smith@medicaid.alabama.gov](mailto:karen.watkins-smith@medicaid.alabama.gov)

**RE: Preferred Drug List Update**

**Effective April 1, 2011**, the Alabama Medicaid Agency will update the Preferred Drug List (PDL) to reflect the recent Pharmacy and Therapeutics (P&T) Committee's recommendations as well as quarterly updates. The updates are listed below:

PDL Additions	PDL Deletions*
<b>Dulera</b> -Respiratory/Inhaled Corticosteroids	<b>Daytrana</b> -Behavioral Health/Cerebral Stimulants for ADD/ADHD-Long Acting
<b>Ritalin SR</b> -Behavioral Health/Cerebral Stimulants/Agents for ADD/ADHD-Short and Intermediate Acting	<b>Dexedrine</b> -Behavioral Health/Cerebral Stimulants for ADD/ADHD-Short and Intermediate Acting
	<b>Pataday</b> -EENT Preparations/Antiallergic Agents
	<b>Patanase</b> - EENT Preparations/Antiallergic Agents
	<b>Patanol</b> - EENT Preparations/Antiallergic Agents

\* Denotes that these brands will no longer be preferred but are still covered by Alabama Medicaid and will require Prior Authorization (PA). Available covered generic equivalents (unless otherwise specified) will remain preferred.

For additional PDL and coverage information, visit our drug look-up site at <http://aldrug.rxexplorer.com/>.

The PA request form and criteria booklet, as well as a link for a PA request form that can be completed and submitted electronically online, can be found on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) and should be utilized by the prescribing physician or the dispensing pharmacy when requesting a PA. Providers requesting PAs by mail or fax should send requests to:

**Health Information Designs (HID)  
Medicaid Pharmacy Administrative Services  
P. O. Box 3210 Auburn, AL 36832-3210  
Fax: 1-800-748-0116  
Phone: 1-800-748-0130**

Incomplete PA requests or those failing to meet Medicaid criteria will be denied. If the prescribing physician believes medical justification should be considered, the physician must document this on the form or submit a written letter of medical justification along with the prior authorization form to HID. Additional information may be requested. Staff physicians will review this information.

Policy questions concerning this provider notice should be directed to the Pharmacy Program at (334) 242-5050. Questions regarding prior authorization procedures should be directed to the HID help desk at 1-800-748-0130.

## Attention: All Providers

### RE: National Correct Coding Initiatives (NCCI) Edits Appeals Process

Effective November 9, 2010, Medicaid introduced the NCCI edits into the Medicaid claims processing system. These edits were set as "informational" edits. On March 23, 2011, these edits were set to deny for any services that do not meet the NCCI edit criteria and were furnished on or after October 1, 2010.

The use of applicable modifiers will be critical in successful implementation of the NCCI procedure to procedure edits. Once a claim or line item on the claim has been denied for an NCCI procedure to procedure edit, then the claim cannot be adjusted by the provider. If a claim is denied for an NCCI Medically Unlikely Edit (MUE), the provider can resubmit the claim with the correct units as long as the units are equal to or lesser than the NCCI MUE edit allows. If the units are more than the NCCI MUE edit allows, then an appeal must be requested.

NCCI procedure to procedure edits are coding edits, and are based on coding principles. The Medicaid NCCI Coding is available on the CMS NCCI website at [http://www.cms.gov/MedicaidNCCICoding/01\\_Overview.asp#TopOfPage](http://www.cms.gov/MedicaidNCCICoding/01_Overview.asp#TopOfPage)

If the NCCI edit responsible for an NCCI denial has a modifier indicator of "0", an appeal can **NEVER** overturn the denial. These claims are final and no appeal is applicable except for an administrative law judge who can determine that the denied column two code should be paid. These instances will be rare.

If the NCCI edit responsible for an NCCI denial has a modifier indicator of "1" or is for an MUE, an appeal can be submitted.

All NCCI denials begin with an error code "59nn". To validate a claim denied for an NCCI error code, download the remittance advice from the web-portal which contains the Medicaid specific error codes.

Individual claim denials may be appealed at three levels. The levels, listed in order, are:

1. Redetermination Request
2. Administrative Review
3. Fair Hearing

If all appeals have been exhausted and the claim denies, the provider cannot collect from either the recipient or his/her sponsor or family. This denial is a provider liability.

### First Level of Appeal: Redetermination Request

The Alabama Medicaid Agency contracts with a fiscal agent (HP Enterprise Services {HPES}) to process and pay all claims submitted by providers of medical care, services, and equipment authorized under the Alabama Title XIX State Plan. HPES will also be responsible for the redeterminations, which is the first level of appeals and adjudication functions.

A *redetermination* is an examination of a claim and operative notes/medical justification by HPES personnel. The provider has 60 days from the date of receipt of the initial claim determination to request a redetermination. The provider must complete the attached HP Enterprise Services Request for NCCI Redetermination Review form. The request for a redetermination must include:

- Completed NCCI Redetermination Review form
- Corrected Paper Claim for the procedure codes that denied
- Operative Notes/Medical Justification

Send the request for redetermination review along with all supporting documentation to:

HP Enterprise Services  
Request for NCCI Redetermination  
PO Box 244032  
Montgomery, AL 36124-4034

HPES will normally issue a decision via the remittance advice within 90 days of receipt of the redetermination request. The ICN region for the redetermination request will begin with '91'. For example: 9111082123456.

## **Second Level of Appeal: Administrative Review**

When the redetermination request results in a denial by HPES, the provider may request an *administrative review* of the claim. A written request for administrative review **must be received by the Alabama Medicaid Agency within 60 days of the date of the redetermination denial from HPES**.

To request an Administrative Review, the provider must complete the attached Alabama Medicaid Form 403 - Request for National Correct Coding Initiative (NCCI) Administrative Review. The request should clearly explain why you disagree with the redetermination denial.

The request for an administrative review must include:

- Completed Form 403 - Request for National Correct Coding Initiative (NCCI) Administrative Review
- Correct Paper Claim for the procedure codes that denied
- Copy of previous request for redetermination correspondence sent to HPES
- Copies of all relevant remittances advices or HPES' redetermination denial notification
- Copy of any other useful documentation

Send the request for administrative review along with all supporting documentation to:

NCCI Administrative Review  
Alabama Medicaid Agency  
Attn: System Support Unit  
501 Dexter Avenue  
P. O. Box 5624  
Montgomery, AL 36103-5624

Documentation that is submitted after the Administrative Review request has been filed may result in an extension of the time required to complete the review. Further, any documentation noted in the redetermination as missing and any other evidence relevant to the appeal must be submitted prior to the issuance of the Administrative Review decision. Documentation not submitted at the Administrative Review level may be excluded from consideration at subsequent levels of appeal unless you show good cause for submitting the documentation late.

This information will be reviewed and a written reply will be sent to the provider within 60 days.

## **Third Level of Appeal: Fair Hearing**

When the administrative review does not resolve the issue, the provider has the option to request a fair hearing. A written request must be received within 60 days of the date of the administrative review decision. The request must identify any new or supplemental documentation. Send the written request for a fair hearing to:

Alabama Medicaid Agency  
Attn: Office of General Counsel  
501 Dexter Avenue  
P. O. Box 5624  
Montgomery, AL 36103-5624

If you have further questions, contact the Provider Assistant Center at 1-800-688-7989 or (334) 215-0111.

**RE: Natural Disaster PA Requirements for PET, CT, MRI, and MRA**

During times of natural disasters, health care providers and patients in affected areas often must overcome challenging circumstances to furnish or obtain health care services. To assist patients and providers in areas affected by recent tornadoes, the Alabama Medicaid Agency will grant an exemption to prior authorization requests for PET scans, CT scans, MRIs and MRAs for two weeks, effective May 2, 2011. The exemption is only for recipients and requesting providers from one of the counties designated by the federal government as a disaster area.

In order for the claim to be paid, providers will need to submit a prior authorization request to MedSolutions as usual. If a provider has received a denial for a request started after May 2, 2011, please contact MedSolutions at 888-693-3211. Any other questions should be directed to Toni Hopgood at 334-353-4724 or [toni.hopgood@medicaid.alabama.gov](mailto:toni.hopgood@medicaid.alabama.gov)

## Attention: All Outpatient Hospital Providers

Effective for dates of service October 1, 2010, and thereafter, outpatient observation CPT codes 99218 through 99220 have been replaced with HCPCS Level II procedure code G0378. The policy is revised as written below:

### Outpatient Observation

Outpatient observation is a covered service billable only by a hospital provider enrolled in the Medicaid program.

Outpatient observation is the medically necessary extended outpatient care provided to a patient whose condition warrants additional observation before a decision is made about admission to the hospital or prolonged patient care. Outpatient observation is limited to 23 hours or less.

Outpatient observation is considered an outpatient visit and will be counted in the yearly outpatient visit benefit unless documented as a certified emergency by the attending physician at the time of service.

An observation unit is an area designated by the hospital in which patient beds are set aside to provide any medically necessary extended outpatient care to a patient whose condition requires additional observation. These beds may be located in various parts of the hospital depending on the type of extended care needed for the patient. The following guidelines apply:

- Patient must be admitted through the emergency room.
- A physician's order is required for admission and discharge from the observation unit.
- A physician must have personal contact with the patient at least once during the observation stay.
- A registered nurse or an employee under his/her direct supervision must monitor patients in the observation unit.
- Medical records must contain appropriate documentation of the actual time a patient is in the observation unit as well as the services provided.
- A recipient must be in the observation unit at least three hours, but no more than 23 hours.

Outpatient observation charges must be billed in conjunction with the appropriate facility fee (99281 – 99285).

Observation coverage is billable in hourly increments only. A recipient must receive observation services a minimum of 30 minutes before the observation charge can be billed. Observation charges are billed as follows:

- For the first three hours of observation the provider should bill a facility fee (99281 - 99285) with units of one.
- Procedure code G0378 should be used to bill the 4<sup>th</sup> through 23<sup>rd</sup> hour for the evaluation and management of a patient in outpatient observation.

Procedure Code G0378 must be billed with a facility fee (99281-99285). The facility fee is billed with units of one and covers the first three hours.

Ancillary charges (lab work, x-ray, etc.) may be billed with the facility fee and observation charge.

If the observation spans midnight and the recipient is discharged from the observation unit the following day, the provider should bill all observation charges using the date of admission to the observation unit on the claim form.

If a recipient is admitted to the hospital from outpatient observation before midnight of the day the services were rendered at the same hospital, all observation charges must be combined and billed with the inpatient charges. The provider should indicate the date of admission to the inpatient hospital as the admission date on the claim form for inpatient services.

Outpatient observation charges cannot be billed in conjunction with outpatient surgery.

Medical records will be reviewed retrospectively by Medicaid to ensure compliance with the above-stated guidelines and criteria.

If there are any questions contact Jerri Jackson by telephone at 334-242-5630 or by e-mail at [jerri.jackson@medicaid.alabama.gov](mailto:jerri.jackson@medicaid.alabama.gov).

### RE: Medical and Quality Review Services Contractor

The Agency's current contractor, the Alabama Quality Assurance Foundation (AQAF) will stop receiving and reviewing prior authorization requests, hospice and nursing home records effective June 1, 2011. Effective June 1, 2011, the following procedures apply:

#### For Hospice, Nursing Home, PEC and Swing bed records:

Effective June 1, 2011, these records should be mailed to the Alabama Medicaid Agency:

LTC Medical and Quality Review Unit, Room 3014  
501 Dexter Avenue  
P.O. Box 5624  
Montgomery, Alabama 36103-5624

Hospice status change and LTC request for action forms should be faxed to (334) 353-4909.

For inquiries about records or forms received on or after June 1, 2011, please call:

Dodie Teel (334) 242-5149, Cheryl Cardwell (334) 242-5578, or Theresa Carlos (334) 353-3711.

**NOTE:** Due to the storms of April 27, 2011, the June retrospective audit for nursing home admissions, re-admissions and transfers will not be done. The Agency reserves the right to request these records at a later date, per Administrative Code Rule No. 560-X-1-.21. Provider Medicaid Records Inspection/Audit.

#### For Prior Authorizations:

- The process for submitting PA requests to HP remains the same. The Agency will review requests received on or after June 1, 2011.
- For inquiries about PAs received into the system on or after June 1, 2011, please call:
  - Transportation: Brenda Fincher (334) 242-5455
  - Eyecare: Kathy Hardwick (334) 353-5017
  - All other PAs: Dodie Teel (334) 242-5149, Sheila McDaniel (334) 242-2366 or Theresa Carlos (334) 353-3711.

Please allow at least 30 calendar days for all reviews above. During this transition phase, the Agency requests the cooperation of providers *to limit phone calls* to Agency staff, unless absolutely necessary, to allow staff to complete reviews timely.

The status of PA requests may be accessed using AVRS (1-800-727-7848), or the Provider Web Portal, using the link below:

## **Attention: Nursing Homes, ICF-MR, Hospice, PEC, Swing Bed, DME and Physicians Providers**

### **RE: Medical and Quality Review Services Contractor**

The Alabama Medicaid Agency's new medical and quality review services contractor, Qualis Health, will begin reviews of prior authorization (PA) requests, and hospice, nursing home, ICF-MR, PEC and swing bed records on July 1, 2011. **Qualis will NOT review pharmacy, dental or radiology PAs.**

Qualis will review PA requests with Julian dates of 6/16/2011 and after. For inquiries regarding PAs submitted on June 16, 2011 or later, providers may contact Qualis at (888) 213-7576. The fax number is (888) 213-8548.

### **For Hospice, Nursing Home, ICF-MR, PEC and Swing Bed Records:**

Effective July 1, 2011, these records **MUST** be mailed to HP, the Alabama Medicaid Agency's fiscal agent, along with a cover sheet, found on the website at:

[http://medicaid.alabama.gov/CONTENT/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.3\\_LTC\\_Forms.aspx](http://medicaid.alabama.gov/CONTENT/5.0_Resources/5.4_Forms_Library/5.4.3_LTC_Forms.aspx).

The HP address is found on each cover sheet.

These records will be scanned into the system by HP so that staff from the Agency and contractor can review them electronically. Please note that the cover sheet **MUST** be used to ensure that the record is added to the correct site electronically.

ICF-MR providers should use the "LTC records" cover sheet.

For hospice records, continue to include the Form 165A, along with the HP cover sheet.

Hospice recipient status change (Form 165B) and LTC request for action (Form 161B) forms should be faxed to Qualis at (888) 213-8548 effective July 1, 2011.

### **For Prior Authorizations:**

The process for submitting PA requests to HP remains the same. The Agency will review requests received through June 15, 2011.

For inquiries about PAs received into the system through June 15, 2011, please call:

Transportation: Brenda Fincher (334) 242-5455

Eyecare: Kathy Hardwick (334) 353-5017

All other PAs: Dodie Teel (334) 242-5148, Sheila McDaniel (334) 242-2366 or Theresa Carlos (334) 353-3711.

For inquiries about PAs received on or after June 16, 2011, providers should call Qualis at (888) 213-7576.

Effective July 1, 2011, providers may enter the PA number to this webpage to notify Qualis staff when a denied PA is ready for reconsideration. <http://www.qualishealth.org/healthcare-professionals/alabama-medicaid/provider-resources>. Please submit the documents for reconsideration, along with the denial letter to HP, before submitting the PA number to Qualis.

The status of PA requests may also be accessed using:

AVRS (1-800-727-7848)

The Provider web portal, using the link

<https://www.medicaid.alabamaservices.org/ALPortal/Account/Secure%20Site/tabId/65/Default.aspx>

**RE: New Award for Central Source Contractor for Eyeglasses**

The Alabama Medicaid Agency awarded a new contract through an Invitation To Bid process to Steven Baker, Inc., D/B/A Korrek Optical as the Central Source Contractor for Eyeglasses. The effective date of the contract is July 1, 2011. Korrek Optical will begin accepting eyeglass orders on Tuesday, September 6, 2011. Further ordering instructions will be forwarded in the near future. Korrek Optical's Customer Service number is 1-800-624-4225.

The Alabama Medicaid Provider Manual, Chapter 15 will be updated in the October, 2011 edition to include prices and approved frames. The Manual will include changes made in the Eye Care Program regarding eyeglasses, such as previous stand-alone codes will now become add-on codes. Previously, stand-alone lens codes could not be billed with other lens. With add-on codes, the lens code and the applicable add-on code may both be billed on the same date of service. The changes will provide the Agency with improved utilization data. Eye Care providers may continue to order or fabricate eyeglasses as in the past and at the new contracted allowed amounts. Please refer to the Alabama Medicaid Provider Manual, Chapter 15 for the Eye Care Program policies.

The new contracted allowed amounts for eyeglasses will become effective August 1, 2011 and the changes are summarized in the following paragraphs. The new allowed amounts for lens, add-on codes, prior authorization codes, and frame codes are listed on the following page.

The Alabama Medicaid Agency is appreciative of your contributions and efforts as a Medicaid Eye Care Provider. If you have any questions, you may contact Mary Timmerman, RN, CPC at [mary.timmerman@medicaid.alabama.gov](mailto:mary.timmerman@medicaid.alabama.gov) or at (334) 242-5014.

**RE: Synagis® Criteria for 2011 – 2012 Season**

The Alabama Medicaid Agency has updated its prior authorization criteria for the Synagis® 2011-2012 season. Below are some highlights for the season. Complete criteria can be found on the website at the following link:

[http://medicaid.alabama.gov/CONTENT/4.0\\_Programs/4.5.0\\_Pharmacy/4.5.14\\_Synagis.aspx](http://medicaid.alabama.gov/CONTENT/4.0_Programs/4.5.0_Pharmacy/4.5.14_Synagis.aspx)

- The approval time frame for Synagis® will begin October 1, 2011 and will be effective through March 31, 2012.
- Up to five doses will be allowed per recipient in this timeframe. Some recipients may only receive up to a max of 3 doses, depending on the gestational and chronological age.
- There are no circumstances that will result in approval of a sixth dose.
- If a dose was administered in an inpatient setting, the date the dose was administered must be included on the request form.
- For approval of requests, the recipient must meet gestational and chronological age requirements. In order to meet chronological age requirements, the recipient must not exceed the specified age at the start of the RSV season.
- Prescribers, not the pharmacy, manufacturer or any other third party entity, are to submit requests for Synagis® on a separate prior authorization form (Form 351) **directly** to Health Information Designs and completed forms may be accepted beginning September 1, 2011 (for an October 1 effective date).
- Stamped or copied physician signatures will not be accepted and will be returned to the provider.
- A copy of the hospital discharge summary from birth or documentation of the first office visit with pertinent information (gestational age, diagnosis, etc.) is required on all Synagis® PA requests.
- If approved, each subsequent monthly dose will require submission of the recipient's current weight and last injection date and may be faxed to HID by the prescribing physician or dispensing pharmacy utilizing the original PA approval letter.
- Letters will be faxed to both the prescriber and the dispensing pharmacy notating approval or denial.

### Criteria

Alabama Medicaid follows the 2009 updated American Academy of Pediatrics (AAP) guidelines regarding Synagis® utilization. Additional questions regarding Synagis® criteria can be directed to the Agency's Prior Authorization contractor, Health Information Designs at 1-800-748-0130.

## Attention: All Providers

RE: Pharmacy Changes for October 2011

**Effective October 3, 2011**, the Alabama Medicaid Agency will require prior authorization (PA) of all antipsychotic medications utilizing the electronic PA process. The PA process will affect all recipients (children and adults) as well as all antipsychotics (brand and generic, first and second generation). The PA criteria for this drug class can be found on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov).

Claims not approved through the electronic PA process at the pharmacy point of sale will require a manual PA form to be submitted; prescribers will receive automatic fax notification if additional medical justification is required.

**Effective October 1, 2011**, the Alabama Medicaid Agency will:

1. Limit the number of brand name prescriptions to four per month per recipient. There will not be a limit on the number of covered generic or over-the-counter prescriptions a recipient may receive. This limitation does not apply to children under the age of 21 or to recipients living in nursing facilities. In certain drug classes, allowances are allowed in the event of an adverse or allergic reaction, or failure to respond. Medicaid will also continue to allow for prescriptions to exceed the four brand limit for anti-psychotic and anti-retroviral medications; however, there will be no instance where the limit may exceed ten brand name drugs per month per recipient. Providers with questions concerning the prescription limitation should contact:

Alabama Medicaid Agency  
Pharmacy Services Division  
P.O. Box 5624  
Montgomery, Alabama 36103-5624  
(334) 242-5050

2. No longer require prior authorization (PA) for payment of generic pantoprazole (Protonix). Brand name Protonix will continue to require prior authorization.

For additional PDL and coverage information, visit our drug look-up site which can be accessed using the following link:

[http://medicaid.alabama.gov/CONTENT/4.0\\_Programs/4.5\\_Pharmacy\\_Services.aspx](http://medicaid.alabama.gov/CONTENT/4.0_Programs/4.5_Pharmacy_Services.aspx)

The PA request form and criteria booklet, as well as a link for a PA request form that can be completed and submitted electronically online, can be found on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) and should be utilized by the prescribing physician or the dispensing pharmacy when requesting a PA. Providers requesting PAs by mail or fax should send requests to:

**Health Information Designs (HID)**  
**Medicaid Pharmacy Administrative Services**  
P. O. Box 3210 Auburn, AL 36832-3210  
Fax: 1-800-748-0116  
Phone: 1-800-748-0130

Incomplete PA requests or those failing to meet Medicaid criteria will be denied. If the prescribing physician believes medical justification should be considered, the physician must document this on the form or submit a written letter of medical justification along with the prior authorization form to HID. Additional information may be requested. Staff physicians will review this information.

## **Attention: Prosthetic, Orthotic & Pedorthic (POP) Providers**

### **RE: Newly Covered Code for the Prosthetic, Orthotic & Pedorthic Program**

Effective immediately, Medicaid has approved Procedure Code L5972 (Flexible Keel Foot) as a newly covered code for the Prosthetic, Orthotic, & Pedorthic Program.

Procedure Code L5972 must be provided by a licensed prosthetic, orthotic and/or pedorthic practitioner in the State of Alabama practicing at an accredited facility. The provider must obtain a written prescription, must keep the prescription on file, and must have supporting documentation that the device is medically necessary.

Medicaid pays for basic level prosthetic, orthotic, and pedorthic devices for ages 21-65.

For questions or concerns regarding the POP Program, please contact Felicha Fisher at (334) 353-5153.

### RE: Institutional Review Record Request

Effective December 1, 2011, Qualis Health, Medicaid's medical and quality review services contractor, will begin faxing requests for medical records to conduct retrospective reviews. In the past, a certified letter requesting medical records for the review process was mailed to the facilities. The new process requires faxing the request to the facility's designated staff.

Example of faxes that might be received:

- **First Fax Notification** –Acknowledgment of Fax Receipt. Confirmation is complete after printing name and signing signature. Mail medical records to HP for record review
- **Second Fax Notification**-Acknowledgment of Fax Receipt. Confirmation is complete after printing name and signing signature. Mail medical records to HP for record review
- **Final Fax Notification**- Mail medical records to HP for record review
- **Letter of Imposition** - Mail medical records to HP for record review

The process for **mailing** medical records will remain the same.

Please mail records with the HP LTC Records coversheet to:

HP Enterprise Services

P.O. Box 244032

Montgomery, AL 36124-4032

## **Attention: IUDs and Implants: Changes to Contraceptive Coverage**

**RE: To: All Pharmacies, Physicians, Maternity Care Primary Contractors, FQHCs, RHCs, and Health Departments**

The Alabama Medicaid Agency is making important changes regarding the coverage of intrauterine devices (IUDs) and implantable contraceptive devices. Effective January 1, 2012, these devices will be reimbursed only when billed on a medical claim. Pharmacies will no longer be able to bill for these devices for a specific patient and ship to the provider for insertion/implantation. Example devices include Mirena<sup>®</sup>, Paragard<sup>®</sup>, Implanon<sup>®</sup>, etc.

Questions regarding this change can be sent to [Nancy.Headley@medicaid.alabama.gov](mailto:Nancy.Headley@medicaid.alabama.gov) or by calling 334-242-5684.

**RE: Preferred Drug List (PDL) Update**

**Effective January 3, 2012**, the Alabama Medicaid Agency will update the Preferred Drug List (PDL) to reflect the recent Pharmacy and Therapeutics (P&T) Committee's recommendations as well as quarterly updates. The updates are listed below:

PDL Additions	PDL Deletions*	
None	<b>Azasite</b>	EENT Preparations/Antibacterials
	<b>Nasacort AQ</b>	EENT Preparations/Intranasal Corticosteroids
	<b>Neosporin</b>	EENT Preparations/Antibacterials
	<b>Poly-pred</b>	EENT Preparations/Antibacterials

\* Denotes that these brands will no longer be preferred but are still covered by Alabama Medicaid and will require Prior Authorization (PA). Available covered generic equivalents (unless otherwise specified) will remain preferred.

## To: Outpatient Hospitals, Physicians, and Independent Laboratories

### RE: Policy on Qualitative Drug Screening

Effective beginning dates of service January 1, 2012, and thereafter, Medicaid will adopt the following policy on qualitative drug screening:

The following drug screens will be limited to one specimen every seven days per recipient, per provider (providers within a group are considered a single provider), and may not be billed in any combination: 80100, 80101, 80102, and 80104.

Example: A test that is done on Wednesday cannot be done again until the following Wednesday.

A qualitative drug screen is used to detect the presence of a drug in the body. A blood or urine sample may be used; however urine is the best specimen for broad qualitative screening, as blood is relatively insensitive for many common drugs, including psychotropic agents, opioids, and stimulants. Detection of a drug or its metabolite(s) in urine is evidence of prior use. It does not, by itself, indicate that the drug remains in the blood.

Current methods of drug analysis include chromatography, immunoassay, chemical ("spot") tests, and spectrometry. Analysis is comparative, matching the properties or behavior of a substance with that of a valid reference compound (a laboratory must possess a valid reference agent for every substance that it identifies). Drugs or classes of drugs are commonly assayed by qualitative screen followed by confirmation with a second method.

**Note:** Medicaid will only reimburse one screen (whether the specimen is blood or urine) per recipient, per provider, per seven-day period.

**Note:** A recipient cannot be billed for panels within the specimen.

Drugs or classes of drugs that are commonly assayed by qualitative screen, followed by confirmation with a second method, include the following:

- Alcohols
- Amphetamines
- Barbiturates
- Benzodiazepines
- Cocaine and Metabolites
- Methadones
- Methaqualones
- Opiates
- Phencyclidines
- Phenothiazines
- Propoxyphenes
- Tetrahydrocannabinoids
- Tricyclic Antidepressants

## Policy on Qualitative Drug Screening

### CPT Codes

The following CPT codes are applicable for services under the qualitative drug screening policy (maximum unit limitation per recipient, per provider, per seven-day week):

- 80100-Drug screen, qualitative; multiple drug classes, each procedure-1 unit per specimen
- 80101-Single drug class, each drug class-1 unit per specimen
- 80102-Drug confirmation, each procedure-1 unit per specimen
- 80104-Drug screen, qualitative; multiple drug classes other than chromatographic method-1 unit per specimen

**Note:** Use the appropriate chemistry code (82000 – 84999) for quantitation of drugs screened, and the appropriate therapeutic drug assay code (80150 – 80299) for therapeutic drug levels.

### Drug Screening Test Frequency

Medicaid allows payment of a screening test frequency of once per every seven-day period.

### Coverage Criteria

Medicaid will cover medically necessary qualitative drug screens as follows:

1. Suspected drug overdose, **and** one or more of the following conditions:
  - Unexplained coma;
  - Unexplained altered mental status;
  - Severe or unexplained cardiovascular instability (cardiotoxicity);
  - Unexplained metabolic or respiratory acidosis;
  - Unexplained head trauma with neurological signs and symptoms; and/or,
  - Seizures with an undetermined history.
2. Beneficiary presents with clinical signs/symptoms of substance abuse.
3. High risk pregnancy **only** when the documented patient history demonstrates that the procedure is medically necessary. Medicaid does **not** consider a qualitative drug screen as a **routine** component of assessment.
4. EPSDT services **only** when the documented patient history demonstrates that the procedure is medically necessary. Medicaid does **not** consider a qualitative drug screen as a **routine** component of assessment.

### Exclusions

Medicaid will **not** cover qualitative drug screens for the following:

- To screen for the same drug with both a blood and a urine specimen simultaneously.
- For medicolegal purposes, including those listed under ICD-9 code V70.4. (Blood-alcohol tests, paternity testing and blood-drug tests).
- For employment purposes (i.e., as a pre-requisite for employment or as a means for continuation of employment).
- For active treatment of substance abuse, including monitoring for compliance.
- As a component of routine physical/medical examination, including those for subpopulations listed under ICD-9 code V70.5. (Armed forces personnel, Inhabitants of institutions, Occupational health examinations, Pre-employment screening, preschool children, Prisoners, Prostitutes, Refugees, School children and Students).
- As a component of medical examination for administrative purposes, including those listed under ICD-9 code V70.3. (General medical examination for: admission to old age home, adoption, camp, driving license, immigration and naturalization, insurance certification, marriage, prison, school admission and sports competition).

### Prior Approval

Prior approval will not be required for qualitative drug screens.

## Policy on Qualitative Drug Screening

### Documentation Requirements

The **ordering/referring** provider must retain documentation supporting medical necessity in the medical record. Documentation must include the medical necessity for performing the screen. All tests must be ordered in writing, and all drugs/drug classes to be screened must be indicated in the order. A copy of the lab results must be retained in the medical record.

If the **provider rendering the service** is other than the ordering/referring provider, the provider rendering the service must maintain hard copy documentation of the ordering/referring provider's order for the test and the lab results. The order must include clinical indication/medical necessity in addition to all drugs/drug classes to be screened.

Documentation must be legible and available for review upon request.

## **Attention: Medicaid Certified Nursing Facilities**

### **RE: Revision to Nursing Facility Admission Criteria**

The Alabama Medicaid Agency has updated Rule No. 560-X-10-.10 to consolidate all activities of daily living (ADLs) under one criterion for initial nursing facility admission. This means that multiple items under (k) on Form 161 will only count as one criterion.

Admission to a certified nursing facility still requires that the patient meet two or more criteria listed on Form 161 (a-k). As a result, an individual who meets one or more ADL deficits under (k) must also meet an additional criterion from the list (a-j). All applications for admission to a nursing facility must include supporting documentation.

Two exceptions are noted:

- Criterion (a) and criterion (k)-7 are the same as they both involve medication administration. Only one may be used. Therefore, if an individual meets criterion (a), criterion (k)-7 may not be used as the second qualifying criterion.
- Criterion (g) and criterion (k)-9 are the same as they both involve direction by a registered nurse. Only one may be used. Therefore, if an individual meets criterion (g), criterion (k)-9 may not be used as the second qualifying criterion.

Form 161 is available on the Alabama Medicaid Agency website, or you can click the link below:

[http://medicaid.alabama.gov/documents/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.3\\_LTC\\_Services/5.4.3\\_LTC\\_Admission\\_&\\_Evaluation\\_Data\\_Form161\\_Revised\\_1-30-12.pdf](http://medicaid.alabama.gov/documents/5.0_Resources/5.4_Forms_Library/5.4.3_LTC_Services/5.4.3_LTC_Admission_&_Evaluation_Data_Form161_Revised_1-30-12.pdf).

### RE: Updated Alabama interChange System Vendor Interface Specifications Document

The Alabama interChange System Vendor Interface Specifications Document intended for Software Vendors to use when developing applications to interact with the Alabama Medicaid Interactive Website has been updated.

The major change made to this process is the addition of a required field that must be submitted within the XML request in support of the dual processing of 4010 and 5010 transactions:

- **cde\_industry** – Identifies the HIPAA version. Please see Appendix A within the document for the value that must be submitted for both 4010 and 5010 transactions.

We are requesting Providers and Vendors send an email to [alabamaictesting@hp.com](mailto:alabamaictesting@hp.com) by February 15<sup>th</sup> and provide the following information if you are a trading partner that utilizes this submission method.

1. Trading Partner Name and ID.
2. Software Used.
3. Time it will take to make this change and have it ready for testing.

The document has been posted to the Alabama Medicaid website at the following link:

## Attention: All Providers Except Pharmacy

### RE: 5010 Implementation Issues

**Detail DOS (Date of Service) on Outpatient claims** – deny for edit 264, From DTL DOS missing. The situation under which this information is to be billed changed for 5010. Any claim denied for error 264 should be resubmitted. Medicaid has set error 264 as informational meaning the edit will continue to post, but the claim will pay instead of deny.

**Medicare paid amount** - In 5010, the Medicare allowed amount will no longer be submitted on the 837I or 837P X12 crossover claims. Instead, this amount will be calculated as a sum of the Medicare paid amount and all applicable claim adjustment amounts (coinsurance, copayment, deductible, blood deductible, psychiatric, and late filing). We are addressing an issue related to how this amount is being calculated. Once it has been corrected, providers will be notified and you may resubmit your crossover claims.

**2310C – Service Facility Location** - 837P X12 files are currently rejecting for a HIPAA compliance error when the 2310C, Service Facility Location NM1 or REF information is not submitted. This compliance edit has been inactivated until a final determination can be made as to when this information is required for claim adjudication. If the service facility information is not submitted, but is needed to accurately adjudicate the claim, the claim will deny. Any files rejected for this error can now be resubmitted.

**Medicare Crossover Claims (COBC – Medicare’s clearing house)** - Effective Monday, March 12, 2012, the Medicare clearing house will begin transmission of 5010-formatted claims to Alabama Medicaid. There will be a “payment floor clearing” or transition period from March 12, 2012 to March 26, 2012. For details of this transition period see the *MNL Matters® Number SE1137 Revised* on the CMS website at <http://www.cms.gov/MLN MattersArticles/Downloads/SE1137.pdf>.

As a result, Medicaid providers should be aware of the following:

- 1) 4010 claims submitted before March 12, 2012, will come to Alabama Medicaid as 4010 claims with no conversion by COBC.
- 2) Due to the conversion performed by COBC, all situational data fields will be removed which may cause the claim to deny. If you get a denial for your claim during this time, which you feel is in error, resubmit the original claim directly to Medicaid via PES or Web Portal. **This applies to 4010 claims submitted on or after March 12, 2012, and to 5010 claims submitted before March 12, 2012.**

Examples of errors that may occur:

- NDCs missing for procedure codes that require them for processing –deny for edit 4277, NDC requires procedure code
  - Taxonomy missing – deny for edits 1945/1946, Multiple SVC locations for billing provider.
- 3) **5010 claims submitted on or after March 12, 2012, will come to Alabama Medicaid as 5010 claims with no conversion by COBC.**

## **ATTENTION: Hospice Providers**

### **RE: Face-to-Face Communication Requirement for the Hospice Program**

With passage of the Affordable Care Act in March 2010, Congress required hospice physicians or hospice nurse practitioners to have a face-to-face encounter with Medicare hospice patients prior to the 180<sup>th</sup> day recertification and every recertification thereafter, and to attest that the encounter occurred. This new face-to-face encounter requirement became effective for Medicare on January 1, 2011.

The Alabama Medicaid Agency will not require the ***Face-to-Face Communication*** for Medicaid hospice recipients. However, if a face-to-face visit has been performed for a Medicaid-only hospice recipient, Alabama Medicaid highly recommends that any documentation pertaining to the face-to-face visit be submitted to the Agency or its designee with the complete medical record. Submission of this information may provide important supporting documentation to validate the terminal status of the Medicaid hospice recipient and may also expedite review of the hospice record.

Therefore, although not a requirement, hospice providers are strongly encouraged to submit face-to-face documentation, if available.

For questions or concerns regarding the ***Face-to-Face Communication*** for the Hospice Program, please contact Felicha Fisher at (334) 353-5153.

### **RE: Implantable Contraceptive Capsules**

Effective December 31, 2011, two CPT® codes (11975 and 11977) for reporting removal and insertion of implantable contraceptive capsules (e.g., Implanon, Nexplanon) were deleted.

As a result, Medicaid providers should use the following codes:

**1 To bill insertion of a non-biodegradable drug delivery implant for contraception, use:**

- 11981 – Insertion, non-biodegradable drug delivery implant
- This replaces deleted code 11975: Insertion, implantable contraceptive capsules

**2 To bill removal of implantable contraceptive capsules with subsequent insertion of non-biodegradable drug delivery implant, use:**

- 11976 – Removal, implantable contraceptive capsules
- 11981 – Insertion, non-biodegradable drug delivery implant
- These codes replace deleted code 11977: Removal with reinsertion, implantable contraceptive capsules

If a provider is enrolled with the Alabama Medicaid Plan First program, the – FP modifier must be appended to family planning service claims.

Refer to Medicaid Provider Manual Appendix C: Family Planning for additional details; the CPT code changes will be reflected in the April quarterly update.

## **Attention: Nursing Home Providers**

**RE: Estate Recovery Reviews**

Health Management Systems (HMS) has been contracted by Alabama Medicaid to perform estate recovery services. These services are for the recovery of medical assistance payments from the estates of certain deceased Medicaid recipients and/or their spouses who previously received nursing home care paid for by Medicaid. Nursing home providers may soon be receiving letters or a questionnaire from HMS requesting information in order to recover the costs of Medicaid services, when it is appropriate. HMS is working as an authorized agent for the Alabama Medicaid Agency and security agreements are in place for a provider to be able to release recipient and sponsor information to HMS.

Providers are asked to complete requests from HMS within two weeks of receipt of the notice. Questionnaires must be completely filled out with all requested documentation and faxed to (855) 809-3983 or mailed to HMS, The Alabama Medicaid Estate Recovery Contractor, P. O. Box 166709, Irving, TX 75016-6709. Any questions about any letter or questionnaire should be referred to HMS at (855) 543-8395. Any questions that need to be directed to the Agency regarding the estate recovery services being performed by HMS can be directed to Keith Thompson at (334) 242-5248.

## Attention: All Medicaid Dental Providers

**RE: Dental Service Code Changes**

**Effective:** January 1, 2012, the following changes were made to the Dental Program:

1. Non-emergency oral examinations (D0150, D0120) are limited to two per calendar year whether it is a comprehensive oral examination and one periodic oral examination or two periodic oral examinations in a 12-month period.
2. For procedure D1351, teeth to be sealed must be free of caries and restorations. The surface sealed must be noted on the dental claim form. Reimbursement for restorations placed on a previously sealed surface by the same provider within a 12-month period will be reduced by the amount of the reimbursement for the sealant.
3. For procedure codes D2140, D2150, D2160, D2161, D2330, D2331, D2332, D2335, D2391, D2392, D2393 and D2394, the reimbursement is based on the total number of unique surfaces restored, not to exceed the total number of surfaces characteristic of that tooth, and no surface shall be billed twice. Reimbursement is not based on the total number of restorations placed. For example, if a buccal, occlusal and lingual resin restoration was placed on a posterior tooth, the correct billing code would be BOL D2393 and not D2391 times three.
4. D2792, D2752, D2751 and D2750 pay only one code per tooth per lifetime.

This information is also available on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) under Programs/Medical Services/Dental

Questions about these changes should be directed to Leigh Ann Hixon, [leighann.hixon@medicaid.alabama.gov](mailto:leighann.hixon@medicaid.alabama.gov), or by telephone at (334) 353-3031.

## Attention: DME Providers

**RE: DME Paper Claims Changes**

Effective February 1, 2012:

K0739 (Repair) procedure code's allowable units have been increased to 12. However, providers must continue to submit justification when billing more than four units. Please include all units over four on the PA request with justification for repairs. The request will be reviewed by Qualis Health. The PA letter will state the total units approved in the analyst's remarks section.

Effective March 1, 2012:

1. Disaster claims (fire and theft) should be submitted electronically to HP for processing. Provider must file these claims with the appropriate procedure code and **Modifier CR**. The provider must keep all documentation (fire report, theft report, etc) in the recipient's file. These claims will be monitored by Alabama Medicaid on a quarterly basis.
  2. DME diabetic testing supplies claims billed for recipients with Gestational Diabetes must contain a diagnosis code in the range of 64880-64884. Units will be increased for procedure code A4259 to two (2) per calendar month and for A4253 to four (4) per calendar month. These claims will be processed electronically by HP. All documentation must be kept in the recipient's file and will be monitored by Alabama Medicaid on a quarterly basis.

### RE: Program of All-Inclusive Care for the Elderly (PACE)

Alabama Medicaid Agency has initiated a new program called the Program of All-Inclusive Care for the Elderly (PACE). The PACE program operates as a capitated managed care benefit that features a comprehensive medical and social service delivery system using an interdisciplinary team approach in an adult day health center that is supplemented by in-home and referral services in accordance with the needs of the participant.

Enrolled participants must receive all of their services through the PACE Organization. PACE services include but are not limited to the following: Primary Care (including doctor and nursing services); Hospital Care; Medical Specialty Services; Prescription Drugs; Dentistry; Nursing Home Care; Personal Care; Physical Therapy; Adult Day Care; Nutritional Counseling; Laboratory/X-ray Services; Social Services; and Transportation.

The program is currently limited to participants in Mobile and Baldwin counties although programs in other locations are expected later this year.

Providers serving Medicaid recipients in these counties need to be aware that PACE participants must receive all services from PACE program-contracted providers. **Claims submitted by non-contract providers will not be paid.**

PACE participants' Medicaid cards have a sticker identifying their affiliation with the program as well as a unique PACE program identification card. PACE participation is also reported through the Agency's AVRS eligibility verification system.

Individuals enrolling in the PACE program must meet each of the following criteria:

- meet the nursing home level of care
- are able to live safely in the community at the time of enrollment
- be 55 years of age and older
- live in a designated PACE service area, currently Mobile and Baldwin counties

PACE participants may be Medicaid-only, Medicare-only, Medicaid and Medicare (dually eligible), or private pay.

For questions or concerns regarding the PACE program, please contact Linda Lackey at (334) 242-5644, or Jan Sticka at (334) 353-4151 or go to the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) under Programs/Long Term Care.

**RE: Preferred Drug List Update**

**Effective April 2, 2012**, the Alabama Medicaid Agency will update the Preferred Drug List (PDL) to reflect the recent Pharmacy and Therapeutics (P&T) Committee's recommendations as well as quarterly updates. The updates are listed below:

PDL Additions	
<b>PegIntron</b>	Anti-infective Agents/Interferons
PDL Deletions*	
<b>Avalide</b>	Cardiovascular Health/Angiotensin II Receptor Antagonists
<b>Avapro</b>	Cardiovascular Health/Angiotensin II Receptor Antagonists
<b>Benicar</b>	Cardiovascular Health/Angiotensin II Receptor Antagonists
<b>Benicar HCT</b>	Cardiovascular Health/Angiotensin II Receptor Antagonists
<b>Cleocin</b>	Anti-infective Agents/Miscellaneous Antibacterials
<b>Focalin</b>	Behavioral Health/Cerebral Stimulants/Agents for ADD/ADHD-Short and Intermediate Acting
<b>Pegasys</b>	Anti-infective Agents/Interferons

\* Denotes that these brands will no longer be preferred but are still covered by Alabama Medicaid and will require Prior Authorization (PA). Available covered generic equivalents (unless otherwise specified) will remain preferred.

For additional PDL and coverage information, visit our drug look-up site at

<https://www.medicaid.alabamaservices.org/ALPortal/NDC%20Look%20Up/tabId/39/Default.aspx>.

The PA request form and criteria booklet, as well as a link for a PA request form that can be completed and submitted electronically online, can be found on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) and should be utilized by the prescribing physician or the dispensing pharmacy when requesting a PA. Providers requesting PAs by mail or fax should send requests to:

**Health Information Designs (HID)  
Medicaid Pharmacy Administrative Services  
P. O. Box 3210 Auburn, AL 36832-3210  
Fax: 1-800-748-0116 / Phone: 1-800-748-0130**

Incomplete PA requests or those failing to meet Medicaid criteria will be denied. If the prescribing physician believes medical justification should be considered, the physician must document this on the form or submit a written letter of medical justification along with the prior authorization form to HID. Additional information may be requested. Staff physicians will review this information.

Policy questions concerning this provider notice should be directed to the Pharmacy Program at (334) 242-5050. Questions regarding prior authorization procedures should be directed to the HID help desk at 1-800-748-0130.

### RE: Information regarding Provider Electronic Solutions Software (PES) Version 3.0

PES version 3.0 must be in place before March 31<sup>st</sup> to submit 5010 and NCPDP 1.2 transactions.

Users have two options: 1) An upgrade from PES version 2.16 to PES version 3.0 (desired), or 2) A full install of PES version 3.0.

#### 1) Upgrade information:

Prior to upgrading to PES version 3.0:

- Users must be using PES version 2.16
  - If not, you must upgrade to PES version 2.16 or do a full install
- Users must submit all "R" status transactions (these cannot be submitted once version 3.0 is in place).

Once PES version 3.0 upgrade has completed, list information will remain unchanged, but users will not be able to change, copy, resubmit, or restore archived transactions that were entered in PES version 2.16 of the Provider Electronic Solutions Software.

All transactions converted from PES version 2.16 to version 3.0 will be flagged with a new status based on the status the transaction was in at the time of the upgrade. No further action can be taken on X12 4010 or NCPDP 1.1 transactions. The following new status codes will be used:

Status	Description
U	All transactions previously in an 'I' status at the time the upgrade is performed will have the status changed to 'U'. U = 4010 Unfinished/Incomplete
B	All transactions previously in an 'A' status at the time the upgrade is performed will have the status changed to 'B'. B = 4010 Backup record/Archive
C	All transactions previously in an 'R' status at the time the upgrade is performed will have the status changed to 'C'. C = 4010 Completed not yet Submitted/Ready
S	All transactions previously in an 'F' status at the time the upgrade is performed will have the status changed to 'S'. S = 4010 Successfully Submitted/Finalized

#### 2) Full Install information:

Prior to full installation to PES version 3.0:

- Users may be new to PES or using any previous version of PES
- Current PES users:
  - Lists will not be retained. It is recommended that users print their lists prior to installation so that their lists can be manually created in PES version 3.0.
  - Users must submit all "R" status transactions (these cannot be submitted once version 3.0 is in place).

**RE: New Long Term Care Admission Notification Software Version 2.4**

New Version 2.04 will be available for download beginning on April 1, 2012. Version 2.04 *must* be installed on or before April 23, 2012 to submit Long Term Care transactions.

Version 2.03 will not be accepted after April 24, 2012.

**Users have two options:**

- 1) An upgrade from version 2.03 to version 2.04 (desired), or
- 2) A full install of version 2.04.

**Option 1) Upgrade information:**

- Prior to upgrading to version 2.4,
  - Users must be using version 2.03
  - If not, you must upgrade to version 2.03 or do a full install
  - Users must submit all “R” status transactions (these cannot be submitted once version 2.04 is in place).
- Important: Once the version 2.04 upgrade has completed, list information will remain unchanged, but users will not be able to change, copy, resubmit, or restore archived transactions that were entered in version 2.03 of the Long Term Care Admission Notification Software.

**Option 2) Full Install information:**

- These users may be new to the Long Term Care Admission Notification software or using any previous version of the software
- Prior to full installation to version 2.04:
  - Current software users are strongly encouraged to print their lists prior to installation so that their lists can be manually created in version 2.04. **Lists will not be retained**
  - Users must submit all “R” status transactions (these cannot be submitted once version 2.04 is in place).

### RE: EPSDT Changes/Clarification

The Alabama Medicaid Agency has made changes to the sample referral form posted on the Alabama Medicaid website describing the “required fields.” Please see the updated version attached.

Signatures accepted on referral forms: The following has been added to the April 2012 edition of Appendix A of the Alabama Medicaid Provider Manual:

#### Signature Requirement for Referrals: Effective May 16, 2012:

For hard copy referrals, the printed, typed, or stamped name of the primary care physician with an original signature of the physician or designee is required. **Stamped or copied signatures will not be accepted.** For electronic referrals, provider certification is made via standardized electronic signature protocol.

Additionally, effective April 1, 2012, for services that require physicians’ orders, all orders must be written according to practice guidelines and state/federal law and must include the date and signature of the provider, the service(s) ordered and the recipient’s name. **The Patient 1<sup>st</sup>/EPSDT referral form may be considered the physician’s order as long as these guidelines are met.** See the appropriate chapter of the April 2012 edition of the Alabama Medicaid Provider Manual for additional details regarding specific requirements for each program area.

**TO: Physicians**

**RE: Guidelines For Billing Prolonged Services In The Office Or Other  
Outpatient Setting**

Procedure Codes 99354 and 99355 are used to report the total duration of face-to-face time spent by a physician or other qualified health professional on a given date providing prolonged service, even if the time spent on that date is not continuous.

Requirement for Physician Presence: Only the duration of direct face-to-face contact with the patient (whether the service was continuous or not) beyond the typical/average time of the office visit code billed may be counted to determine whether prolonged services can be billed; and to determine the prolonged service codes that are allowable.

Documentation: Documentation is required to be in the medical record about the duration and content of the **medically necessary** evaluation and management service and prolonged services that are billed. The physician must appropriately and sufficiently document in the medical record that he/she personally furnished the direct face-to-face time with the patient specified in the CPT code definitions. Time must be documented clearly in medical record to indicate the beginning of service time and the end of service time to justify these codes being billed in addition to the office visit.

## **Prolonged Services Associated With E & M Services Based On Counseling And/Or Coordination Of Care (Time-Based)**

When an E & M service is dominated by counseling and/or coordination of care (the counseling and /or coordination of care represents more than 50% of the total time with the patient) in a face-to-face encounter between the physician and the patient in the office, the E & M code is selected based on the typical/average time associated with the code levels. The time approximation must meet or exceed the specific CPT code billed (determined by the typical/average time associated with the E & M code) and should not be "rounded to the next higher level". For E & M services in which the code level is selected based on time, you may only report prolonged services with the highest code level in that family of codes as the companion code.

## **Effective July 1, 2011 Procedure Codes 99354 and 99355 (Note above paragraph before billing prolonged service codes):**

- May be billed only in conjunction with procedure codes 99201-99215, 99241-99245, 99324-99337, 99341-99350, and only if the EP modifier is not billed. (Effective April 1, 2012, procedure code 99211 is excluded from this list and may not be billed with prolonged service codes).
- May not be billed alone.

**Refer to CPT guidelines for correct reporting of prolonged physician services with direct patient contact in office/outpatient setting.**

# A L E R T

**Example of a BILLABLE Prolonged Service:**

A physician performed a visit that met the definition of an office visit CPT code 99213 and the total duration of the direct face-to-face services (including the visit) was 65 minutes. The physician bills CPT code 99213 and *one* unit of code 99354

**Example Of A Non Billable Prolonged Service:**

A physician provided a subsequent office visit that was predominantly counseling, spending 60 minutes (face-to-face) with the patient. The physician cannot code 99214, which has a typical time of 25 minutes, and one unit of code 99354. The physician must bill the highest level code in the code family (99215 which has 40 minutes typical/average time units associated with it). The additional time spent beyond this code is 20 minutes and does not meet the threshold time for billing prolonged services.

Subject: Payment Adjustment for Provider Preventable Conditions

CMS has recently approved an Alabama Medicaid State Plan change effective October 1, 2011. Federal regulations mandate that all providers must report Provider Preventable Conditions (PPCs) to Medicaid.

Provider Preventable Conditions are defined into two separate categories:

1. Healthcare Acquired Conditions, which include Hospital Acquired Conditions (HACs). Examples of HACs include but are not limited to foreign object retained after surgery, blood incompatibility, and development of pressure ulcer stages III and IV.
2. Other Provider Preventable Conditions (OPPCs). Examples of OPPCs include but are not limited to surgery on a wrong body part or site, wrong surgery on a patient, or surgery on the wrong patient.

Inpatient Psychiatric Hospitals (freestanding psychiatric hospitals and residential treatment facilities) must now use the UB-04 claim form to report HACs, as has already been required of inpatient hospitals.

It is the responsibility of the **provider** to identify and report any PPC and **not seek payment** from Medicaid for any additional expenses incurred as a result of the PPC. Provider payments may be disallowed or reduced based on a post-payment review of the medical record.

The PPC reporting policy is located on the Alabama Medicaid website at [www.medicaid.alabama.gov/CONTENT/4.0\\_Programs/4.4.0\\_Medical\\_Services/4.4.6.6\\_Adverse\\_Events\\_Reporting.aspx](http://www.medicaid.alabama.gov/CONTENT/4.0_Programs/4.4.0_Medical_Services/4.4.6.6_Adverse_Events_Reporting.aspx)

**SUBJECT: General Fund Proration**

As a result of General Fund proration declared on March 16, 2012, the Alabama Medicaid Agency has been directed to identify and implement cuts to its overall budget. After program impact analysis and multiple provider meetings and communications, the Agency will implement these cuts in three ways:

- Reduction of payments to certain provider groups by 10 percent
  - Physicians
  - Dentists
  - Physician Lab & X-ray
  - Durable Medical Equipment
  - Independent Lab & X-ray
  - Other licensed practitioners
  - Maternity primary contractors (Effective for dates of service on or after May 14, 2012)
- Reduction in services to adults (benefits to children remain unchanged)
  - Change coverage of routine eye exams and work-up for refractive error to once every three years (now one eye exam every two years)
  - End coverage of eyeglasses as a benefit (now one pair every two years)
  - Limit drugs to one brand-name drug per month; generics and covered OTCs remain unlimited. Allowances will remain for up to 10 brands per month for antipsychotics, antiretrovirals, and switchovers. (In addition to children, LTC recipients are excluded from this reduction.)
- Reduction in cough/cold covered drugs for all recipients: Legend generic cough/cold drugs will no longer be covered (legend brand drugs are currently non-covered). Certain OTC drugs will remain covered.

Except as specified otherwise above, these reductions will be effective for dates of service on or after June 1, 2012.

**Effective July 2, 2012**, the Alabama Medicaid Agency will update the Preferred Drug List (PDL) to reflect the recent Pharmacy and Therapeutics (P&T) Committee's recommendations as well as quarterly updates. The updates are listed below:

PDL Additions	
<b>Pegasys</b>	Anti-infective Agents/Interferons
PDL Deletions*	
<b>Concerta</b>	Behavioral Health/Cerebral Stimulants/Agents for ADD/ADHD-Long Acting
<b>Daytrana</b>	Behavioral Health/Cerebral Stimulants/Agents for ADD/ADHD-Long Acting
<b>Foradil</b>	Respiratory/ Beta-Adrenergic Agonists
<b>Ventolin HFA</b>	Respiratory/ Beta-Adrenergic Agonists

*\* Denotes that these brands will no longer be preferred but are still covered by Alabama Medicaid and will require Prior Authorization (PA). Available covered generic equivalents (unless otherwise specified) will remain preferred.*

For additional PDL and coverage information, visit our drug look-up site at <https://www.medicaid.alabamaservices.org/ALPortal/NDC%20Look%20Up/tabId/39/Default.aspx>.

The PA request form and criteria booklet, as well as a link for a PA request form that can be completed and submitted electronically online, can be found on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) and should be utilized by the prescribing physician or the dispensing pharmacy when requesting a PA. Providers requesting PAs by mail or fax should send requests to:

**RE: New Medicaid Enrollment Requirements for Ordering, Prescribing, and Referring (OPR) Providers**

Federal law now requires all physicians and other practitioners who prescribe or order services for Medicaid recipients, or who refer Medicaid recipients to other providers must be enrolled as a Medicaid provider.

As a result of this law, services rendered based on a referral, order, or prescription will be reimbursable **only** if the ordering, prescribing, or referring physician/practitioner is enrolled in the Alabama Medicaid Program.

A new enrollment application was developed for those providers who do not treat Alabama Medicaid recipients for payment, but who do order, prescribe, or refer. These providers will be enrolled as an OPR provider. Medicaid will not make payment to an OPR provider but will recognize their NPI for services rendered by participating Medicaid providers. An abbreviated enrollment application is located on the Alabama Medicaid Agency website at the following link in the Administrative Forms section:

[http://medicaid.alabama.gov/CONTENT/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.6\\_Provider\\_Enrollment\\_For\\_ms.aspx](http://medicaid.alabama.gov/CONTENT/5.0_Resources/5.4_Forms_Library/5.4.6_Provider_Enrollment_For_ms.aspx).

The application must contain the provider's original signature. The application, along with a copy of the provider's DEA certificate, if applicable, should be mailed to:

HPES Provider Enrollment  
P.O. Box 241685  
Montgomery, AL 36124

**Faxed or emailed copies will not be accepted.**

If an OPR provider submits a claim for payment, the claim will deny for error code 1032 (provider type claim input conflict).

Medicaid will allow a grace period until September 30, 2012 for OPR providers to become enrolled. On October 1, 2012, claims for services that contain an NPI of an ordering, prescribing, or referring provider not enrolled in Medicaid (either as a participating provider or as an OPR provider) will be denied.

Medicaid encourages all participating providers to be proactive and ensure the ordering, prescribing, referring physician/practitioner is enrolled in Medicaid prior to the October 1, 2012 deadline.

Providers should contact one of the following HPES Provider Representatives with any questions:

- Araceli Wright 1-855-523-9170 extension 2334560
  - Remona Riley 1-855-523-9170 extension 2334532

**RE: Patient 1<sup>st</sup> Referral Change**

Effective June 1, 2012 the Alabama Medicaid Agency will change Patient 1<sup>st</sup> Referral requirements to allow PMPs to see patients who are in the process of transferring to their panel without a referral. Once the PMP change becomes official, claims for the previous 60 days from the new PMP will be paid. When a recipient wishes to change their PMP, the change can be made directly by the recipient or made by the new PMP. In the past, the new PMP would have to obtain a referral from the old PMP in order to see the recipient prior to the official change date. PMP changes typically take 15 to 45 days. For example, if a PMP change is requested on June 18 it would become official on August 1. The new PMP will be able to treat the recipient, and claims for dates of service 60 days prior to August 1 will be paid on or after the effective date. These claims will deny prior to the change becoming official.

The new policy will allow the new PMP to both provide services and make referrals. Claims for referrals will also not pay until the PMP change is official. If the change does not become official the claims will not pay without a referral. This could happen if a subsequent change in PMP request is made before the original change is made active. This change does not alter the process or rules for the old PMP. Claims from the old PMP will be paid as normal. The old PMP should no longer be requested to provide referrals for a recipient transferring to other PMPs. Medicaid will monitor PMP changes to ensure that this policy change is not misapplied.

**RE: Dispense as Written (DAW) Code of 9 for brand Adderall XR**

**Effective July 2, 2012**, Alabama Medicaid will begin allowing the use of a Dispense as Written (DAW) Code of 9 for brand Adderall XR. Generic versions of the drug will be non-preferred and will require prior authorization. Additional drugs may be added to the DAW 9 list at a future time.

A DAW Code of 9 indicates the following:

**Substitution Allowed By Prescriber but Plan Requests Brand - Patient's Plan Requested Brand Product To Be Dispensed.**

This value is used when the prescriber has indicated, in a manner specified by prevailing law, that generic substitution is permitted, but Alabama Medicaid requests the brand product be dispensed. This situation can occur when the prescriber writes the prescription using either the brand or generic name and the product is available from multiple sources. A DAW of 9 will result in a claim paying the brand Average Acquisition Cost (AAC).

**Attention: Medicaid Certified Nursing Facilities**

**RE: Coverage for Ventilator-Dependent and Qualified Tracheostomy Care Residents**

Effective January 16, 2012, the Alabama Medicaid Agency will pay nursing facilities a supplemental fee-for-service payment in addition to the daily nursing facility rate for care provided to ventilator-dependent residents and/or qualified tracheostomy residents who are eligible for Medicaid benefits. The nursing facility must meet specific provider requirements and the ventilator-dependent/tracheostomy care resident must meet specific medical criteria established by the Alabama Medical Agency.

Information regarding the required documentation for the nursing facility and the resident is included in Alabama Medicaid Administrative Code Chapter 63. Nursing facilities must mail all documentation for the facility and resident to HP with a correctly completed Long Term Care Records coversheet. The coversheet is located on the Medicaid website at:

[http://medicaid.alabama.gov/documents/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.3\\_LTC\\_Services/5.4.3\\_LTC%20Records%20Coversheet\\_6-11.pdf](http://medicaid.alabama.gov/documents/5.0_Resources/5.4_Forms_Library/5.4.3_LTC_Services/5.4.3_LTC%20Records%20Coversheet_6-11.pdf)

The records should be mailed to the following address:

**HP ENTERPRISES SERVICES  
P. O. BOX 224032  
MONTGOMERY, AL 36124-4032**

An incorrectly completed coversheet will result in the record being returned to the provider. Please write, "VENT/TRACH" on the coversheet. To facilitate review of the record, please send an e-mail to [theresa.carlos@medicaid.alabama.gov](mailto:theresa.carlos@medicaid.alabama.gov) with ONLY the Medicaid ID, stating, "The record is ready for review." **RE: Synagis® Criteria for 2012 – 2013 Season**

- The Alabama Medicaid Agency has updated its prior authorization criteria for the Synagis® 2012-2013 season. Below are some highlights for the season. Complete criteria can be found on the website at the following link:

[http://medicaid.alabama.gov/CONTENT/4.0\\_Programs/4.5.0\\_Pharmacy/4.5.14\\_Synagis.aspx](http://medicaid.alabama.gov/CONTENT/4.0_Programs/4.5.0_Pharmacy/4.5.14_Synagis.aspx)

- The approval time frame for Synagis® will begin October 1, 2012 and will be effective through March 31, 2013.
- Up to five doses will be allowed per recipient in this timeframe. Some recipients may only receive up to a max of 3 doses, depending on the gestational and chronological age.
- There are no circumstances that will result in approval of a sixth dose.
- If a dose was administered in an inpatient setting, the date the dose was administered must be included on the request form.
- For approval of requests, the recipient must meet gestational and chronological age requirements. In order to meet chronological age requirements, the recipient must not exceed the specified age at the start of the RSV season.
- Prescribers, not the pharmacy, manufacturer or any other third party entity, are to submit requests for Synagis® on a separate prior authorization form (Form 351) **directly** to Health Information Designs and completed forms may be accepted beginning September 1, 2012 (for an October 1 effective date).
- Stamped or copied physician signatures will not be accepted and will be returned to the provider.
- A copy of the hospital discharge summary from birth or documentation of the first office visit with pertinent information (gestational age, diagnosis, etc.) is required on all Synagis® PA requests.
- If approved, each subsequent monthly dose will require submission of the recipient's current weight and last injection date and may be faxed to HID by the prescribing physician or dispensing pharmacy utilizing the original PA approval letter.
- Letters will be faxed to both the prescriber and the dispensing pharmacy notating approval or denial.

## Criteria

Alabama Medicaid follows the 2012 American Academy of Pediatrics (AAP) Redbook guidelines regarding Synagis® utilization. Additional questions regarding Synagis® criteria can be directed to the Agency's Prior Authorization contractor, Health Information Designs at 1-800-748-0130.

**Subject: Reversal of Proration Cuts**

The Alabama Medicaid Agency today announced that payment reductions implemented earlier this year due to proration of the General Fund budget will be reversed no later than November 1, 2012. The reversals were made possible following the passage of a state Constitutional Amendment on September 18 which enabled Medicaid's 2013 Fiscal Year Budget to receive additional monies through the state's General Fund.

Effective for dates of service October 1, 2012 and thereafter, the change will reverse the 10 percent payment reduction for physicians, dentists, Physician Lab and X-ray providers, Independent Lab and X-ray providers, and other licensed practitioners (e.g. psychologists, podiatrists, chiropractors, therapists, audiologists/hearing aid, nurse practitioners, CRNAs).

Effective for dates of service November 1, 2012 and thereafter, the change will reverse the 10 percent payment reduction for durable medical equipment and supply providers. In addition to the payment changes, the Agency will also reinstate the coverage of eyeglasses for adults (one pair every two years) and will reinstate the coverage of routine eye exams and work up for refractive error from once every three years to once every two years. The delay for durable medical equipment, supplies and eyeglasses is due to federal requirements for public notice of the change.

To: Providers Submitting Claims with Third Party (TPL) Primary

SUBJECT: Changes to the Third Party Liability (TPL) Billing for Alabama Medicaid

Effective October 23, 2012, HP will begin capturing Third Party Liability patient responsibility amounts at both header and detail levels. **Changes will be made to all claim types except Pharmacy.**

In order for claims with TPL to be considered for payment, the patient responsibility must be greater than zero. Patient responsibility is calculated by adding together any co-payments, co-insurance and deductible. Claims that do not contain a patient responsibility will deny with error status code 631 (TPL Patient Responsibility is Zero for Payor).

When calculating payment methodology for claims with TPL primary, Medicaid will pay the lesser of patient responsibility or Medicaid allowed amount minus TPL paid amount for professional claims only. All other claim types will continue to price as usual at this time. System changes will be implemented at a later date for the payment methodology of other claim types.

A new TPL attachment form has been created for TPL denials. This form will be required with the CMS 1500 form when third party denies a claim. The forms are available free of charge and may be ordered by calling the Provider Assistance Center at 1-800-688-7989.

Updates are being made to Provider Electronic Solutions (PES) software; however, currently we do not have a date for the next upgrade to accommodate the changes. Providers may use Medicaid's Interactive Web Portal until the upgrade is released.

Vendors should reference the Vendor Specifications for requirements on segments/loops to accommodate the changes.

The next section outlines changes that have been made to the Interactive Medicaid Web Portal to accommodate the changes. See screen shots and descriptions for each claim type affected by this change.

## **Dental Claims:**

Providers no longer have an option to enter the Total TPL Paid Amount in the Billing Information panel. The TPL Paid Amount should now be entered in the TPL panel. New fields have also been added to the TPL panel to allow providers to submit amounts applied to deductible, coinsurance, and copay per other insurance.

By selecting the add button in the TPL panel, providers can add up to 10 TPL carriers per claim.

November 26, 2012

To: DME Providers, Prosthetics & Orthotics (P&O) Providers, Pharmacies, Physicians, Physician Assistants, Nurse Practitioners, and Nursing Homes.

SUBJECT: Durable Medical Equipment (DME) Program Changes

The Alabama Medicaid Agency's Durable Medical Equipment Program will make changes to:

- Reimbursement for CPAP
- Humidifier Reimbursement
- External Breast Prostheses Prior Authorization
- Home Medical Equipment (HME) License
- Wheelchairs Coverage Limit Change

Detailed information about each change is below. Also below is a reminder regarding the procedure for manually priced DME items' Prior Authorization (PA) Requests.

## **CPAP Reimbursement**

Effective January 1, 2013, the CPAP (E0601) will be a capped rental to purchase item. The equipment can be rented for up to three months. After three months, if the recipient continues to meet criteria and must continue on the CPAP, the CPAP machine will transition to a purchase, with the total rental payments during the first three months and a subsequent one month payment equaling the purchase rate. No additional payment will be made by Alabama Medicaid on the CPAP machine and the machine will be considered to be owned by the recipient.

The monthly payment will include delivery, in-service for the caregiver, maintenance, repair and supplies. Alabama Medicaid will not reimburse separately for procedure codes A7030, A7034, A7037 and A7038 during the CPAP's four month capped rental period. Recertification is required after the initial three months. If the CPAP is determined not be medically necessary (i.e., the criteria are no longer met), the device will be returned to the supplier. NOTE: Do not use the RR modifier for initial PAs submitted on or after 1/1/13.

## **If a recipient already has CPAP and/or humidifier devices via continuous rental on January 1, 2013:**

For recipients with nine or more months of continuous rental for the devices (CPAP and/or humidifier), provider should submit a claim for needed supplies only. The device(s) is considered to have been purchased and Alabama Medicaid will no longer pay for continuous rental of the device. The device is considered to be owned by the recipient. Existing prior authorizations (PAs) will no longer be valid. Requests for Medicaid's authorization of a replacement CPAP device will be accepted for review every eight years. A request for replacement of the device submitted within less than eight years which is due to a natural disaster, or an occurrence beyond the recipient's control, and not the result of misuse, neglect or malicious acts by the user may be considered for approval and payment.

For recipients with four to eight months of continuous rental, the current PA will be capped and the provider will be paid the remaining amount equal to a cumulative total of \$800.42. If the cumulative amount has been reached, no additional claims will be paid. For these PAs, the provider will continue to include the RR modifier.

For recipients with three months rental, and the device continues to meet criteria on or after 1/1/13, the 4<sup>th</sup> month will cap the rental. If criteria are not met, then the device will be returned to the supplier.

**Humidifier Reimbursement**

Effective January 1, 2013, Alabama Medicaid will no longer reimburse procedure codes E0561 or E0562 separately when E0601 is requested at the same time. Procedure codes E0561 and E0562 can only be billed separately if requested for BiPAP (E0470, E0471, or E0472) only.

Therefore, providers are to ensure that recipients, who have current prior authorizations (PAs) for both devices, have both the CPAP and humidifier prior to January 1, 2013. These items will be considered as purchased and owned by the recipient. Therefore, after January 1, 2013, Alabama Medicaid will only reimburse the provider for needed supplies for these recipients.

**External Breast Prostheses Prior Authorization**

Effective January 1, 2013, prior authorization (PA) will no longer be required for external breast prostheses covered by Alabama Medicaid’s Durable Medical Equipment Program. This change applies to procedure codes L8000, L8015, L8020, L8030, L8035 and L8039 submitted with one of the following breast cancer diagnosis codes: 174.0 through 174.9, 198.81 and 233.0.

**Home Medical Equipment (HME) License**

Effective January 1, 2013, applicable DME providers will need to provide verification of Home Medical Equipment (HME) license during the annual on-site provider re-enrollment visits. (All other required licenses/certifications continue to apply; See Chapter 14 of the Provider Manual for provider enrollment requirements listing.) The chart below is provided to assist you with determining the required licenses/certification you must have. If you have any additional questions regarding HME licenses, please contact the Alabama Board of Home Medical Equipment Services Providers.

<b><u>Type of Operation</u></b>	<b><u>License/Certification Required</u></b>
Prosthetic, Orthotic & Pedorthic (POP) Services Only (custom fabricated devices only)	Alabama Board of Prosthetists and Orthotists Accredited Facility Certification
POP and Mastectomy in the same facility (custom fabricated devices only)	Alabama Board of Prosthetists and Orthotists Accredited Facility Certification
POP and HME (DME)	Alabama Board of Prosthetists and Orthotists Accredited Facility Certification <b>and</b> Alabama Board of Home Medical Equipment (HME) license
HME (DME) and Mastectomy	Alabama Board of Prosthetists and Orthotists Accredited Facility Certification <b>and</b> Alabama Board of Home Medical Equipment (HME) license
Mastectomy Only (Boutique)	Alabama Board of Prosthetists and Orthotists Accredited Facility Certification

	<b>and</b> Alabama Board of Home Medical Equipment (HME) license
HME(DME) Only	Alabama Board of Home Medical Equipment (HME)

**Wheelchairs Coverage Limit Change**

Effective January 1, 2013, all wheelchairs will be limited to one per recipient every seven years based on medical necessity. It was previously limited to one per recipient every five years.

**PA Requests for manually priced DME items**

When submitting PA requests for manually priced items, providers should only submit MSRPs (Manufacturer's Suggested Retail Price), procedure codes and item prices. All price calculations will be completed by Alabama Medicaid's PA contractor.

***REMINDER: Beginning January 1, 2013, if a Medicaid service requires an ordering, prescribing, or referring provider and the ordering, prescribing, referring provider does not have a current enrollment record with Alabama Medicaid, the claim will be denied. See the July and October 2012 Provider Insider articles for more details.***

**TO: All Providers**

**RE: Claims for Non-Enrolled OPR Providers to Deny Effective January 1, 2013**

Federal law now requires any ordering, referring or prescribing providers to enroll with Medicaid, even if they do not accept Medicaid, to help prevent and detect fraud and abuse. **Alabama Medicaid will comply with this law effective January 1, 2013, by denying all claims that require a referral, order or prescription from a physician or other licensed health care professional unless that physician or provider has a current enrollment record on file.** To address this requirement, a new category of enrollment was created: ordering, prescribing, referring (OPR) provider; provider type 97.

Medicaid's claims processing system will monitor whether the ordering, prescribing, or referring provider is enrolled in Medicaid. Claims will deny if the ordering, prescribing, or referring provider is not enrolled.

Medicaid has been sending informational EOBs for medical claims since May 2012 informing the billing provider of the status of the ordering, referring, prescribing, physician or licensed health care provider. Medicaid has been sending informational EOBs on pharmacy claims since December 2012.

## Action Required

Providers already enrolled as active Medicaid participating providers do not need to enroll again as an OPR provider.

Providers **not** enrolled as active participating Medicaid providers must enroll as OPR providers. NOTE: For providers who choose to enroll as OPR providers, it is important to remember that an OPR provider cannot submit claims to Medicaid for payment of services rendered. If the provider wishes to be able to submit claims for payment, enrollment as another participating provider type will be required.

## Questions & Answers

Q: Why is Medicaid requiring these providers to become enrolled?

A: Medicaid is complying with Federal Medicaid Regulations 42 CFR 455.410(b) which provides that Medicaid must require all ordering or referring physicians or other professionals providing services be enrolled as providers, and 42 CFR 455.440 which provides that Medicaid must require all claims for the payment of items and services that were ordered, referred, prescribed to contain the National Provider Identifier (NPI) of the physician or other professional who ordered, referred, or prescribe such items or services.

Q: How does the ordering, referring, or prescribing provider enroll as a Medicaid provider?

A: The OPR Enrollment application can be found on the Medicaid Provider enrollment web page at: [http://medicaid.alabama.gov/CONTENT/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.6\\_Provider\\_Enrollment\\_Forms.aspx](http://medicaid.alabama.gov/CONTENT/5.0_Resources/5.4_Forms_Library/5.4.6_Provider_Enrollment_Forms.aspx).

RE: Claims for Non-Enrolled OPR Providers to Deny Effective January 1, 2013

Q: Our hospital is a teaching hospital so how do we report a “resident physician”?

A: Interns and non-licensed residents must use the NPI of the teaching, admitting, or supervising physician on the claim for reimbursement. If the resident has a medical license, then the resident must be enrolled with Medicaid and the NPI of the resident must be used on the claim for reimbursement.

Q: How does this affect hospital emergency room physicians?

A: Hospital emergency room physicians are required to enroll. They are not exempt from the requirement.

Q: How will these impact Alabama Medicaid recipients that cross state lines?

A: If services are furnished to an Alabama Medicaid recipient in another state, the out of state providers are required to enroll with Medicaid in order to receive reimbursement. Likewise, if the out of state provider writes a prescription, orders a service, or refers the patient, then the out of state provider must be enrolled with Medicaid.

Q: What if the provider is enrolled with another state’s Medicaid? Will the provider need to enroll in all states in which he or she provides service?

A: Enrollment in another state’s Medicaid program does not exempt a provider from enrolling with Alabama Medicaid. Providers are required to enroll in each state where they will provide services or where their order/referral/prescription will be provided.

Q: What if the ordering, prescribing, referring provider is with another State. For example, we receive prescriptions from out-of-state providers?

A: The out-of-state ordering, prescribing, referring provider must be enrolled with Alabama Medicaid.

Q: If Alabama Medicaid is secondary to a commercial insurance, would the claim be accepted without an enrolled ordering, prescribing, or referring provider requirement?

A: No, the enrollment requirement also applies if Medicaid is being billed as the secondary to a commercial insurance.

Q: Do Medicare crossover claims require the ordering, prescribing, or referring provider to be enrolled?

A: No, for claims that crossover directly from Medicare to Medicaid. These claims are identified with as region 30 - COBA crossover claims. When Medicare implements their edits, then Medicaid will require the region 30 claims to comply. All other Medicare/Medicaid related claims will require the provider be enrolled.

Q: How do we know the NPI of the physician or licensed health care provider who wrote the prescription or order?

A: Any prescribing physician or licensed health care provider must include his or her NPI on any prescription/order he or she writes, to allow the provider filling the prescription/order to submit their claim.

RE: Claims for Non-Enrolled OPR Providers to Deny Effective January 1, 2013

Q: I have the provider's NPI, but how can I tell if he or she is enrolled with Alabama Medicaid?

A: For pharmacies filling a prescription for medication, simply bill the claim with the NPI of the prescriber. If the prescriber is not enrolled with Medicaid, you will receive a claim rejection that informs you of the prescriber's status.

For all other providers, the Medicaid Agency is enhancing the Provider web portal to add functionality to look this information up. This functionality should be available early 2013. Until it is available, you may call the Provider Assistance Center at 1-800-688-7989.

Providers of services that are ordered or prescribed (such as a laboratory or radiology facility, a pharmacy, or a medical supply company) will always need the NPI of an ordering or prescribing practitioner in order to submit their claims for payment to the Medicaid program.

NOTE: If you render services or provide medical supplies in response to a provider's order, prescription, or referral, this requirement may affect your reimbursement.

Medicaid cannot pay for any health care service requiring a referral, order, or prescription from a physician or other licensed health care professional unless the ordering, referring, or prescribing provider has a current enrollment record on file in Medicaid's system.

Medicaid encourages all participating providers to be proactive and ensure the ordering, prescribing, referring physician/practitioner is enrolled in Medicaid prior to the December 31, 2012 deadline.

**Effective January 1, 2013**, the Alabama Medicaid Agency will:

1. No longer cover benzodiazepines and barbiturates for Medicare Part D recipients. *However, these products will remain covered for non dual-eligible recipients.* Barbiturates (when used in the treatment of epilepsy, cancer, or a chronic mental disorder) and benzodiazepines will no longer be optional coverage classes for Medicare Part D.
2. Update the Preferred Drug List (PDL) to reflect the recent Pharmacy and Therapeutics (P&T) Committee's recommendations as well as quarterly updates. The updates are listed below:

PDL Additions	
None	
PDL Deletions*	
<b>DermaSmooth FS<sup>‡</sup></b>	Skin and Mucous Membrane Agents/Anti-inflammatory Agents

\* Denotes that these brands/generics will no longer be preferred but are still covered by Alabama Medicaid and will require Prior Authorization (PA).

<sup>‡</sup>Covered generic equivalents (unless otherwise specified) will remain preferred.

For additional PDL and coverage information, visit our drug look-up site at

**TO: Physicians, Physician Assistants, Nurse Practitioners, Oral Surgeons, FQHCs, PBRHCs IRHCs, Health Departments, Hospitals, and Provider Associations**

**RE: Coding Changes for Injection, Medroxyprogesterone Acetate**

Effective December 31, 2012, CPT<sup>®</sup> procedure codes J1051 and J1055 for billing medroxyprogesterone acetate injections were deleted. Effective for dates of service January 1, 2013, CPT<sup>®</sup> procedure code **J1050**, Injection, medroxyprogesterone acetate, **1 mg**, must be used with a required modifier for all claims. **J1050** replaces the following codes:

**J1051** – Injection, medroxyprogesterone acetate, 50 mg\*

**J1055** - Injection, medroxyprogesterone acetate for contraceptive use, 150 mg\*

**\*NOTE: J1051 and J1055 will continue to be used for dates of service prior to January 1, 2013.**

### **Billing Instructions:**

Procedure code **J1050** will require the use of a modifier in order for Medicaid to identify when the injection is for contraceptive use versus non-contraceptive use.

**1. For contraceptive use:**

**J1050** with modifier **FP** and include a contraceptive management diagnosis code

**2. For non-contraceptive use :**

**J1050** with modifier **U1**

### **Restrictions:**

**J1050-FP** will be limited to female recipients 10 to 55 years of age

**J1050-FP** is limited to no less than 104 mg and no more than 150 mg per injection

**J1050-FP** injection will be allowed once every 70 days

**J1050-FP** must use a contraceptive management diagnosis code

**J1050-U1** is covered for recipients of all ages

**J1050-U1** is limited to 1000 mg per injection

**J1050-U1** does not have a limitation other than the maximum units allowed per injection

**J1050-U1** cannot use a contraceptive management diagnosis code

### **Reimbursement Amount:**

The reimbursement rate for **J1050** is **\$0.20 per unit (1mg)**.

Since the code description is based on 1mg, providers should bill the applicable units based on the 1mg.

Examples:

- A medroxyprogesterone acetate injection was given for 150 mg for contraceptive use. The provider would bill J1050-FP for 150 units and use a contraceptive management diagnosis code.
- A medroxyprogesterone acetate injection was given for 500 mg for non-contraceptive use. The provider would bill J1050-U1 for 500 units.

**Claims for J1050 billed without a modifier will be denied for the modifier requirement.**

**RE: Program Changes for Eye Exams and Eyeglasses**

Due to budget constraints, the Alabama Medicaid Agency will implement changes to the Eye Care Program benefit limits which will be effective **March 1, 2013**:

- Limit adults age 21 years and older to one routine eye exam every three years (now once every two years)
- Limit adults age 21 years and older to one pair of eyeglasses every three years (now one pair every two years)

The changes will only be for services provided to adults. There will be no changes for children.

This information is also available on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) under Programs/Medical Services/Ancillary Services/Eye Care Services.

TO: All Physician Providers (provider type 31)

RE: Primary Care Physician Rate Increase ("Bump")

A major provision of the Affordable Care Act (ACA) requires Alabama Medicaid reimburse certain **primary care physicians** at parity with Medicare for services provided between January 1, 2013 and December 31, 2014.

### COVERED SERVICES:

Services eligible for an enhanced payment fall into two categories:

- Primary care services
- Vaccine administration service under the VFC program

Primary care services subject to the enhanced payment are Current Procedural Terminology (CPT) Evaluation and Management procedure codes 99201 to 99499.

Vaccine administration services under the VFC program are 90633, 90636, 90645, 90647, 90648, 90649, 90650, 90655, 90656, 90657, 90658, 90660, 90669, 90670, 90680, 90681, 90696, 90698, 90700, 90702, 90707, 90710, 90713, 90714, 90715, 90716, 90718\*, 90721, 90723, 90732, 90733, 90734, 90744, and 90748. The Alabama Medicaid Agency requires the VFC administration codes to be billed using the specific product code (vaccine codes). \*CPT deleted 90718 effective 12/31/2012; however, this code would still be used in calculating the 60% threshold for CY 2012.

### ELIGIBLE PROVIDERS:

Under the federal regulations, the physicians qualify for the enhanced rate if:

- They have a specialty or subspecialty designation in family medicine, general internal medicine, or pediatrics that is recognized by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS), or the American Osteopathic Association (AOA) and they actually practice in these areas.
- They are **not** board certified but are practicing in the fields of family medicine, general internal medicine, or pediatrics or a subspecialty under one of these specialties, **and** 60% of their paid Medicaid procedures billed are for evaluation and management codes 99201 through 99499 and VFC administration services.
- **NOTE: To calculate your percentage, divide the total volume of E&M code and vaccine administration codes paid by Medicaid by the total volume of all codes paid by Medicaid. This calculation must be done for each eligible physician individually and not as a group practice. Although urinalyses, EKGs, and antibiotic administrations, are commonly provided by primary care physicians, CMS did not include them as primary care services in the numerator when calculating the 60% threshold for the enhanced primary care fee eligibility. Therefore, paid billed codes for ancillary services such as labs, x-rays, injections will cause the percentage threshold to be less.**

# A L E R T

**SELF-ATTESTATION:**

Eligible providers must complete the Alabama Medicaid Certification and Attestation for Primary Care Rate Increase Form and submit to HP Enterprise Services (Medicaid's fiscal agent) for each service location. A copy of the board certification must be submitted with each completed attestation form. If a copy of the board certification is not available, a copy of the website verification is acceptable. The self-attestation form is available for download at:

[http://medicaid.alabama.gov/documents/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.6\\_Provider\\_Enrollment/Fillable\\_Forms/5.4.6\\_Ala\\_Med\\_Cert\\_Attest\\_Primary\\_Care\\_Rate\\_Increase\\_2-1-13.pdf](http://medicaid.alabama.gov/documents/5.0_Resources/5.4_Forms_Library/5.4.6_Provider_Enrollment/Fillable_Forms/5.4.6_Ala_Med_Cert_Attest_Primary_Care_Rate_Increase_2-1-13.pdf)

Qualifying physicians who submit their self-attestation to **HPES by March 29, 2013**, will be paid the enhanced reimbursement **retroactive to January 1, 2013**.

Qualifying physicians who submit their self-attestation to HPES **on or after April 1, 2013**, will be paid the enhanced reimbursement **for dates of service beginning with the date the attestation** is entered into the system by HPES.

Qualification for the payment increase will end the earliest of either December 31, 2014, or the expiration date of the board certification. Therefore, physicians whose board certifications expire during the CY 2013 or 2014 must reattest for the program. Services provided during any lapses in time between board-certification expiration and reattestation will not be eligible for the rate increase.

If the board certification is rescinded by the certifying board, the provider must notify HPES within 10 days. Qualification for the payment increase will end on the date the certification was rescinded by the certifying board.

At the end of each year, the Alabama Medicaid Agency must review a statistically valid sample of physicians who received the higher payments to verify that they met the requirements. Services retroactively found ineligible for the enhanced payment will be subject to recoupment.

**NON-PHYSICIAN PRACTITIONERS:**

Covered services provided by non-physician practitioners are eligible for enhanced payment when working under the personal supervision of a qualifying physician. In this case, the physician **must assume professional/financial responsibility** and is legally liable for the quality of services provided under his or her supervision.

Eligible non-physician practitioners include:

- Physician Assistants
- Nurse Practitioners

# A L E R T

**GROUP PROVIDERS:**

Eligibility for enhanced reimbursement is based on **EACH** individual physician meeting the eligibility criteria.

**EXCLUDED PROVIDERS:**

Physicians are not eligible for enhanced rates when delivering services under one of the following:

- Federally Qualified Health Center (FQHC)
- Rural Health Clinic (RHC)
- Health Departments (ADPH)

Physician specialist certified in areas other than the three specified in the ACA are **not** eligible for the increased payments even if they otherwise meet the 60% procedure code threshold. Physicians in these categories (for example: ER doctors and OB/GYN) should **NOT** attest.

CMS rules implementing the ACA specifically exclude independently practicing nurse practitioners from the enhanced payment.

**RATE METHODOLOGY:**

The Alabama Medicaid Agency will reimburse the lesser of the following:

- The provider's submitted charge
- The enhanced fee schedule rate

**FEE SCHEDULES:**

The enhanced rate is determined by comparing the 2013 Medicare Rate established by CMS to the 2009 Alabama Medicaid rate. The higher rate will establish the rate of payment for that code. A separate fee schedule of the enhanced rates will be made available in the near future under the Provider information heading on the Alabama Medicaid Agency website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov)

The enhanced reimbursement rate for the VFC administration service (for each of the codes listed above under covered services) is **\$19.79**.

**WHEN WILL PROVIDERS SEE THE ENHANCED PAYMENTS:**

Federal regulations were not issued to the states in time to implement the pay increase on January 1, 2013. For a limited period of time after January 1, 2013, claims will be paid at the regular Medicaid rates. CMS will not allow enhanced payments to be made until the State Plan Amendment (SPA) is approved and attestation forms are received and processed by HPES.

To ensure that payments can be made to qualifying physicians as soon as possible, the Alabama Medicaid Agency has taken the following steps:

- 1) Submitted the Tribal Letter Notification,
- 2) Published the Public Notice Letter,
- 3) Submitted the required SPA to CMS in January, the earliest states could submit a SPA,
- 4) Submitted the Change Order for system changes (Medicaid and HPES are working together to make the computer system changes needed to process the payments)

# A L E R T

- 5) Developed a process for the self-attestation, and
- 6) Mailed a letter to all physicians who are currently enrolled with a primary care specialty or subspecialty designation.

Medicaid cannot make enhanced payments until all three of the following criteria are met:

- The Centers for Medicare and Medicaid Services (CMS) approves the State Plan Amendment (SPA).
- Medicaid implements the required system changes needed to process claims at the higher payment rate.
- Eligible physicians return the self-attestation form (along with a copy of the board certification/ website verification if applicable).
- They complete a self-attestation form to meeting the requirements above.

**Once all these requirements are in place, eligible services with dates of services starting January 1, 2013, will be retroactively adjusted for enhanced payments.**

The Alabama Medicaid Agency is working as quickly as possible to finalize a primary rate increase and will keep providers informed of the process and timeline.

**TO:** Pharmacies, Physicians, Physician Assistants, Nurse Practitioners, Oral Surgeons, Optometrists, Dentists, FQHCs, RHCs, Mental Health Service Providers, Nursing Homes, Hospitals, and Provider Associations

**RE: DEA Edits Effective Date Extended to July 8, 2013**

The effective date for implementing the DEA Edits has been extended from May 13, 2013, to **July 8, 2013**.

Effective July 8, 2013, Alabama Medicaid will DENY any claim for a controlled drug written by a prescriber who does not have their Drug Enforcement Administration (DEA) number registered with the Department of Justice (DOJ) and on file at Medicaid. These edits are designed to prevent controlled substances from being filled when the prescription is written by an unauthorized prescriber. The following edits have been in place since November 2012 and are currently displaying as informational on the provider's remittance advice:

<u>Edit</u>	<u>Description</u>
1038	DEA NOT ON FILE FOR PRESCRIBER
1039	PRESCRIBER DEA NOT EFFECTIVE FOR DATE PRESCRIBED
1040	PRESCRIBER DEA DOES NOT PERMIT DRUG SCHEDULE

## What action needs to be taken to prevent claims from denying on July 8, 2013?

**Physicians** – Make sure your DEA number is registered with DOJ and is on your enrollment file at Medicaid. **Medicaid deadline for submission: June 21, 2013.**

To confirm if your DEA number is appropriately registered with the DOJ, and to ensure your correct address/contact information is registered with the DOJ, you may go to the DEA website at:

<https://www.deadiversion.usdoj.gov/webforms/validateLogin.jsp>

Prescribers of controlled substances are mandated to re-register their DEA license every three years.

To ensure your DEA is on file at Medicaid, fax a copy of the provider's DEA Registration Certificate to Provider Enrollment (fax 334-215-4298) and include the provider's Name, NPI number, and license number on the certificate. Medicaid will apply the DEA to all service locations based on the provider's NPI and license number. **The DEA information should be received by Provider Enrollment prior to June 21, 2013.** This deadline will allow Provider Enrollment time to enter the information in the provider's file before the July 8, 2013, implementation date.

**Pharmacies** – If you are receiving the informational edits, contact the provider who ordered the prescription and advise them to fax a copy of the provider's DEA Registration Certificate to Provider Enrollment (fax 334-215-4298) and include the provider's Name, NPI number, and license number on the certificate.

## Why is Medicaid implementing these changes?

In September 2009, the Government Accountability Office (GAO) issued the report "Medicaid Fraud and Abuse Related to Controlled Substances Identified in Selected States" which highlighted fraudulent, improper, or abusive actions in prescribing and dispensing of controlled substances. One of the report's primary recommendations was that states should use the Drug Enforcement Administration (DEA) Controlled Substance Registration file as part of their Medicaid claims processing efforts to prevent paying for controlled substances ordered by unauthorized prescribers.

**Prescribers: Please take a moment to validate your DEA number information.** Medicaid encourages all providers to be proactive and ensure the DEA number of the prescribing provider is registered with the Department of Justice (DOJ) and on file at Medicaid prior to June 21, 2013.

*NOTE: The claims which are currently paying and posting one of the informational edits above, will deny effective July 8, 2013.*

**Update: Dental Prior Authorization and Use of Dental Mailbox**

May 17, 2013

**TO: All Dental Providers**

**SUBJECT: Dental Prior Authorization (PA) Requests:**

**Effective: June 15, 2013**

All Dental PA requests must be submitted on a Prior Review and Authorization Dental Request Form (Form 343). All sections of the form must be completed. If the form is not completed in its entirety or if the PA request is submitted on any other form, the request will be denied.

The form and the required documents should be forwarded to HPES, P.O. Box 244032, Montgomery, AL 36124-4032 or faxed to HPES at 1-334-215-4272.

For Emergency PA requests, contact HPES at 1-334-215-4144.

**Documents Required with PA Requests:**

- Radiographs are required with PA requests for procedure codes D7240 and D7241. A report by tooth number of actual unusual surgical complication(s) is also required for procedure code D7241.
- Radiographs and medical documentation (clinical notes) are required with PA requests for D3410 and D3430.
- Radiographs are required with PA requests for CDT codes D1515, D1510, and D4355.
- Complete periodontal charting, posterior bitewing radiographs and any involved anterior periapical or bitewing radiographs are required with PA requests for D4341 and D4910.
- Medical documentation (clinical notes) is required with PA requests for CDT codes: D7970 D9420, D9610, and D9612.
- Radiographs, operative notes, and a completed ADA Dental claim form indicating procedures performed in the hospital setting are required with PA requests for hospital updates.

# A L E R T

**If required documents are not received with the PA request, the PA will be denied.**

**Use of Dental Mailbox:**

In order to comply with HIPAA regulations, providers using the Dental Mailbox to submit x-rays or other documents must do so by encrypted e-mail. To obtain an encrypted e-mail password, please contact HPES at 334-215-4144 or Medicaid's Dental Program at 1-334-242-5472.

**TO: All Maternity Care Primary Contractors**

**RE: Reimbursement Changes**

Due to budget constraints, the Alabama Medicaid Agency will implement up to a 5 percent reduction in payment of global fee for deliveries to Medicaid Maternity Care Program Primary Contractors effective July 1, 2013. No Contractor reimbursement will be reduced beyond the current lowest bid for the Maternity Care Program. This reduction will be effective for dates of deliveries July 1, 2013 to September 30, 2014.

For questions regarding this change, please contact Sylisa Lee-Jackson, Associate Director of the Maternity Care and Family Planning/Plan First Programs at (334) 353-4599 or [Sylisa.lee-jackson@medicaid.alabama.gov](mailto:Sylisa.lee-jackson@medicaid.alabama.gov).

**TO: Pharmacies, Physicians, Physician Assistants, Nurse Practitioners, Oral Surgeons, Optometrists, Dentists, FQHCs, RHCs, Mental Health Service Providers and Nursing Homes**

**RE: Pharmacy/Preferred Drug Program Updates**

**Effective July 1, 2013**, the Alabama Medicaid Agency will:

**1. Make changes to its current policy regarding compound prescriptions and reimbursement for bulk products (i.e., powders) used in compounded prescriptions.**

The changes are outlined below:

- Bulk products will no longer be covered for adults age 21 and older (some exceptions may apply). Selected medically necessary bulk products will remain covered for children.
- Claims for bulk powders must be submitted as a compound claim.
- Compounding time will no longer be reimbursed by Alabama Medicaid.
- The maximum payable amount for a compounded product will be \$200 per claim. Overrides for medical necessity may be approved. Requests for overrides should be submitted to Health Information Designs, Inc. (HID).

For information regarding compound claims and bulk powders, see section 27.2.5 of the Alabama Medicaid Provider Manual at

[http://www.medicaid.alabama.gov/CONTENT/6.0\\_Providers/6.7\\_Manuals/6.7.7\\_Provider\\_Manuals\\_2013/6.7.7\\_Provider\\_Manuals\\_2013.aspx](http://www.medicaid.alabama.gov/CONTENT/6.0_Providers/6.7_Manuals/6.7.7_Provider_Manuals_2013/6.7.7_Provider_Manuals_2013.aspx)

- 2. No longer require prior authorization (PA) for payment of generic lansoprazole.** Brand name Prevacid will continue to require prior authorization (PA).
- 3. Require prior authorization for payment of generic azelastine nasal spray.** Brand name Astelin will be preferred and available with no PA necessary.
- Use Dispense as Written (DAW) Code of 9 for brand Astelin. Generic versions of the drug will be non-preferred and will require prior authorization. DAW Code of 9 indicates the following: Substitution Allowed by Prescriber but Plan Requests Brand - Patient's Plan Requested Brand Product to be Dispensed.

**A L E R T**

4. **Update the Preferred Drug List (PDL) to reflect the recent Pharmacy and Therapeutics (P&T) Committee's recommendations as well as quarterly updates.** The updates are listed below:

<b>PDL Additions</b>	
<b>Astelin</b>	EENT Preparations/Antiallergic Agents
<b>PDL Deletions</b>	
<b>Astepro</b>	EENT Preparations/Antiallergic Agents
<b>Maxair Autohaler</b>	Respiratory/Beta-Adrenergic Agents

Auburn, AL 36832-3210  
Fax: 1-800-748-0116  
Phone: 1-800-748-0130**

Incomplete PA requests or those failing to meet Medicaid criteria will be denied. If the prescribing physician believes medical justification should be considered, the physician must document this on the form or submit a written letter of medical justification along with the prior authorization form to HID. Additional information may be requested. Staff physicians will review this information.

Policy questions concerning this provider notice should be directed to the Pharmacy Program at (334) 242-5050. Questions regarding prior authorization procedures should be directed to the HID help desk at 1-800-748-0130.

**TO: All Dental Providers**

**SUBJECT: Dental Prior Authorization (PA) Changes and Discontinuance of Dental Mailbox**

**Effective: July 15, 2013**

Dental PA requests can be submitted either on paper via mail or electronically via Medicaid's web portal.

**Emergency PA Requests:**

When there is a need for an emergency PA, providers must contact HPES/Dental PA Unit by calling 334-215-4144. If there is no answer, a voice mail message will be accepted. The voice mail message must include the following information:

- Recipient's name
- Recipient's Medicaid number (13 digits)
- NPI of dentist
- phone number of dentist including area code
- nature of emergency
- contact person if other than dentist for follow-up.

A paper or electronic PA request must be completed and received by HPES within ten business days of the telephone call/voice message request. If the paper or electronic request is not received within ten business days of the telephone call/voicemail message, the emergency PA request will be **denied**.

**Paper PA Requests:**

When submitting a paper PA request, the request must be submitted on a Prior Review and Authorization Dental Request Form (Form 343, revised 05/28/2013). All sections of the form must be completed. If the form is not completed in its entirety or if the PA request is submitted on any other form, the request will be **denied**.

The completed form must be submitted with required documentation as referenced in the "*Legible Documents Required for PA Requests*" section of this Alert and must be mailed to HPES (address listed below in the "*Mailing Address*" section). If required documents are not received with the paper PA request, the PA will be **denied**.

**Electronic PA Requests:**

When submitting an electronic request, select "Dental" if the service is being performed in the dentist office. Select "Surgical" if the service is being performed in an outpatient hospital setting.

Following submission of an Electronic PA Request, the required documentation as referenced in the "*Legible Documents Required for PA Requests*" section of this Alert must be mailed to HPES (address listed below in the "*Mailing Address*" section).

The documentation must have the PA number written **legibly** in the upper right hand corner of each page of documentation so the documentation can be matched to the electronic PA request. Documentation received without a PA number in the upper right hand corner will be shredded.

Electronic PA requests will be held for up to ten business days in order to allow sufficient time to receive the mailed documentation. **If the mailed documentation is not received in this time period, the PA request will be denied.** A new PA request must be submitted on paper with all the required documentation for the PA to be reconsidered.

**ALERT – To All Dentists**  
**SUBJECT: Dental Prior Authorization Changes and Discontinuance of Dental Mailbox**  
**June 19, 2013**

page 2 of 2

**Discontinuance of Dental Mailbox:**

The Dental Mailbox is being discontinued effective July 12, 2013 at 5 p.m., CST, all documents including radiographs must be mailed to the address below.

In the case of radiographs, the original may be mailed in lieu of a paper copy. If original radiographs are to be returned to the provider, please include a self-addressed, postage-paid envelope.

**Legible Documents Required for PA Requests:**

- Radiographs are required with PA requests for CDT codes D7240 and D7241. A post-surgical report by tooth number of actual unusual surgical complication(s) is also required for CDT code D7241.
- Radiographs and medical documentation (clinical notes) are required with PA requests for CDT codes D3410 and D3430.
- Radiographs are required with PA requests for CDT codes D1515, D1510, and D4355.
- Complete periodontal charting, posterior bitewing radiographs and any involved anterior periapical or bitewing radiographs are required with PA requests for CDT codes D4341 and D4910.
- Medical documentation (clinical notes) is required with PA requests for CDT codes: D7970 D9420, D9610, and D9612.
- Radiographs, operative notes, and a completed ADA Dental claim form indicating procedures performed in the hospital setting are required with PA requests for hospital updates.
- Radiographs and clinical notes are required with PA requests for medical (CPT) codes

**Mailing Address:**

The paper PA request form and all required documentation must be mailed to:

HPES  
Dental PA Unit  
P.O. Box 244032  
Montgomery, AL 36124-4032

or

HPES  
Dental PA Unit  
301 Technacenter Drive  
Montgomery, AL 36117

Faxed copies will no longer be accepted.

**If required documents are not received, the PA will be denied.**

**TO: Patient 1<sup>st</sup> Providers**

**SUBJECT: Depression Screenings and BMI**

Effective September 1, 2013, Patient 1<sup>st</sup> Providers are required to document two clinical outcomes on claim forms in order to provide data in support of the quality measures established for the Health Home State Plan Amendment (SPA) and the Adult Quality Measures Grant. The screenings include:

- 1) The outcome of depression screenings administered to recipients age 18 and older utilizing the PHQ-2 and PHQ-9 screening tools. The PHQ-9 is used when the score on the PHQ-2 is a four or higher. The PHQ-2 Screening tool may be accessed at: [http://www.cgaimh.org/pdf/tool\\_phq2.pdf](http://www.cgaimh.org/pdf/tool_phq2.pdf) and the PHQ-9 screening tool at <http://www.agencymeddirectors.wa.gov/Files/depressooverview.pdf>
- 2) ICD-9 diagnosis codes for BMI on all Patient 1<sup>st</sup> recipients

**Depression Screenings:**

One of two CPT® Codes should be entered on the claim form:

- **G8431:** Positive Screening for Clinical Depression with Documented Follow-Up Plan; or
- **G8510:** Negative Screen for Clinical Depression, Follow-Up not Required

*Note that these codes are for tracking purposes and have a zero reimbursement rate.*

**BMI:**

One of diagnosis codes in the range V850-V854 for BMI should be entered on the claim form.

**TO: All Optometrists and Ophthalmologists**

**SUBJECT: Coverage of Visual Evoked Potential (VEP)**

Currently, the Alabama Medicaid Agency covers VEP only for neurologists. Effective for **dates of service on or after August 1, 2013**, Medicaid will also cover VEP for optometrists and ophthalmologists.

To bill for VEP, the provider must use the following CPT<sup>®</sup> procedure code:

- 95930 – Visual Evoked Potential (VEP) Testing Central Nervous System

If the provider owns the equipment and performs the reading, then procedure code 95930 would be billed **without** a modifier. This is called a global service.

If the provider does not own the equipment, but performs the reading, then procedure code 95930 must be billed **with modifier 26**. This is called a professional interpretation service.

The current reimbursement rate for 95930 is:

- \$65.00 for the global
- \$17.00 for the professional interpretation

**To: Hospice Providers**

**Subject: Changes to the Medicaid Hospice Election and Physician's Certification Form 165**

Hospice providers are required to include within the medical record a Medicaid Hospice Election and Physician's Certification form (Form 165) that has been signed and dated by the physician. The exception to this is when an individual is eligible for Medicare as well as Medicaid. In that case, the Medicare election form will continue to serve as election for both hospice programs.

Form 165 was recently revised to include blanks to enter the ***Date of Benefit Period*** and the ***Date Physician Signed***. Effective September 1, 2013, all Hospice Providers should discard all copies of the previous Form 165 and utilize the revised form.

The revised Form 165 and the *Instructions for Completion of Hospice Election Form 165* will be located on the Agency's website, effective September 1, 2013 and can be accessed at the following: [Resources/Forms Library/Long Term Care/Form 165](#)

**TO: Providers, Vendors and Clearinghouses**

**RE: Alabama Medicaid Provider and Vendor Testing for ICD-10**

Providers may begin ICD-10 testing on August 26, 2013. Providers and vendors are encouraged to test to ensure file layout information is in the correct format prior to the federal mandate date for ICD-10, which is currently, October 1, 2014. It is critical that providers and trading partners test with Alabama Medicaid prior to implementation. We encourage early testing from August 26, 2013 through October 11, 2013. However, testing will continue until the ICD-10 federal mandate date. Testing will ensure our readiness and your readiness and will reduce the impact of this implementation for all parties.

## **What transactions are affected by ICD-10 changes?**

- 837I (Institutional claims)
- 837P (Professional claims)
- 278 (Prior Authorization)
- 835 Remittance Advice and 835 Electronic remittance advice
  - No specific changes were made but new Explanation of Benefit (EOB) codes and corresponding Claim Adjustment Reason Code (CARC)/Remittance Advice Remark Codes (RARC) will be returned related to ICD-10

## **What do I need to do prior to testing if I use a vendor or clearinghouse, or if I am a vendor or clearinghouse?**

ICD-10 changes must be made to your system first. If you work with a software vendor or clearinghouse, work with that vendor or clearinghouse to understand when the ICD-10 software upgrade will be available.

Review and understand the changes being made by Alabama Medicaid and how they affect you and the transactions you submit.

Understand the use of the ICD-9 end dates and ICD-10 effective dates.

Contact HP Enterprise Services (HP), who is the fiscal agent for Alabama Medicaid, in advance to ensure you are set up to test with us.

Obtain a copy of the spreadsheet required to record and submit testing activities and outcomes so we can better support you.

# A L E R T

## How do I begin testing if I use a vendor or clearinghouse?

If you have tested with HP in the past, attempt to logon to the secure web site by selecting the **Secure Site** link at <https://www.alabama-uat.com/ALPortal/> and answer the security questions to reset the password. If this is unsuccessful, contact the EMC Helpdesk to ensure you are set up to test with us.

If you have **never** tested with HP, contact the EMC Helpdesk to obtain a Trading Partner ID for testing. The telephone number is 1-800-456-1242 and the e-mail address is AlabamaSystemsEMC@hp.com.

## How will I test after I am assigned a Trading Partner ID?

Once a Trading Partner ID has been issued to you from the EMC helpdesk:

- Logon to the secure web site by selecting the **Secure Site** link at <https://www.alabama-uat.com/ALPortal/> and select the **setup account** button.
- Enter the **Login ID** (Trading Partner ID) and **Personal Identification Number** (PIN) that has been issued and select **setup account** button.
- Enter data in all required fields to set up the web account and select **submit**.

The Medicaid Home Page will be displayed and you are now set up to begin submitting batch files for testing.

For those with an existing testing ID, if you are unable to logon, please attempt to answer the security questions and reset the password. If this is unsuccessful, please contact the EMC help desk for further assistance.

## I use Provider Electronic Solutions, how do I test?

Ensure you have Version 3.02 of the Provider Electronic Solutions software which is ICD-10 compliant. Follow the instructions above to obtain a Trading Partner ID. Once a Trading Partner ID is obtained go through the steps to set up the web account establishing a user ID and password.

- Open Provider Electronic Solutions, select tools/options and under the Batch tab enter your Trading Partner ID, Web Logon ID (this is the user id you created on the web portal) and your Web Password.
- Lastly, select the Web tab, and change the Environment Indicator (Environment Ind) from a 'P' to a 'T' and select OK.
- You are ready to submit **test** files.

**NOTE:** Be sure to change the User ID and Web Password back to your production logon details and Environment Indicator back to 'P' if you need to submit **production** claims.

# A L E R T

## **I use Medicaid's Interactive Web Portal to submit claims, how do I test?**

Contact the EMC Help Desk and request a Provider Web Portal ID for User Acceptance Testing, you will need to provide the NPI and service location information for testing.

Once you receive the web logon ID and PIN, follow the steps listed above for setting up a Trading Partner ID to establish a provider web account for testing.

The link to the portal for testing is <https://alabama-uat.com/ALPortal>.

## **What other information do I need to know for ICD-10 testing?**

- ✓ Submit "real" data, if possible. Use production data and submit it on the **testing** site with ICD-10 codes and compare results.
- ✓ Dates of service on the claims should be changed prior to submission based on ICD-9 end dates and ICD-10 effective dates listed below.
- ✓ Try conditions that you feel will be accepted and validate they are paid.
- ✓ Try conditions that you feel will fail and validate that they do deny.
- ✓ Keep track of the ICN's returned to help us research identified issues.
- ✓ For issues concerning submission errors (TA1 or 999) note the tracking number to assist with research.

## **The ICD-9 and ICD-10 Testing Effective Dates are as follows:**

### **August 26, 2013 – March 31, 2014**

- ICD-9 end date = August 25, 2013 & ICD-10 start date = August 26, 2013

### **April 1, 2014 – September 30, 2014**

- ICD-9 end date = March 31, 2014 & ICD-10 start date = April 1, 2014

### **October 1, 2014 and thereafter**

**RE: Synagis® Criteria for 2013 – 2014 Season**

- The Alabama Medicaid Agency has updated its prior authorization criteria for the Synagis® 2013-2014 season. Below are some highlights for the season. Complete criteria can be found on the website at the following link:

[http://medicaid.alabama.gov/CONTENT/4.0\\_Programs/4.5.0\\_Pharmacy/4.5.14\\_Synagis.aspx](http://medicaid.alabama.gov/CONTENT/4.0_Programs/4.5.0_Pharmacy/4.5.14_Synagis.aspx)

- The approval time frame for Synagis® will begin October 1, 2013 and will be effective through March 31, 2014.
- Up to five doses will be allowed per recipient in this timeframe. Some recipients may only receive up to a max of 3 doses, depending on the gestational and chronological age.
- There are no circumstances that will result in approval of a sixth dose.
- If a dose was administered in an inpatient setting, the date the dose was administered must be included on the request form.
- For approval of requests, the recipient must meet gestational and chronological age requirements. In order to meet chronological age requirements, the recipient must not exceed the specified age at the start of the RSV season.
- Prescribers, not the pharmacy, manufacturer or any other third party entity, are to submit requests for Synagis® on a separate prior authorization form (Form 351) **directly** to Health Information Designs and completed forms may be accepted beginning September 3, 2013 (for an October 1 effective date).
- Stamped or copied physician signatures will **not** be accepted and will be returned to the provider.
- A copy of the hospital discharge summary from birth or documentation of the first office visit with pertinent information (gestational age, diagnosis, etc.) is required on all Synagis® PA requests.
- If approved, each subsequent monthly dose will require submission of the recipient's current weight and last injection date and may be faxed to HID by the prescribing physician or dispensing pharmacy utilizing the original PA approval letter.
- Letters will be faxed to both the prescriber and the dispensing pharmacy notating approval or denial.

## **Criteria**

Alabama Medicaid follows the 2012 American Academy of Pediatrics (AAP) Redbook guidelines regarding Synagis® utilization. Additional questions regarding Synagis® criteria can be directed to the Agency's Prior Authorization contractor, Health Information Designs at 1-800-748-0130.

**TO: Independent Laboratories, Independent Radiologists, Durable Medical Equipment, Home Health, Physicians, Physician Assistants, Certified Nurse Midwives, Certified Nurse Practitioners, Psychologists, Optometrists, Dentists, Podiatrists,**

**RE: Ordering/Referring Provider's NPI Must Be Present on Claims**

**Effective October 1, 2013**

Code of Federal Regulations (42 CFR 455.440) requires all claims for the payment of items and services that are ordered, referred, or prescribed to contain the National Provider Identifier (NPI) of the physician or other professional who ordered, referred, or prescribed such items or services.

**Effective for claims received on or after October 1, 2013, all Medicaid claims from laboratories, imaging centers, home health agencies, and durable medical equipment providers MUST have the NPI of the ordering/referring provider.**

There are three basic requirements:

1. The physician or non-physician practitioner must be enrolled in Medicaid as either a regular Medicaid provider or as an OPR provider.
2. The NPI used must be for an individual physician or non-physician practitioner and cannot be an organizational NPI.
3. Interns and non-licensed residents must use the NPI of the teaching, admitting, or supervising physician on the claim for reimbursement. If the resident has a medical license, then the resident must be enrolled with Medicaid and the NPI of the resident must be used on the claim for reimbursement.

**Attention Physicians and Non-physician Practitioners:**

**You must furnish your NPI on all orders/referrals for laboratory, imaging services, home health services, and durable medical equipment.** The laboratory facility, the radiology/imaging center, the pharmacy, the home health agency, and the medical supply company will always need the NPI of an ordering/prescribing/referring physician or non-physician practitioner in order to submit their claims for payment to the Medicaid program.

An enrollment application is available for those providers who do not treat Alabama Medicaid recipients for payment, but who do order, prescribe, or refer. These providers will be enrolled as an OPR provider. Medicaid will not make payment to an OPR provider but will recognize their NPI for services rendered by participating Medicaid providers. An abbreviated enrollment application is located on the Alabama Medicaid Agency website at the following link in the Administrative Forms section:

[http://medicaid.alabama.gov/CONTENT/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.6\\_Provider\\_Enrollment\\_Forms.aspx](http://medicaid.alabama.gov/CONTENT/5.0_Resources/5.4_Forms_Library/5.4.6_Provider_Enrollment_Forms.aspx).

Providers can check to see if an ordering or referring provider is enrolled with Medicaid through the Medicaid Secure Website. Providers may search using an NPI or license number of a provider. This is available on the Providers/Provider Search tab using the following link.

**RE: Pharmacy Changes**

Effective October 1, 2013, the Alabama Medicaid Agency will:

- Discontinue coverage of over-the-counter medications (OTCs) for adults and children; *OTC insulin and nutritional products will remain covered.*
- Decrease Wholesale Acquisition Cost (WAC) ingredient reimbursement to WAC + 0% from WAC + 9.2% for drugs without an Average Acquisition Cost (AAC).

Effective October 1, 2013, the Alabama Medicaid Agency will begin phasing in the following changes for an effective date of January 1, 2014. Informational edits and/or overrides will be available during the phase in period; providers are encouraged to use the phase in period to coordinate/find the best schedule for each individual recipient. Changes include:

- Implementation of a mandatory three month maintenance supply program for selected medication classes. A maintenance supply prescription will only be counted towards the prescription limit in the month in which it is filled. The selected classes include:

Medication Class	Medications Included
ACE Inhibitors	Preferred generics and brands
Antidepressants	Preferred generics and brands
Asthma	Generic montelukast only
Beta Blockers	Preferred generics and brands
Calcium Channel Blockers	Preferred generics and brands
Contraceptives	Oral, vaginal rings, patches only
Diabetic Agents/Supplies	Generic metformin, OTC insulins, and syringes
Diuretics	Preferred generics and brands
Lithium	All covered Products
Statins	Preferred generics and brands
Thyroid Replacement	All covered Products

- Limit the number of outpatient pharmacy prescriptions to five total drugs (including up to four brands) per month for adults. Children under 21 and nursing home recipients are excluded. In no case can total prescriptions exceed ten per month per recipient. Allowances will be made for up to five additional (10 total) prescriptions for brand and generic antipsychotics, antiretrovirals, and anti-epileptic drugs.

Additional pharmacy-specific billing information and override information can be found on the Pharmacy Services page of the Alabama Medicaid Agency website at

**RE: Reimbursement Change 7.5 Percent Reduction**

Due to budget constraints, the Alabama Medicaid Agency will implement a 7.5 percent reduction in payments to all physicians, physician-employed nurse practitioners, physician-employed physician assistants, and to CRNPs.

Primary care provider rates for the evaluation and management (E&M) and Vaccine for Children (VFC) procedure codes under the Affordable Care Act will not be affected, but all other procedure codes will be reduced. Primary Care providers who qualify for the Primary Care Rate increase (also called BUMP increase) and have an attestation form on file with HPES will continue to be reimbursed at 100 percent for the E&M and VFC codes.

These reductions will be effective for dates of service on or after October 1, 2013.

**TO: All Providers**

**RE: Procedure/Modifier Combination Requirements**

**Effective October 21, 2013**, the Alabama Medicaid Agency will begin use of two new Explanation of Benefit (EOB) codes.

**The new EOB codes will be:**

- **EOB 3323** Procedure restriction – Required modifier not present
  - A procedure code was submitted without the required modifier.
- **EOB 3324** Procedure restriction – modifier not allowed
  - A procedure code was submitted with a modifier that is not allowed.

Between October 21, 2013, and November 21, 2013, these codes will be returned as informational messages only. Effective November 22, 2013, claims will be denied when submitted without the correct procedure and modifier combinations.

For **prior authorization** requests entered on the provider web portal, an error message will be returned to the user on the line item panel if the modifier entered for the procedure code is not allowed. In that case, the following online error message will be displayed: “Procedure code and modifier combination entered is invalid for the requested effective dates.”

A user must correct the prior authorization record by removing or changing the modifier that is not allowed while on the line item panel prior to selecting NEXT to move to the next page.

The provider manual has additional information concerning billing modifiers for certain services.

November 21, 2013

**TO: Nursing Home Providers**

**RE: Handling Funds Following the Death of a Medicaid-Eligible Resident**

The purpose of this alert is to clarify the procedures associated with handling funds following the death of a Medicaid-eligible nursing home resident. The Medicaid Administrative Codes 560-X-10-.14(3)(f) and 560-X-22-.25(5)(e) and the Social Security Administration Guide for Representative Payees require that nursing homes, upon the death of a resident, release any funds being held at the facility in the resident's name to the administrator of the deceased resident's estate. In the event that there is not a person who has been appointed to act as the administrator of the estate, the funds should be sent to the Alabama State Treasurer's Office, Unclaimed Property Division.

In an effort to ensure that all Alabama nursing home facilities are in compliance with the rules and regulations pertaining to the handling of the funds of deceased residents, the following instructions are provided:

**A. Resident Trust Funds:**

1. If the deceased resident has funds remaining at the nursing home, those funds must immediately be turned over to the legal representative of the resident's estate. The facility should obtain a copy of the letters of administration issued by the probate court identifying the legal representative.
2. If there is no evidence of a person with legal authority to administer the estate of the deceased resident, the facility must prepare and submit forms: UCP1 (Cover Sheet Required for All Reports) and UCP2 (For Reporting of Money and/or Securities Related Property), along with a check in the amount of the refund due the resident, to the Alabama State Treasury's Unclaimed Property Division. Forms may be obtained through the Alabama Treasury Website: [www.moneyquest.alabama.gov](http://www.moneyquest.alabama.gov).

The UCP1 form requires information specific to your business and the UCP2 form will contain the reported owner information and assets reported and remitted for each owner account.

To further illustrate what is required:

- a. Form UCP1, the unclaimed property report, must include the payment, which is the total amount of funds as reflected in your report (sum of all reported unclaimed property owner's assets). You will issue one check/wire with your unclaimed property report. This remittance of the report and assets enables your business to clear/close your ledger/accounting of those outstanding liabilities. Any future reference to these accounts after your reporting should be directed to the State Treasurer's Office, Unclaimed Property Division.

# A L E R T

- b. Form UCP2 is the report where you list the individuals for whom you are submitting funds to UCP.

**Section 1** – Account #/Check# (does not need to be completed)

**Section 2** – NAUPA Property Code (should state “Resident Trust Funds”)

**Section 3** – Amount being remitted for the deceased resident

**Section 4** – Securities

**Section 5** – Can be left blank

**Section 6** – The resident’s name

**Section 7** – The name/address of your facility

**Section 8** – The resident’s Social Security number

**Section 9** – Relation Code (should state “Payee”)

The State of Alabama Treasurer’s Office is available to help answer any additional questions you may have on this issue. If you wish to contact the Unclaimed Property Division on reporting unclaimed property contact the Reporting Section (toll free) at 888-844-8400 or visit the program’s website at [www.moneyquest.alabama.gov](http://www.moneyquest.alabama.gov).

**\*Effective December 2013, nursing home facilities must notify the Alabama Medicaid Agency, within five (5) business days, of any submission to the Alabama State Treasury’s Unclaimed Property Division. The resident’s name, Social Security number, and the amount of funds submitted should be forwarded to the attention of the Estate Recovery Unit of the Third Party Division. To satisfy this requirement, nursing homes may choose to fax a copy of the UCP 2 form to the Alabama Medicaid Agency at 334/353-4820 at the time they submit to Unclaimed Property.**

**B. Credit Balances (Other than resident trust funds):**

Upon the death of a resident with a credit balance on the facility’s financial records, the facility must convey promptly these funds, and provide a final accounting of said funds to the Alabama Medicaid Agency. When sending the credit balance information, the facility must provide the resident’s name and social security number along with the funds to the attention of Estate Recovery.

If you have any questions regarding this matter, please contact Codie Rowland at 334-242-5652 or Teresa Dunbar at 334-242-5311.

The CMS-1500 Claim Form has been revised to more adequately support the use of the ICD-10 diagnosis code set, which is important as the October 1, 2014 transition approaches. The revised CMS-1500 form (version 02/12) will replace CMS-1500 (version 08/05). The revised form will give providers the ability to indicate whether they are using ICD-9 or ICD-10 diagnosis codes and also allows for additional diagnosis codes, expanding from 4 possible codes to 12 possible codes. Please note:

- **ICD-9 codes** must be used for services provided **before October 1, 2014**
- **ICD-10 codes** must be used for services provided **on or after October 1, 2014**

Alabama Medicaid will begin accepting the revised form on January 6, 2014.

- Claims submitted on the **revised CMS-1500 (version 02/12)** form **prior to January 6, 2014** will be returned without being processed.
- Claims submitted on the **retired CMS-1500 (version 08/05)** form **on or after April 1, 2014** will be returned without being processed.

HP Enterprise Services does not supply this form. Providers should obtain this form from a vendor supplying current CMS-1500 forms.

**REMINDER:** Alabama Medicaid requires all claims be submitted electronically. The only time a provider should submit a paper claim is for administrative review or other exceptions previously outlined. If you have any questions, please contact the Provider Assistance Center at 1-800-688-7989.

**RE: Pharmacy Changes Effective January 1, 2014**

**Effective January 1, 2014**, the Alabama Medicaid Agency will:

- 1. Limit the number of outpatient pharmacy prescriptions to five total drugs (including up to four brands) per month for adults.** *Children under 21 and nursing home recipients are excluded.* Allowances will be made for up to five additional (10 total) prescriptions for brand and generic antipsychotics, antiretrovirals, and anti-epileptic drugs. In no case can total prescriptions exceed 10 per month/per recipient.
- 2. Implement a mandatory three-month maintenance supply program for selected medication classes.** A maintenance supply prescription will only be counted towards the prescription limit in the month in which it is filled, and will be required after 60 days stable therapy. The selected classes include:

Medication Class	Medications Included
ACE Inhibitors	Preferred generics and brands
Antidepressants	Preferred generics and brands
Angiotensin II Receptor Blockers	Preferred generics and brands
Asthma	Generic montelukast

**RE: Children's Health Insurance Program (CHIP) will transition to Alabama Medicaid**

The Affordable Care Act requires each state's Medicaid program to cover all children ages 6-18 whose family income is 133 percent of the Federal Poverty Level or less. As a result, approximately 25,000 children now enrolled in the Children's Health Insurance Program (CHIP) will transition to Alabama Medicaid on January 01, 2014. In Alabama, the CHIP program is known as ALLKids.

- The transition will require that all of these children participate in Medicaid's Patient 1<sup>st</sup> program and choose a Patient 1<sup>st</sup> Primary Medical Provider (PMP).
- Current CHIP enrollees who are patients of providers now enrolled in Medicaid Patient 1<sup>st</sup> and CHIP will automatically be assigned to their current physician.
- CHIP-enrolled children whose physicians participate in Alabama Medicaid, but are not Patient 1<sup>st</sup> PMPs will be enrolled as Medicaid fee-for-service recipients for a 30-day period. If the recipient does not choose an enrolled Patient 1<sup>st</sup> PMP within this period of time, the system will automatically assign one for them.
- Patient 1<sup>st</sup> PMPs may be changed at any time.
- To ensure the continuity of care for the children now within your practice, eligible providers are encouraged to enroll as Medicaid Patient 1<sup>st</sup> providers. Participation can be limited and physicians can specify the number they wish to accept in their panels.
- To enroll as a Patient 1<sup>st</sup> PMP, providers must complete and submit a **Patient 1<sup>st</sup> Application Package** (application and agreement) to the Hewlett Packard (HP) Provider Enrollment Unit. The application package is available on Medicaid's website at: [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) under **Providers>Provider Enrollment**. Providers not yet enrolled with Alabama Medicaid will need to complete an online **Provider Enrollment Application** as well. **RE: Tobacco Cessation Counseling Services for Pregnant Women**

Beginning January 1, 2014, the Alabama Medicaid Agency will cover a new smoking cessation benefit for Medicaid-eligible pregnant women. Medicaid will reimburse for up to four face-to-face counseling sessions in a 12-month period. The reimbursement period will begin in the prenatal period and continue through the postpartum period (60 days after delivery or pregnancy end). Documentation must support each counseling session.

Additional information regarding this mandate can be accessed at <http://downloads.cms.gov/cmsgov/archived-downloads/SMDL/downloads/SMD11-007.pdf>.

**Alabama Medicaid Policy:**

Face-to-face counseling services must be provided:

- By or under the supervision of a physician; or
- By another health care professional who is legally authorized to furnish such services under State law within their scope of practice and who is authorized to provide Medicaid covered services other than tobacco cessation services

The following CPT Codes are applicable:

- 99406—Smoking and tobacco use cessation counseling visit; intermediate, greater than three minutes up to 10 minutes
- 99407—Smoking and tobacco use cessation counseling visit; intensive, greater than 10 minutes

**TO: DME Providers, Prosthetics & Orthotics (P&O) Providers, Pharmacies, Physicians, Physician Assistants, Nurse Practitioners, and Nursing Homes.**

**RE: Durable Medical Equipment (DME) Program Changes**

The Alabama Medicaid Agency's Durable Medical Equipment Program will make changes to:

- Reimbursement for BiPAP (E0470, E0471 & E0472)
- Humidifier Reimbursement (E0550, E0561, E0562 and E0565)

Detailed information about each change is provided below.

**BiPAP/Humidifier Reimbursement:**

DME Provider(s) that submit Prior Authorizations (PA) on BiPAP devices for dates of service on or after January 01, 2014:

- Will no longer be reimbursed for BiPAP and Humidifier devices billed separately on the same date of service;
- Will no longer be reimbursed for the humidifier as a continuous rental when billed with a BiPAP;
- Will receive the monthly reimbursement amount for procedure codes E0471 & E0472 of \$475.37, totaling \$4,753.76 at the end of the ten month capped rental period;
- Will receive a monthly reimbursement amount for procedure code E0470 for \$219.68, totaling \$2,196.80 at the end of the ten month capped rental period;

# A L E R T

December 19, 2013

**RE: Durable Medical Equipment (DME) Program Changes**

- Will use **(LL)** modifier when billing for initial PA approved for initial date of service 01/01/14 and after; *(Recertification continues to be required after the initial three month trial period.)*
- Will continue *(with approved recertification)* to bill the next six months for BiPAP with **(LL)** modifier.
- Will bill with **NO** modifier for the final month (totaling 10 months capped)
- Will no longer use the RR modifier for initial BiPAP PAs submitted on or after January 01, 2014

The monthly payment will include delivery, BiPAP and Humidifier devices, in-service for the caregiver, maintenance, repair and supplies. Alabama Medicaid will not reimburse separately for procedure codes A7030, A7034, A7037 and A7038 during the BiPAP's ten month capped rental period. Recertification continues to be required after the initial three months. If the BiPAP is determined not to be medically necessary (i.e., the criteria are no longer met), the device will be returned to the supplier.

**If a recipient already has BiPAP and/or humidifier devices on January 01, 2014:**

New PA number(s) will be assigned by HP and new PA letters will be mailed to the DME provider(s) to bill for the remaining capped rental months in 2014.

For these PAs, the provider will continue to include the LL modifier for the next up to six (6) claims and the final claim will be billed with no modifier to capture the 10<sup>th</sup> capped rental amount. If the cumulative amount has been reached, no additional claims will be paid.

Therefore, providers are to ensure that recipients, who have current prior authorizations (PAs) for both devices, have both the BiPAP and humidifier prior to January 01, 2014. These items will be considered as purchased and owned by the recipient. After January 01, 2014, Alabama Medicaid will only reimburse the provider for needed supplies for these recipients.

**RE: Durable Medical Equipment (DME) Program Changes**

**For initial PAs effective for dates of service on or after January 01, 2014:**

Submit the initial PA for the three month trial period with procedure codes E0470, E0471, E0472, with modifier (LL) (RENTAL (APPLD TO PUR)) for three units. With approved recertification, submit the subsequent PA with two detail lines. The first detail will be for six units with modifier (LL) and the second detail will be for one unit with **NO** modifier.

**Modifiers to be used:**

PAs submitted on or after January 01, 2014:

- **LL** modifier should be included for the initial three month trial period and next six months
- **NO** modifier for the final month (totaling 10 months capped)
- **RA** will be used for replacement of machine only, within 8 year period. Replacement has to be prior approved by the Agency as directed by policy. (Max Fee price of \$4,330.66 for procedure codes E0471 & E0472 and \$1,773.70 for procedure code E0470)

**REMINDER:**

Requests for Medicaid's authorization of a replacement BiPAP device will be accepted for review every eight years. A request for replacement of the device submitted within less than eight years which is due to a natural disaster, or an occurrence beyond the recipient's control, and not the result of misuse, neglect or malicious acts by the user may be considered for approval and payment. The provider must obtain a prior authorization, submit the claim electronically to HP for processing with the appropriate procedure code and **Modifier CR** and keep all documentation in the recipient file.

**TO: Primary Care Providers**

**RE: Primary Care Physician Rate Increase Audit**

A provision of the Affordable Care Act (ACA) **42 CFR 447.400 Primary care services furnished by physicians with a specified specialty or subspecialty** requires that at the end of calendar years 2013 and 2014, the Alabama Medicaid Agency must review a statistically valid sample of physicians who received higher payment to verify that they met the following requirements:

1. They have a specialty or subspecialty designation in family medicine, general internal medicine, or pediatrics that is recognized by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS), or the American Osteopathic Association (AOA) and they actually practice in the areas. The American Board of Allergy and Immunology (ABAI) is an ABMS-recognized sub-discipline of the American Board of Pediatrics and the American Board of Internal Medicine.
2. They are **not** board certified but are practicing in the field of family medicine, general internal medicine, or pediatrics or a subspecialty under one of these specialties, **and** 60% of their **paid** Medicaid procedures billed are for evaluation and management (E&M) codes 99201 through 99499 and VFC administration services.

**Note:** To verify if the 60% threshold has been met, the following calculation will be used:

*Divide the total volume of E&M codes and vaccine administration codes **paid** by Medicaid by the total volume of all codes **paid** by Medicaid. This calculation will be done for each eligible physician individually and not as a group practice. Urinalysis, EKGs, and antibiotic administrations are commonly provided by primary care physicians, Centers for Medicare and Medicaid (CMS) did not include them as primary care services in the numerator when calculating the 60% threshold. Therefore, paid billed codes for ancillary services such as labs, x-rays, injections will cause the percentage threshold to be less.*

This letter is to notify you that beginning May 1, 2014, the Alabama Medicaid Agency will be conducting an audit of the calendar year 2013 claims to verify that the above requirements were met. If the audit reveals the above requirements were not met, the enhanced payment will be subject to recoupment and/or the enhanced payments will be stopped.

**TO: All Physicians and Enrolled Patient 1<sup>st</sup> Providers**

**RE: Change to use of Group NPI and non-enrolled physicians in Patient 1<sup>st</sup> Program**

The Alabama Medicaid Agency is making changes to the Patient 1<sup>st</sup> program on June 1, 2014, to more precisely track referrals, and to improve patient care management and provider payment accuracy. These changes will also allow Medicaid to track performance measures of a Primary Medical Provider (PMP) in a more efficient manner.

**The new changes are:**

1. The group NPI number will no longer be recognized for referrals. This means the referring provider number on the claim must be the NPI of the referring physician, not the NPI of the group. A group NPI number will cause the claim to deny.
2. Physicians who are **not** enrolled as a Patient 1st provider will no longer be able to make referrals for or on behalf of an enrolled PMP and can only provide services if the patient was referred to them by a Patient 1<sup>st</sup> enrolled provider.
3. A self-referral will **no longer** be required for PMP's who see patients at different locations.

**ACTION NEEDED:**

*Enrollment in the PMP program will ensure payment. Physicians not enrolled with Patient 1<sup>st</sup> are encouraged to complete the online application as **soon** as possible.*

The application is available on Medicaid's website at: [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) under Providers>Provider Enrollment>Forms for Provider Enrollment>under Administrative Forms >Patient 1<sup>st</sup> Provider Enrollment. Questions concerning the application process should be directed to the Provider Enrollment Unit at: 1-888-223-3630.

For more information regarding these changes, please contact Latonda Cunningham via e-mail at [Latonda.cunningham@medicaid.alabama.gov](mailto:Latonda.cunningham@medicaid.alabama.gov).

DME Program Changes and Reminders—page 3 of 5

## **E0570 (Nebulizer) Continuous Rental Policy Change**

Effective for dates of **service** on or after **April 1, 2014**, Alabama Medicaid will reimburse E0570 (Nebulizer) **as purchase only**, excluding cross-over claims. Cross over claims will continue to be reimbursed as a continuous rental when submitted as a rental. There is no change in the current criteria.

## **Form 384 (Wheelchair/Seating Evaluation Form, Revised)**

Effective for dates of **submission** on or after **April 1, 2014**, the revised Wheelchair/Seating Evaluation Form, Form 384, must be submitted to the Agency's Fiscal Agent (HP Enterprise Services) for wheelchair/seating PAs.

The revised Form 384 has been added to the Agency's website and can be viewed by clicking the following link:

[http://medicaid.alabama.gov/documents/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.1\\_Billing/5.4.1\\_Form\\_384\\_Wheelchair\\_Revised\\_2-18-14.pdf](http://medicaid.alabama.gov/documents/5.0_Resources/5.4_Forms_Library/5.4.1_Billing/5.4.1_Form_384_Wheelchair_Revised_2-18-14.pdf)

Form 384 must be completed by an Alabama licensed Physical Therapist (PT)/Occupational Therapist (OT). Alabama Medicaid will only reimburse for the physical therapy evaluation for wheelchairs (manual with accessories and all power wheelchairs) for adults if the PT/OT is employed by a hospital enrolled with Alabama Medicaid. The evaluation must be performed in the hospital outpatient setting.

## **A4351, A4352, and/or A4349 (Catheter supplies) New Billing Process**

Effective for dates of **service** on or after **May 1, 2014**, providers must submit a PA request and supporting documentation for procedure codes A4351, A4352 and/or A4349 to the Agency's Fiscal Agent (HP) for the Prior Authorization Vendor's (Qualis Health) approval for

- (1) recipient age 0-20 needing more than 150 units per calendar month with an EPSDT screening, and
- (2) recipient age 21-999 needing more than 31 units per calendar month.

The provider will receive the PA decision letter with the approval or denial. If approved, the provider will submit the claim(s) electronically with the appropriate procedure code(s): A4351, A4352 and/or A4349 and the **U8 modifier**.

This change means that providers will no longer submit override requests for these items and quantities to the Agency for review. **Hard copy claims of this type (for dates of service on or after May 1, 2014), submitted by providers to the DME Unit, will not be processed.** All appropriate documentation must be kept in the recipient's file and will be monitored by Alabama Medicaid on a quarterly basis.

**A4221: Contra Audits**

For dates of **service** on or after **January 1, 2014**, Alabama Medicaid will no longer reimburse for the below listed procedure codes when billed in combination with procedure code A4221- Supplies for Maintenance of Drug Infusion Catheter, Per Week:

A4244	A4245	A4246	A4247	A4450	A4452	A4455
A4927	A4930	A6216	A6230	A6250	A6257	A6258
A6259	A6266	A6403	A6404	J1642		

**NOTE:** *A4221 will only be reimbursed by Alabama Medicaid once per week and up to three units per week. The reimbursement amount for code A4221 includes all necessary supplies for one week in whatever quantity is needed by the recipient for that week. Providers that submit claims including A4221 are required to furnish the items and services described in the quantities needed by the recipient for the entire week.*

These changes are in compliance with the 2010 federal regulation regarding A4221.

**REMINDERS:****Billable Modifiers for BiPAP**

PAs submitted for dates of service on or after January 1, 2014 must comply with the following instructions:

**LL** modifier - Submitted for BiPAP's

- initial three month trial period and
- next six months

**No modifier** - Submitted for the final month (totaling 10 months capped)

**RA** modifier - Submitted for replacement of machine only, within the 8-year period.  
(Replacement has to be prior approved by Agency as directed by policy.)

**Billable Modifiers for CPAP**

PAs submitted for dates of service on or after January 1, 2013 must comply with the following instructions:

**LL** modifier - Submitted for CPAP initial three (3) months approval

**No modifier** - Submitted for final payment (starts benefit limit count)

**RA** modifier - Submitted for replacement of machine only, within the 8-year period  
(Replacement has to be prior approved by Agency as directed by policy.)

**RR** modifier was terminated for Medicaid claims effective December 31, 2012  
(Accepted for cross-over claims only, after December 31, 2012)

## **Exceeds Benefit Limit Requests**

If the prescription to be paid by Alabama Medicaid exceeds the maximum benefit limit established by Alabama Medicaid, the DME provider must request an override or prior authorization for the prescribed item(s). If the override/prior authorization request is denied, then the item(s) above the maximum benefit limit is non-covered and the recipient can be charged as a cash recipient for the item(s) in excess of the maximum benefit limit.

## **NCCI Edits**

It is the provider's responsibility to ensure that requested items and/or quantities are in compliance with NCCI edits prior to submitting claims and/or prior authorization requests.

Prior authorization approval will not override NCCI edits.

The Medicaid NCCI Coding is available on the CMS NCCI website at:

<http://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Data-and-Systems/National-Correct-Coding-Initiative.html>

## **Criteria Compliance**

Please ensure compliance with the requirements listed in the Agency's Provider Manual and Administrative Code documents. Frequently, documentation is required to be maintained in the recipient's file on the DME site although the item(s) may not require prior authorization. An appropriate signature is also required for ALL items provided/delivered to recipients.

## **ICD-10 Implementation Delayed**

On April 1, 2014, President Obama signed into law legislation (HR 4302) that delayed the ICD-10 compliance date until at least October 2015. As we learn more, we will keep you informed. The Alabama Medicaid Agency's claims processing system was updated in October 2013 to accommodate ICD-10.

**TO: All Hospitals**

**RE: Change of Ownership (CHOW) and Closures**

Effective July 1, 2014, and thereafter, hospitals are to notify Medicaid of any Change of Ownership (CHOW) or closure as soon as it is known to ensure proper payment and prevent recoupments.

**Procedures Following a Change in Ownership:**

- When Medicaid or HP Enterprise Services (HPES) verifies an ownership change or closure of an acute care hospital (Public or Private), the hospital's contract will be end dated effective with the date of the sale or closure.
- The facility's new owner should submit an enrollment application to Medicaid as soon as the purchase has been finalized. When HPES approves the new enrollment application, the hospital will be assigned a Medicaid provider number and a temporary six-month contract based on the effective date of the CHOW.
- This temporary enrollment will allow the new owners to bill for services provided on or after the CHOW effective date. It will also allow Medicaid time to receive the Certification and Transmittal (C&T) form from the Alabama Department of Public Health (ADPH). Once the C&T is received from ADPH, then Medicaid will update the hospital's contract. **If Medicaid is not notified of the CHOW within six months, the contract will automatically expire.**

**Claims Processing:**

- Claims for dates of service on or after the ownership change must be filed using the NPI/Medicaid ID for the new owner.
- Claims for dates of service prior to the date of the ownership change will continue to be billed under the previous owner's NPI.

**Procedure Following a Closure**

In the event that a hospital is closed, HPES will end date the hospital's contract effective the date of the closure. Any claims paid for dates of service after the closure will be recouped.

**For Additional Information**

**TO: All Providers**

**RE: Provider Application Fees**

Federal regulations now require States to collect an application fee from all reenrolling or newly enrolling institutional providers. States must collect this fee from institutional providers prior to enrollment or reenrollment if these providers have not paid a fee to Medicare or another State or are not enrolled with Medicare, another State's Medicaid program, or CHIP. Physicians and non-physician practitioners are not subject to the fee. The application fee amount is established by CMS and is updated annually. Currently the FY2014 fee amount is \$542.

Institutional providers who are required to submit a fee include, but are not limited to the following: ambulance service suppliers, ambulatory surgical centers, hospitals, community mental health centers, DME suppliers, rural health clinics, outpatient therapy groups, hospices, home health agencies, rehabilitation facilities, extended care facilities, laboratories, federally qualified health centers, end stage renal disease centers, etc. (A complete list can be viewed on the Agency website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov).)

Institutional providers must submit the application fee in the form of a certified or cashier's check at the time of their initial enrollment or reenrollment. The application fee should be mailed to HPES Provider Enrollment Department at P. O. Box 241685, Montgomery, Alabama 36124-1685. Those institutional providers who have paid the application fee to Medicare or another State or are enrolled with Medicare, another State's Medicaid program, or CHIP will be exempt from paying the fee to Alabama Medicaid. Proof of this payment or enrollment must be submitted by the provider at the time of initial enrollment or reenrollment. Providers may also request a hardship exception from CMS as needed. If a hardship exception is granted by CMS, proof of the exception should be submitted to Alabama Medicaid at the time of initial enrollment or reenrollment. Providers can obtain more information on the hardship exception by visiting [www.cms.gov](http://www.cms.gov).

Changes to Medicaid's provider enrollment system and the enrollment web portal are being developed and will be implemented by July 1, 2014. Any initial applications or revalidations from institutional providers already submitted or to be submitted will be subject to the application fee.

If you have any questions, please contact Provider Enrollment at 1-888-223-3630, option 1.

**TO: Durable Medical Equipment (DME) Out-of-State Providers**

**RE: New HME Law Alert for Out of State DME Providers**

**Attention: Durable Medical Equipment (DME) Out-of-State Providers**

On March 11, 2014, Governor Robert Bentley signed HB 226 into law (Act 2014-172), which requires all Home Medical Equipment ("HME") Licensees to have a physical location within Alabama that meets the Alabama Board of Home Medical Equipment's (the "Board") licensure requirements. In compliance with the Act, the Board approved amendments to its Rules and Regulations on July 8, 2014.

**"A provider of home medical equipment services that has a principal place of business outside this state shall maintain at least one physical location within this state, each of which shall be licensed."** Ala. Code § 34-14C-4 (1975). Therefore, an out of state HME provider's License will expire on August 31, 2014, unless the provider complies with the law prior to the expiration date.

**Alabama Medicaid Durable Medical Equipment ("DME") providers must either have a current Alabama HME License or meet one of the licensure exemptions found in Ala. Code § 34-14C-5 (1975). All DME providers that do not have a current HME License or meet a licensure exemption on September 1, 2014 will be terminated as a Alabama Medicaid provider effective August 31, 2014.** More information can be found at the link <http://www.homemed.state.al.us/>.

For questions related to the implementation of these new licensure requirements, please contact Paula McCaleb, Executive Director of the Alabama Board of HME @ (334) 215-3474 or [Paula@leadership-alliance.org](mailto:Paula@leadership-alliance.org) or Vivian Bristow, Medicaid DME Program Manager @ (334) 353-4756 or [vivian.bristow@medicaid.alabama.gov](mailto:vivian.bristow@medicaid.alabama.gov)

**TO: Nursing Home Providers**

**RE: Handling Funds Following the Death of a Medicaid-Eligible Resident**

**NOTE: THIS ALERT REPLACES THE ALERT DATED NOVEMBER 21, 2013**

The purpose of this alert is to clarify the procedures associated with handling funds following the death of a Medicaid-eligible nursing home resident. 42 CFR § 483.10(c)(6), the Medicaid Administrative Code 560-X-10.-14(3)(f) and 560-X-22-.25(5)(e) and the Social Security Administration Guide for Representative Payees require that nursing homes, upon the death of a resident, release any funds being held at the facility in the resident's name to the individual or probate jurisdiction designated to administer the deceased resident's estate. Attached to this alert is a newly developed **Administrator of Estate Designation Form** which will provide a resident the opportunity to designate who should receive the remaining personal funds. Upon the death of the resident, the completed form in the patient's record will allow a nursing home facility to turn over any remaining funds to the designated Administrator of the Estate. The designated administrator may utilize these funds for the payment of burial expenses or for some other use; however, the administrator should be made aware that any remaining funds left to the estate may be subject to Medicaid estate recovery, pursuant to 42 USC § 1396p.

In an effort to ensure that all Alabama nursing home facilities are in compliance with the existing rules and regulations and these new procedures pertaining to the handling of the funds of deceased residents, the following instructions are being provided:

**A. Resident Trust Funds:**

1. If the deceased resident has resident trust funds remaining at the nursing home, those funds may be turned over promptly to the individual handling the estate of the deceased resident. In the absence of a letter of administration issued by the probate court identifying the legal representative, a properly executed Administrator of Estate Designation Form signed by the Medicaid recipient or their Power of Attorney may be used. Medicaid will make the Administrator of Estate Designation Form available to all facilities for use during the nursing home admissions process. No licensee, owner, administrator, employee, or representative of a long term facility shall be named as a beneficiary to such funds, unless that individual/intended beneficiary is the resident's next of kin.
2. If there is no administrator as designated by the probate court or a completed Administrator of Estate Designation Form, the facility must adhere to Medicaid Administrative Code 560-X-22-.25(5)(e).

**\*Effective September 15, 2014, nursing home facilities shall maintain documentation regarding the disbursement of any deceased resident funds. This documentation should include the resident's name, Social Security number, the person or entity to which payment was made, and the amount of funds submitted should be forwarded to the attention of the Estate Recovery Unit of the Third Party Division. To satisfy this requirement, nursing homes may choose to fax the completed Administrator of Estate Designation Form to the Alabama Medicaid Agency at 334/353-4820 at the time the funds are disbursed.**

Re: Handling Funds Following the Death of a Medicaid-Eligible Resident

page 2 of 3

**B. Credit Balances (Other than resident trust funds):**

Upon the death of a resident, the facility must determine if a credit balance exists on the facility's financial records and promptly convey the funds to the proper source:

1. Credit balances owed to Alabama Medicaid occur when a provider's reimbursement for services exceeds the allowable amount or when the provider receives payments from multiple parties for the same service. Facilities should review invoice records for credit balances and should be reconciling any identified overpayment with Medicaid. Pursuant to 42 CFR § 433.139, the Alabama Medicaid Agency is the payer of last resort. Any credit balance on the nursing home account resulting from an excess payment, as a result of patient billing or claims processing error, must be refunded to Alabama Medicaid Agency. Accordingly, the Medicaid Provider Agreement section 1.3.6 states, "Provider must refund to MEDICAID any overpayments, duplicate payments, and erroneous payments which are paid to Provider by Medicaid as soon as the payment error is discovered." When sending the credit balance information, the facility must provide the resident's name and Social Security number along with the funds to the attention of Estate Recovery.
2. Other credit balances:
  - a. When the resident passes away, payments received from Social Security, Veterans Administration, Pension Funds, etc. are considered an overpayment and must be returned to the Social Security, Veterans Administration, Pension Funds, etc. at once. Examples of overpayments and timing of Social Security and SSI payments are available at the following link: [Social Security - Guide for Organizational Representative Payees - Table of Contents](#)
  - b. Any out-of-pocket payments by a family member for non-covered services may be refunded to the individual who made the payment on behalf of the resident. Refunds to the family member for non-covered services would be limited to the month of death and the amount prorated from the date of death.

If you have any questions regarding this matter, please contact Codie Rowland at 334-242-5652 or [codie.rowland@medicaid.alabama.gov](mailto:codie.rowland@medicaid.alabama.gov) or Teresa Dunbar at 334-242-5311.

5. Transthoracic Echo – 93303, 93304, 93306, 93307, 93308

Any of the procedures specified above will require a PA from CareCore. Information will be accepted (i.e., online submissions, or via telephone) beginning September 15, 2014, for services scheduled to be rendered on or after October 1, 2014.

The PA requirements will apply to the following Medicaid recipients:

1. SOBRA Children
2. Parents and Other Caretaker Relatives (POCR) Program, formerly, Medicaid for Low Income Families Program
3. Refugees, or
4. Supplemental Security Income

Please note that no PA is required for the following:

1. Medicare patients
2. Cardiology services performed as an inpatient hospital service, or
3. Cardiology services performed as an emergency room service

This Program is applicable to services provided in the following settings:

1. Freestanding imaging facilities
2. Hospital outpatient facilities
3. Physician offices
4. Public Health Clinics
5. Rural Health Clinics
6. Federally Qualified Health Clinics

Physicians may request a PA by contacting CareCore using one of the following methods:

**TO: Long Term Care, Hospice, PEC, Swing Bed and Inpatient Psychiatric Providers**

**RE: Electronic Upload and Submission of Medical Records**

Changes have been made to allow Long Term Care, Hospice, PEC, Swing Bed and Inpatient Psychiatric Providers to attach and upload medical records via the Medicaid Interactive Web Portal, eliminating the cost of mailing documents in for processing. A secure logon or access to the Medicaid Interactive Web Portal must be established if one does not already exist to access this new attachment option. Documents may be uploaded two different ways:

- Medicaid Interactive Web portal (preferred)  
<https://www.medicaid.alabamaservices.org/ALPortal/Account/Secure%20Site/tabId/66/Default.aspx>
- Fax information in for processing (bar coded cover sheet required)

Documents must be in a Portable Document Format (PDF) for upload through the Medicaid web portal. If you do not currently have the ability to create PDF versions of medical records, you may perform an internet search and find free downloadable utilities that can be installed to create a PDF. For your convenience, HP is including a list of three PDF creation utilities that can be installed to create PDF documents at no charge:

- PrimoPDF - <http://www.primopdf.com/>
- Solid PDF Creator - <http://www.freepdfcreator.org/>
- PDF24 - <http://en.pdf24.org/creator.html>

Once a PDF utility has been successfully downloaded and the PDF document created, providers should follow these steps to upload documentation for review:

1. Log on to Medical Interactive Web portal:  
<https://www.medicaid.alabamaservices.org/ALPortal/Account/Secure%20Site/tabId/66/Default.aspx>
2. Select Trade Files/Forms.

Forms Name field - select a form from the drop down list and click on 'Search'. The following is a list of forms available for selection.

- a. LTC-Hospice Records
- b. LTC-Records
- c. LTC-PEC/Swing Bed Records\*
- d. LTC-Psychiatric/Retrospective Review Records\*

**\*NOTE:** The Swing Bed Records and PEC Records forms are being replaced by the PEC/Swing Bed form. The Psychiatric Records and Psychiatric-Retrospective Review forms are being replaced by the Psychiatric/Retrospective Review Records form.

3. Complete all fields (record ID field will auto populate). Required fields are indicated with an asterisk (\*).
4. Click on 'Browse' and select the required medical records documentation from your network drive or PC and select 'Submit'.

# A L E R T

August 26, 2014

Electronic Upload and Submission of Medical Records

Page 2 of 2

5. A message will be generated that states 'your form was submitted successfully' at the top of the page.
6. A barcode coversheet is generated and will be displayed.
7. Select the 'Print Friendly View' button to print the barcode coversheet or to save as a PDF. A copy of this barcode coversheet should be saved in the event additional documentation is required.

If a PDF document of the medical records cannot be created, information may also be faxed in for review. A fax cover sheet will be *required* with each submission; providers should follow the instructions below to fax documentation:

1. Follow steps 1-7 documented above.
2. Fax the required medical records documentation with the barcode coversheet on top of the documentation to 334-215-7416. Include the bar coded cover sheet with each submission for the same recipient.
3. Do not fax double sided pages.
4. Do not fax multiple sets of records at the same time, each fax should be sent separately.

**The bar code cover sheet is required for each fax submission for the same recipient. A fax submission cannot be processed without the bar coded cover sheet. DO NOT place anything on the bar code on the cover sheet or alter it in any manner.**

Providers with questions concerning the upload of medical records should contact one of their Provider Representatives. A link to the Provider Representative's contact information may be found at the following link: [http://www.medicaid.alabama.gov/CONTENT/8.0 Contact/8.2.6.1 Provider Reprs G1.aspx](http://www.medicaid.alabama.gov/CONTENT/8.0%20Contact/8.2.6.1%20Provider%20Reps%20G1.aspx)

**TO: All Physicians and enrolled Patient 1<sup>st</sup> Providers**

**RE: Patient 1st Referral Change**

The Alabama Medicaid Agency made changes to the Patient 1<sup>st</sup> Referral process on June 1, 2014, that no longer allowed a specialist or Primary Medical Physician to bill/refer using a Group NPI number. The effective date of this change has been extended to allow more time to implement this change.

In the interim, the **Group's NPI** number on the referral /claim/prior authorization as the **Referring Provider** will be accepted. However, Medicaid requests that specialists and PMP's continue to write referrals and bill Medicaid utilizing the individual NPI number whenever possible.

The reasons Medicaid is requesting providers continue to bill/refer utilizing the individual NPI include:

- Reinforce Medical Home Concept
- Ensure referrals are managed by the PMP
- Ensure PMP is responsible for recipient's total care
- Properly track caseload assignment for PMP's
- Obtain accurate profiler reports for case management

Medicaid will notify providers through an ALERT, prior to implementing a new effective date, when the change will resume. Please contact Latonda Cunningham, Associate Director of the Patient 1<sup>st</sup> Program via e-mail at [latonda.cunningham@medicaid.alabama.gov](mailto:latonda.cunningham@medicaid.alabama.gov) or via phone at (334) 353-4122 for any questions.

**Re: PDL Quarterly Updates**

**Effective October 1, 2014**, the Alabama Medicaid Agency will:

**Update the Preferred Drug List (PDL) to reflect the quarterly updates.** The updates are listed below:

<b>PDL Additions</b>	
<b>Bethkis</b>	Anti-infective Agents/Aminoglycosides
<b>Cipro HC</b>	EENT Preparations/Antibacterials
<b>Symbicort</b>	Respiratory/Orally Inhaled Corticosteroids
<b>PDL Deletions</b>	
<b>Bleph-10</b>	EENT Preparations/Antibacterials
<b>Ciprodex</b>	EENT Preparations/Antibacterials
<b>Patanase</b>	EENT Preparations/Antiallergic Agents
<b>Vigamox</b>	EENT Preparations/Antibacterials

For additional PDL and coverage information, visit our drug look-up site at <https://www.medicaid.alabamaservices.org/ALPortal/NDC%20Look%20Up/tabId/39/Default.aspx>.

The PA request form and criteria booklet, as well as a link for a PA request form that can be completed and submitted electronically online, can be found on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) and should be utilized by the prescribing physician or the dispensing pharmacy when requesting a PA. Providers requesting PAs by mail or fax should send requests to:

**Health Information Designs (HID)**  
**Medicaid Pharmacy Administrative Services**  
**P. O. Box 3210 Auburn, AL 36832-3210**  
**Fax: 1-800-748-0116**  
**Phone: 1-800-748-0130**

Incomplete PA requests or those failing to meet Medicaid criteria will be denied. If the prescribing physician believes medical justification should be considered, the physician must document this on the form or submit a written letter of medical justification along with the prior authorization form to HID. Additional information may be requested. Staff physicians will review this information.

Policy questions concerning this provider notice should be directed to the Pharmacy Program at (334) 242-5050. Questions regarding prior authorization procedures should be directed to the HID help desk at 1-800-748-0130.

**TO: Hospice Providers**

**RE: Changes to Reimbursement for Levels of Care - *Claims Processing for the Hospice Program***

Effective October 1, 2014, the following billing changes will be implemented for Hospice levels of care:

1. Hospice Providers will be required to span bill claims (up to one month) – billing only one detail line per claim.
2. Hospice Providers should bill one procedure code for one unit/per day of service for all hospice procedure codes except *T2045 General Inpatient Care/per day*, which can be billed with *T2042 Routine Home Care/per day*. T2042 should be billed on a separate claim with overlapping dates of service.

**NOTE:** This does not include *T2042-SC Continuous Care*. The Continuous Care billed amount must be calculated based upon the number of hours of care provided. The units will continue to be based upon the number of days.

The Agency will conduct a retrospective review of Hospice claims going back one year. If a Hospice Provider has “double-billed” and received reimbursement from the Agency within the review period, the Agency will recoup monies that were reimbursed for the erroneous billing.

**TO: Dental Providers**

**RE: Reimbursement Changes for Dental Claims with TPL**

Effective October 01, 2014, Alabama Medicaid will be changing its reimbursement for dental claims that have TPL. HP will begin capturing Third Party Liability patient responsibility amounts at both header and detail levels for Dental claims.

In order for claims with TPL to be considered for payment, the patient responsibility must be greater than zero. Patient responsibility is calculated by adding together any co-payments, co-insurance and deductible. Claims that do not contain a patient responsibility will deny with error status code 631 (TPL Patient Responsibility is Zero for Payer).

When calculating payment methodology for claims with TPL primary, Medicaid will pay the lesser of patient responsibility or Medicaid allowed amount minus TPL paid amount for dental claims.

If you have any questions, please contact the Provider Assistance Center at 1-800-688-7989.

**RE: Reimbursement Changes for Outpatient Claims with TPL**

**NOTE: THIS ALERT UPDATES THE ALERT DATED OCTOBER 31, 2014**

Effective February 25, 2015, Alabama Medicaid will be changing its reimbursement for outpatient claims that have TPL. Outpatient claims will capture Third Party Liability patient responsibility amounts at the header level or detail level. Providers should submit to Medicaid the “other payer” amount fields as processed by the other insurance payer – at the header or detail level.

In order for claims with TPL to be considered for payment, the patient responsibility must be greater than zero. Patient responsibility is calculated by adding together any co-payments, co-insurance and deductible. Claims that do not contain a patient responsibility will deny with error status code 631 (TPL Patient Responsibility is Zero for Payer).

When calculating payment methodology for claims with TPL primary, Medicaid will pay the lesser of patient responsibility or Medicaid allowed amount minus TPL paid amount for outpatient claims.

**TO: Primary Medical Providers (electronic notification only)**

**RE: Case Management Payments for PMPs and April 10, 2015 Deadline**

The Alabama Medicaid Agency appreciates the many providers who submitted updated Patient 1<sup>st</sup> Enrollment Agreements in March.

This ALERT is to update all Patient 1<sup>st</sup> PMPs regarding payment of case management fees for April 2015 and an important deadline impacting Patient 1<sup>st</sup> recipient assignments.

1. All error free Patient 1st Enrollment Agreements received before the March 1, 2015, deadline have been processed. These PMPs will receive their case management fees in April.
2. Payment of case management fees for April will be delayed until May for all Patient 1st PMPs whose Enrollment Agreements were received after the March 1, 2015, deadline, and were not processed by March 24, 2015.

Medicaid and HP have been working together to get the enrollments entered into the system as they have come in. Therefore, if your error-free agreement was processed by March 24, 2015, your case management fee will be paid in April. If your agreement was not processed on or before March 24, 2015, your April case management fee will be paid in May.

3. **In order to receive your capitation payment retroactive for April, HP MUST have your complete, error-free Enrollment Agreement on or before close of business April 10, 2015.**
4. **If your complete, error free Enrollment Agreement is not received by April 10, 2015, the patients in your panel will be reassigned.**

If you need further assistance, you may contact HP Provider Enrollment at (888) 223-3630.

**RE: Clarification: Physicians' Signature Designee**

This ALERT is to clarify information published in the January 2015 "Provider Insider" regarding the use of a physician designee when signing medical documentation.

1. **Referral forms must be signed by a licensed practitioner (i.e., physician, physician assistant, or nurse practitioner) if the form contains orders.**
  - a. The licensed practitioner writing the order may be a covering physician/Non-Physician Practitioner within the same group of the same specialty using the same medical record.
  - b. The referral must be written to show the Primary Medical Provider on the left and the EPSDT screening provider on the right of the Alabama Medicaid Referral Form 362.
  - c. Signatures must be handwritten or electronic in accordance with Administrative Code Rule No. 560-X-1-.18, Provider/Recipient Signature Requirements.
  - d. **The medical record must contain the licensed practitioner's order for the referral** (e.g., doctor's order, progress notes, physician's impression/treatment plan, etc.) to verify the licensed practitioner's documentation.
2. **A physician's designee may sign a referral form only when no orders are written on the form.** Referral forms signed by a designee must contain the designee's complete and original signature (initials are not acceptable).
3. If the referral is not documented and signed in the medical record by the practitioner, the record may be cited by auditors and the Medicaid funds subject to recoupment.
4. This designee clarification is retroactive to January 1, 2015, and supersedes the information published in the January 2015 "Provider Insider."

**TO: All Providers**

**RE: Patient 1<sup>st</sup> Referral Form (Form 362) and Mid-Level Extenders**

Alabama Medicaid has made some changes to the Patient 1<sup>st</sup> Referral form process to help resolve any completion problems that may have occurred. This change will allow the Primary Medical Physician (PMP) to bill/refer using his/her individual NPI number that will ensure payment accuracy and more precise tracking of the patient's care management. Also included is revised policy that will allow additional Mid-Level extenders to extend the PMP caseloads.

**Important Patient 1<sup>st</sup> Referral Information:**

- Group NPI numbers will no longer be accepted on referrals.
- All **Cascading** referrals should identify the individual referring Primary Medical Physician's (PMP) name and NPI number beginning April 1, 2015.
- All Certified Registered Nurse Practitioners (CRNP) and Physician Assistants (PA) must use the individual PMP's (the collaborating physician) NPI number as the **Referring provider** on **all** claims. When a referral is made to other providers outside of a group, the name and NPI number of the PMP and CRNP/PA, if applicable must be on the referral form. (See example below)

PRIMARY PHYSICIAN (PMP) INFORMATION	
Name	Dr. John Doe (Name of assigned PMP here)
Address	
Telephone # with Area Code	_____
Fax # with Area Code	_____
Email	_____
NPI #	123456789 (NPI # of assigned PMP here)
Medicaid Provider #	_____
Signature	Signature and NPI # of CRNP/PA

All referrals should list the name of the assigned PMP.

Assigned PMP's NPI only.

CRNP/PA signature and NPI only.

RE: Patient 1<sup>st</sup> Referral Form (Form 362) and Mid-Level Extenders

Page 2 of 2

- For hard copy referrals, the printed, typed, or stamped name of the PMP with an original signature of the physician or designee next to the printed, typed, or stamped name is required.
- The Referring provider who is filling in for the PMP must be enrolled as a Patient 1st provider and makes sure that his/her Individual NPI is on the referral form. The PMP's number should not be on the referral since the PMP did not make the referral.
- In order for any specialist's claim to process, the NPI of the PMP must be on the claim.
- A referral from a **Group** written prior to April 1, 2015, is valid for one year **or** until the referral expires; whichever comes first. A new referral is **not** necessary.
- A referral from an individual PMP that has been end-dated on Medicaid's file will be valid for one year after the end-date **OR** until the referral expires; whichever comes first.

## Mid-Level Extenders

- Effective **March 1, 2015**, Medicaid aligned with the requirements of the Alabama Board of Medical Examiner's Administrative Code to allow three (3) certified registered nurse practitioners (CRNP) / physician assistants (PA) to extend the PMP's caseload up to 400 additional patients, per extender. A total of 2,400 patients will make the maximum panel size. The provider caseloads are determined by the total number of Full Time Equivalent (FTE) hours the physicians and the physician extenders work.

**RE: Care Coordination Services and Access to Patients in Hospitals and Provider Offices**

Effective immediately, all Medicaid-enrolled providers, hospitals and other facilities must allow individuals providing care coordination services who are employees of or contracted with any Probationary RCO or Health Home access to their patients receiving care in the providers' and hospitals' facilities. Restricting, impeding or interfering with Medicaid recipient access to medically necessary or care coordination services is strictly prohibited and may result in sanctions against the entities involved.

**Specifically:**

- Providers must not restrict, impede, or interfere with the delivery of services or care coordination benefits for any Medicaid recipient whether or not the Provider is providing such care.
- Hospitals and other facilities must not restrict, impede or interfere with the delivery of services or care coordination benefits for any Medicaid recipient, including services or benefits that may be provided by a Provider or individual providing care coordination services that is out of network, unaffiliated, or external to the facility or hospital the Medicaid recipient is currently admitted to or seeking care from.
- Hospitals must also not restrict or otherwise hinder such Medicaid recipients' access to Care Coordinators or the delivery of care coordination services by an unaffiliated Probationary RCO or Health Home through the use of written and/or oral communications to recipients in the hospital about the availability of, access to or quality of care coordination services offered by an affiliated Probationary RCO or Health Home.

**TO: All Family Planning Providers (Physicians, FQHC, IRHC, PBRHC), Hospitals, Obstetricians-Gynecologists, and Plan First Providers**

**RE: Coverage of Vasectomies under the Plan First Program and the Sterilization Consent Form Requirement**

Vasectomies have been a Medicaid covered service for men age 21 or older who have **full Medicaid benefits** for several years. Effective August 1, 2015, and thereafter, the Alabama Medicaid Agency (Medicaid) will begin coverage of vasectomies for men age 21 or older who are eligible for the Plan First program.

All men receiving a vasectomy under the Plan First Program are required to have a completed **Alabama Medicaid Agency Sterilization Consent Form (Form 193) prior to the surgery**. The Sterilization Consent Form must be completed in accordance with the guidelines outlined in the Alabama Medicaid Agency Provider Manual, Appendix C located on Medicaid's website at [http://www.medicaid.alabama.gov/CONTENT/6.0\\_Providers/6.7\\_Manuals.aspx](http://www.medicaid.alabama.gov/CONTENT/6.0_Providers/6.7_Manuals.aspx).

A copy of the Sterilization Consent Form can be found in Medicaid's Form Library by accessing the following link: [http://medicaid.alabama.gov/documents/5.0\\_Resources/5.4\\_Forms\\_Library/5.4.1\\_Billing/5.4.1\\_Consent\\_Sterilization\\_Form193\\_2-10-10.pdf](http://medicaid.alabama.gov/documents/5.0_Resources/5.4_Forms_Library/5.4.1_Billing/5.4.1_Consent_Sterilization_Form193_2-10-10.pdf).

The date of signed informed consent and the date of the sterilization procedure must be at least 30 days apart, but not more than 180 days apart.

**Providers that perform only vasectomies, including surgeons and anesthesiologists, do not have to enroll as Plan First providers.** It is the responsibility of the **performing surgeon** to submit a legible completed copy of the Sterilization Consent Form **after** the surgery to Medicaid's Fiscal Agent, Hewlett-Packard Enterprise Services (HPES). The completed Sterilization Consent Form should be mailed to HPES at the following address:

**RE: Synagis® Criteria for 2015 – 2016 Season**

- The Alabama Medicaid Agency has updated its prior authorization (PA) criteria for the Synagis® 2015 - 2016 season. Complete criteria can be found on the website at the following link: [http://medicaid.alabama.gov/CONTENT/4.0\\_Programs/4.5.0\\_Pharmacy/4.5.14\\_Synagis.aspx](http://medicaid.alabama.gov/CONTENT/4.0_Programs/4.5.0_Pharmacy/4.5.14_Synagis.aspx)
- The approval time frame for Synagis® will begin October 1, 2015, and will be effective through March 31, 2016. Up to five doses will be allowed per recipient in this timeframe. There are no circumstances that will result in the approval of a 6<sup>th</sup> dose.
- If a dose was administered in an inpatient setting, the date the dose was administered must be included on the PA request form. Subsequent doses will be denied if the recipient experiences a breakthrough RSV hospitalization during the RSV season.
- **Prescribers**, not the pharmacy, manufacturer or any other third party entity, are to submit requests for Synagis® on a specific prior authorization form (Form 351) **directly** to Health Information Designs (HID) and completed forms may be accepted beginning September 1, 2015 (for an October 1 effective date). The new fax number for Synagis® requests is: **1-866-553-4459**.
- All signatures must meet the requirements of Alabama Medicaid Administrative Code Rule 560-X-1-.18(2)(c). Please note stamped or copied prescriber signatures will not be accepted and will be returned to the provider.
- A copy of the hospital discharge summary from birth or documentation of the first office visit with pertinent information (gestational age, diagnosis, etc.) is required on all Synagis® PA requests.
- If approved, each subsequent monthly dose will require submission of the recipient's current weight and last injection date and may be faxed to HID by the prescriber or dispensing pharmacy utilizing the original PA approval letter.
- Prescribers must prescribe Synagis® through a specialty pharmacy. Allowances will be made during the beginning of the 2015-2016 season for physicians' offices to directly bill CPT code 90378 and utilize existing stock; however, any new product should be processed through a pharmacy in lieu of the prescriber ordering/billing directly. CPT code 90378 will be discontinued by the end of the 2015-2016 season.
- Medicaid is the payor of last resort. Claims must be billed to the primary payor if other third party coverage exists. Use of NCPDP Other Coverage Codes will be reviewed and inappropriately billed claims will be recouped.

**TO: All Providers**

**RE: ICD 10 Implementation on October 1, 2015**

On October 1, 2015, Alabama Medicaid will comply with federal law and replace ICD-9 code sets used to report diagnosis and inpatient procedures with ICD-10 code sets. All providers, with the exception of dental and pharmacy providers, are affected by this change.

Claims with dates of service prior to October 1, 2015, must continue to use ICD-9 codes.

Under ICD-10, diagnosis codes will be more detailed. Valid ICD-10 diagnosis codes will contain 3 to 7 characters and must be taken out to the full number of characters required for the code. The claim will deny if this level of information is not provided.

Surgical procedure codes will be substantially different with ICD-10. Surgical procedure codes under ICD-10 use 7 alphanumeric digits instead of the 3 or 4 numeric digits under ICD-9.

In response to requests from the provider community, CMS released additional guidance in July that allows flexibility in Medicare claims auditing and quality reporting process as the medical community gains experience using the new ICD-10 code set. While the guidance speaks specifically to Medicare, it is the intent of Alabama Medicaid Agency to follow a similar policy. To that end, program integrity auditors and contractors will not disallow physician or other practitioner claims as long as the provider used a valid ICD-10 code from the right family of codes.

A “family of codes” is the same as the ICD-10 three-character category. Codes within a category are clinically related and provide differences in capturing specific information on the type of condition. However, the code may require more than three characters to be valid.

Other guidance for providers related to the implementation of ICD-10 is available on the Agency’s website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) > Providers > ICD-10.

**TO: Physicians, Rural Health Clinics, and FQHCs**

**RE: Claims for Drug Testing Performed in Providers' Offices**

Effective for claims with dates-of-service of January 1, 2015, and after, Alabama Medicaid will cover CMS HCPCS G-codes (G0434 and G6058). A QW modifier must be used for crossover claims. The coverage will permit payment of claims submitted by providers with a valid CLIA certificate.

- HCPCS code G0434 will cover one drug screen, regardless of the number of drugs or classes, procedure(s)/methodology (ies), any source(s), per appropriately billed date of service. (Only one claim per date of service will be paid regardless of the number of drug screens performed.)
- HCPCS code G6058 will cover drug one test (confirmatory and/or definitive, qualitative and quantitative), regardless of the number of drugs or drug classes, procedure(s)/methodology (ies), source(s), including sample validation. (Only one appropriately billed claim per date of service will be paid regardless of the number of confirmatory and/or definitive, qualitative and quantitative drug tests performed.)

These codes will remain in effect until CMS creates new G-codes, modifies and publishes its new drug test policy, or until notified otherwise. Providers may resubmit drug test screening claims which were denied in 2015 **for CLIA indicator reasons**. If any other reason exists for the denial either in part or as the entire reason, the claim may **not** be resubmitted. Resubmitted claims should use the appropriate G-code above (use the "QW" modifier with crossover claims only). If there are any questions concerning this matter, providers may contact Russell Green at (334) 242-5554, or (334) 353-5017, by email at [Russell.Green@medicaid.alabama.gov](mailto:Russell.Green@medicaid.alabama.gov).

**RE: Increase of Mid-Level Physician Extenders**

On August 6, 2015, the Alabama Medicaid Agency increased physician extenders from three to four full-time equivalents (FTEs) to align with the jointly-approved collaboration rule updates issued by the Alabama Board of Nursing and the Alabama Board of Medical Examiners. The jointly-approved rules are available in the Alabama Board of Nursing Administrative Code Chapter 610-X-5 and the Alabama Board of Medical Examiners Administrative Code Chapter 540-X-8.

As a result of this change, full-time Patient 1st Primary Medical Providers (PMP) may now be allowed a maximum panel size of 2,800 patients. The PMP caseloads are determined by the total number of Full Time Equivalent (FTE) hours the physicians and the physician extenders work. These changes will be reflected in the October 2015 Provider Manual update.

For more information about these changes, contact Latonda Cunningham via email at: [latonda.cunningham@medicaid.alabama.gov](mailto:latonda.cunningham@medicaid.alabama.gov)

**TO: All Physician Providers**

**RE: Primary Care Enhanced Physician Rates (“Bump”)**

Medicaid-enrolled primary care physicians who qualify for Primary Care Enhanced Physician Rates may continue to receive enhanced payments. To qualify, eligible<sup>1</sup> providers must accurately self-attest by filing required forms following the procedures below.

The current approval for the enhanced rates includes dates of service October 1, 2015, through September 30, 2016.

### **Which providers may qualify for the Primary Care Enhanced Physician Rates?**

A provider must meet one of the following requirements listed below:

1. A provider must have a specialty or subspecialty designation in family medicine, general internal medicine, or pediatrics that is recognized by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS), or the American Osteopathic Association (AOA), and they actually practice in their specialty.
2. A **NON**-board certified provider who practices in the field of family medicine, general internal medicine, or pediatrics or a subspecialty under one of these specialties, is eligible<sup>1</sup> if he/she can attest that 60 percent of their paid Medicaid procedures billed are for certain specified<sup>1</sup> procedure codes for evaluation and management (E&M) services and certain Vaccines for Children (VFC) vaccine administration codes.

Note\* Practitioners (physician assistants or certified registered nurse practitioners) providing services under the personal supervision of eligible<sup>1</sup> physicians may qualify.

### **Which providers do NOT qualify for the Primary Care Enhanced Physician Rates?**

Below are examples of providers who do not meet criteria:

1. Federally Qualified Health Center (FQHC)
2. Rural Health Clinic (RHC)
3. Health Department (ADPH)
4. Teaching Facility
5. OB/GYNs
6. Nursing Facility

### **Where can a provider go to view the Primary Care Enhanced Physician Rates?**

A provider can visit

[http://www.medicaid.alabama.gov/documents/6.0\\_Providers/6.6\\_Fee\\_Schedules/6.6\\_Physician\\_ACA%20Primary\\_Care\\_Fee\\_Schedule\\_Revised\\_3-1-14.pdf](http://www.medicaid.alabama.gov/documents/6.0_Providers/6.6_Fee_Schedules/6.6_Physician_ACA%20Primary_Care_Fee_Schedule_Revised_3-1-14.pdf) for the procedure codes and fees.

## What steps are necessary for a provider to be eligible<sup>1</sup> Primary Care Enhanced Physician Rates?

1. Visit [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov)
2. Select Provider Enrollment from the drop-down menu under “Providers”
3. Complete a self-attestation form
4. Attach proof of board certification, if applicable
5. Mail original self-attestation form to the address specified

## When will the provider receive the Primary Care Enhanced Physician Rates?

1. An eligible<sup>1</sup> provider with self-attestation form on file at HPES by **October 31, 2015**, will receive payment at the enhanced rates retroactive to **October 1, 2015**.
2. An eligible<sup>1</sup> provider with self-attestation form on file at HPES on or after November 1, 2015, will receive payment at the enhanced rates for dates of service beginning with the date of the self-attestation is entered into the system by HPES.

The Agency will review and verify that requirements for the enhanced rates are being met. Enhanced rates paid to providers that do not meet the specifications<sup>1</sup> may be subject to recoupment.

**RE: CHANGES IN THE MATERNITY CARE PROGRAM DISTRICT TEN (Autauga, Bullock, Butler, Crenshaw, Elmore, Lowndes, Montgomery and Pike Counties).**

As of 12:00 midnight on December 31, 2015, Gift of Life Foundation, Inc. (District Ten) will no longer provide maternity care services to pregnant women covered by Medicaid in **Autauga, Bullock, Butler, Crenshaw, Elmore, Lowndes, Montgomery and Pike Counties**.

The reimbursement for the provision of maternity care services in those counties will be paid fee-for-service effective 12:01 a.m., January 1, 2016, and thereafter. Providers should contact Martha Jinright, Director of Gift of Life Foundation, Inc. at 1-877-826-2229 or (334) 272-1820 regarding claims with dates of service before or at 12:00 midnight December 31, 2015.

Recipients who need assistance in locating a provider on or after January 1, 2016, may contact the following Help Lines:

Healthy Beginnings Help Line	1-800-654-1385
INFO CONNECTION Help Line	1-800-545-1098

or

The Alabama Department of Public Health Region V Perinatal Coordinator at (334) 286-5441 or via email at [shirley.daniel@adph.state.al.us](mailto:shirley.daniel@adph.state.al.us). Recipients may also call Medicaid toll-free at 1-800-362-1504.

If you have additional questions concerning these changes, contact Sylisa Lee-Jackson, Associate Director of Maternity, Plan First/Family Planning and Nurse Midwife Programs, Alabama Medicaid Agency at 334-353-4599 or via e-mail at [sylisa.lee-jackson@medicaid.alabama.gov](mailto:sylisa.lee-jackson@medicaid.alabama.gov). **RE: PDL Quarterly Update**

**Effective January 1, 2016**, the Alabama Medicaid Agency will:

- 1. Include additional drugs in the mandatory three-month maintenance supply program. Drugs include additional preferred antidepressants, preferred alpha blockers and generic isosorbide tablets and nitroglycerin patches.** Prescriptions for three-month maintenance supply medications will not count toward the monthly prescription limit. A maintenance supply prescription will be required after 60 days' stable therapy. Please see the website for a complete listing of maintenance supply medications.
- 2. Update the Preferred Drug List (PDL) to reflect the quarterly updates.** The updates are listed below:

PDL Additions	
<b>Anoro Ellipta</b>	Respiratory Beta-Adrenergic Agonists
<b>Bepreve</b>	EENT-Antiallergic Agents
<b>Provida DHA</b>	Prenatal Vitamins
<b>QNASL</b>	Intranasal Corticosteroids
<b>QNASL Children</b>	Intranasal Corticosteroids
PDL Deletions	
<b>Beconase AQ</b>	Intranasal Corticosteroids
<b>Blephamide</b>	EENT-Antibacterials
<b>Daraprim</b>	Antimalarials
<b>Humalog</b>	Insulins
<b>Humalog Mix 50-50</b>	Insulins
<b>Humalog Mix 75-25</b>	Insulins
<b>Levemir</b>	Insulins
<b>Tobrex</b>	EENT-Antibacterials

**Synagis® Update:**

Effective 1/1/2016, Synagis® must be prescribed through a pharmacy. Allowances were made during the beginning of the 2015-2016 season for prescribers' offices to directly bill CPT code 90378 and utilize existing stock; however, CPT code 90378 will be discontinued effective 1/1/2016.

RE: PDL Quarterly Updates

Page 2 of 2

The PA request form and criteria booklet, as well as a link for a PA request form that can be completed and submitted electronically online, can be found on the Agency's website at [www.medicaid.alabama.gov](http://www.medicaid.alabama.gov) and should be utilized by the prescriber or the dispensing pharmacy when requesting a PA. Providers requesting PAs by mail or fax should send requests to:

**Health Information Designs (HID)  
Medicaid Pharmacy Administrative Services  
P. O. Box 3210 Auburn, AL 36832-3210  
Fax: 1-800-748-0116  
Phone: 1-800-748-0130**

Incomplete PA requests or those failing to meet Medicaid criteria will be denied. If the prescriber believes medical justification should be considered, the prescriber must document this on the form or submit a written letter of medical justification along with the PA form to HID. Additional information may be requested. Staff physicians will review this information.

Policy questions concerning this provider notice should be directed to the Pharmacy Program at (334) 242-5050. Questions regarding PA procedures should be directed to the HID help desk at 1-800-748-0130.

### **January 28, 2005: EDS Medicaid System Downtime**

EDS will be performing maintenance on its translator software from approximately 2 pm - 5 pm CT on Sunday January 30, 2005. The translator software is one of the first stages in the claims submission (837), eligibility verification (270) via X.25 line, batch web eligibility verification (270), batch web claim status (276) and web prior authorization (278) processes on the EDS system. What this means is that none of these transactions will be processed during the maintenance window. Please be advised that if any of these transactions are submitted via the web for batch processing during this timeframe they will not be processed until the translator maintenance is completed. Interactive eligibility (270) and interactive claim status (276) submitted via X.25 mode will be down during this time.

This will not impact eligibility verification via AVRS, web interactive eligibility (270), web claim status (276) or interactive pharmacy claim submission. If you have questions please call the ECS helpdesk at 1-800-456-1242.

**WHEN: FRIDAY, NOVEMBER 11, 2011 BEGINNING AT 9:00 P.M. CENTRAL TIME  
TO  
MONDAY, NOVEMBER 14, 2011 AT 6:00 A.M. CENTRAL TIME**

Alabama Medicaid will install updates to support 5010 and NCPDP D.0 transactions over the Veterans Day weekend as part of overall system upgrades.

Due to this upgrade, the system will not be available between 9:00 p.m., Friday, November 11, 2011 and at least 6:00 a.m., Monday, November 14, 2011. During this time, there will be no claims and eligibility processing or system access by any method. Submissions will not be available via batch, interactive, PES or web portal, and AVRS will be down.

The electronic media claims (EMC) helpdesk telephone line will provide updates throughout the weekend at 1-800-456-1242. The message will be updated as soon as the system is available.

Once complete, the following will be available:

- Transactions can be submitted as x12 4010 or x12 5010 / NCPDP 5.1, or NCPDP D.0.
- PES will support one version depending on your PES release. PES 2.16 will support 4010 until PES 3.0 is released. PES 3.0 will support 5010 transactions. You will be notified when PES 3.0 is released.
- Web portal direct data entry will reflect changes for x12 5010 and NCPDP D.0.
- AVRS will be operational.
- Remittance advice (835) will be available in both x12 4010 and x12 5010.
- Other responses will be returned in the same version as received.

Medicaid will continue to accept both x12 4010 and x12 5010 and both NCPDP 5.1 and NCPDP D.0 through December 2011.

Beginning January 1, 2012, only x12 5010 and NCPDP D.0 will be processed.

For updated information, please continue to visit the Medicaid website:
