In order to bill for the administration fee for vaccines for children, providers must be enrolled as a VFC provider.

Refer to Chapter 13, section 13.2 for instructions on administering and billing dental varnishing procedures.

## O.1 Assistant at Surgery CPT Codes

Medicaid requires the use of modifier AS to report non physician assistant-at-surgery services. When a CRNP/PA assists a surgeon, Medicaid requires that the claim be submitted under the CRNP/PA's name with his or her provider number and with modifier AS appended to the reported surgical code(s). In general, Medicaid recognizes modifier AS according to Medicare standards.

The surgical codes are not an all-inclusive list. For more specific information on coverage, you may call the Provider Assistance Center at 1-800-688-7989.
